VOL. 26. NO. 47.

Items of Interest Gleaned from Our Exchanges

Newcastle Times: Miss Teresa Gray and two brothers and Misses Mary and Margaret Tobin autoed to Crystal Lake Sunday.

Ponca Journal: The Camp Fire Girls left Monday for Crystal Lake for a week's outing, with Mrs. Wilbur Sears acting as Guardian.

Pender Republic: Atty. R. E. Evans of Dakota City, was here the first of the week as attorney for C. C. Frum in the sedition trial.

Martinsburg Items in Ponca Journal: Mr. and Mrs. R. G. Stark, Mr. and A. G. Bray and Dr. R. E. Bray motored to Crystal Lake Sunday.

Sioux City Journal, 13th: A marriage license was issued in Des Moines, Ia., Thursday to Frederick A. Wood, of Dakota City, Neb., and Miss Fanny Fern Edwards, of Sioux City.

Walthill Citizen: Mrs. W. H. Mason and daughter Lena, went to South Sioux City last Friday night. Ralph Mason was in Sioux City Tuesday to have his hand dressed, which has been poisoned by getting glass into it.

Tekamah Herald: Mr. and Mrs. C. Jeep motored to Sioux City on Wednesday where they were joined by his brother Louis, for a trip into Antelope county, where Mr. Jeep has land interests, which he will superintend for a few days.

Walthill Times: D. M. Weigle of South Sioux, is, this week, visiting his mother, Mrs. Henry Weigle, who is ill at the home of her daughter, Mrs. S. Haines. John Cox, the 18-year old son of W. K. Cox, formerly a resident of Merry precinct, but now near Homer, is serving in the army, having enlisted last September.

Fremont Herald: It is definitely stated that Judge R. E. Evans of Dakota City, is to combat with Dan V. Stephens for congress from this district, as the candidate of the republican party, and that his name will soon be filed. Judge Evans is very highly spoken of and is declared to be a whirlwind of a campaigner.

Sioux City Tribune, 15th: Guy Manning, of South Sioux City, Neb., was badly bruised Saturday night when he was struck by an automobile traveling at a high rate of speed. The accident occurred several miles south of the city. Mr. Manning had stopped his car and was fixing a tire when he was struck by the car, which was passing him on the road.

Lincoln, Neb., special in Sioux City Tribune, 13th: Judge R. E. Evans, of Dakota City, has been nominated for congress in the Third district by a petition signed by over 500 republican voters of that section, and filed with the secretary of state today. Chairman Beach, of the state committee, filed the petition, and Judge Evans will have five days in which to accept. It is

understood he will take the nomination if no opposition develops. Judge Evans, although republican, was named by Governor Neville as special prosecutor in his county.

Bloomfield Monitor: Queenie Crahan returned yesterday from Crystal Lake, where she has been on an outing for a week past. Herb Kinney came up Tuesday from Jackson for a short visit with relatives and friends before starting for the front. Herb has been running a garage down here for service soon. He returned Wednesday.

Walthill Republican: H. F. Kohlmeier was a Sioux City passenger Monday morning. Arthur Kohlmeier, son of Mr. and Mrs. H. F. Kohlmeier, returned from St. Paul Thursday. He recently graduated from the Concordia Seminary at that place, having just finished a six-year course. He will begin a three-year course in a theological school at St. Louis next year; the entire course occupying nine years.

Wynot Tribune: Mrs. B. Beatty and children of South Sioux City, visited over Sunday with her husband in this place. Owing to war conditions the school board found it necessary to employ a lady superintendent of the school. Miss Morgan is thoroughly fitted for the position, having been a high school teacher for a number of years and also principal at Larchwood, Iowa, several years before coming here. Her work in the schools here the past year has been eminently satisfactory and the board is confident that she will be successful as superintendent.

Sioux City Tribune, 10th: Fred Ertman, 12-year-old son of Michael Ertman, deputy United States revenue collector, South Sioux City, Neb., narrowly escaped death by drowning yesterday while swimming in the Missouri river, when he was rescued by three women. Young Ertman, with a friend, had gone in swimming near the Combination bridge on the Nebraska side. The current carried him far out into the river before he fully realized what was happening. Managing to clutch a snag, he called for help. His cries attracted Mr. Fred Gordon, who, with two neighbor women, procured a rope and dragged him to the shore. Aside from being severely chilled and frightened, the boy was unharmed, though his rescuers said he could not have held out long.

Emerson Enterprise: Senator F. F. Haase attended the funeral of H. P. Shumway at Lyons last week. Mrs. J. W. O'Connor of Clinton, Ia., visited the week end at the home of her father, James Heeney. The Misses Floy Poole, Helen Connors and Emma Kerwin are enjoying a few days' outing at Crystal Lake. Dr. Allen, J. M. Liewer and Senator F. F. Haase attended a meeting of the Dixon county food administration at Allen yesterday. Senator F. F. Haase has decided to not become a candidate for re-election, a decision that will cause regret among his many friends. The senator's business interests are so exacting that he does not feel able to make the sacrifice of time necessary for a campaign, and in the matter of help the situation may be more acute when the legislature meets next winter, so he announces his retirement in time for some other good man to get into the race.

Pender Times: Miss Estella Baker went to Crystal Lake for a short outing Wednesday. Commissioner Frum was dismissed Tuesday, on the complaint filed against him by the Attorney-General for seditious utterances, on the ground that there was a failure to prove any intent to discredit the government or to interfere with the war. There was not much dispute about the statements being made as charged in the complaint, according to the evidence. Most of the argument was devoted to a denial of any wrongful intent. The court—Judge Smith—seemed to hold that a bad intent must be shown along with the improper utterances. The Attorney-General came up from Lincoln Monday, for the hearing, and returned at its conclusion, Tuesday afternoon. Frum was charged with saying at a Farmers Union meeting that "you all know that the government agreed to pay \$1.50 per bushel for potatoes. Now we only get 50 cents a bushel for them. He was charged with slamming the Red Cross by saying that he hadn't much faith in the men handling the money, but would do more if the women handled the funds. However, it was shown that he paid his share of 23.35 in settling for a goat the Red Cross bought, but said if any of the members refused to pay he would help out with more cash. Several witnesses swore differently in court to what they did in the affidavits. The case was dismissed after the state rested.

Potato Growers Organize.

The potato growers of Sheridan county have organized a corporation to buy and sell potatoes and manufacture and sell potato products, such as potato starch, potato flour, dried potatoes, etc. A capital stock of \$30,000 is provided for and soliciting committees are working among the farmers. It is proposed to have a starch factory at Gordon with a capacity of 1,500 bushels a day, and a grading plant in connection to handle 15,000 bushels daily. Grading plants are to be installed at all shipping points in the county and Sheridan county potatoes that are shipped out are to be only of the best quality.

THE PATRIOT

By ZIM

Contributed by Eugene Zimmerman to the National Security League's Campaign of Patriotism Through Education.

Washington: his great grandfather, Rev. Moses Warner, a Methodist minister, fought England in the war of 1812; both of his grandfathers served in the Civil war—Col. Jesse F. Warner and Grandpa Bauer, the latter losing his life on the bloody battlefields at Gettysburg, and a number of his relatives fought in the war with Spain.

Emerson Enterprise: Senator F. F. Haase attended the funeral of H. P. Shumway at Lyons last week. Mrs. J. W. O'Connor of Clinton, Ia., visited the week end at the home of her father, James Heeney. Nebraska Judge Now Endorses It

Hon. B. F. Whittington Has Gained Twenty Pounds By Taking Tanlac

One of the distinguishing features of the introduction of Tanlac throughout the country is the large number of prominent men who have felt it their duty to disregard precedent and came forward with their unqualified endorsements of the medicine because of the benefits they have derived from its use.

The latest addition to the list of prominent endorsers is the name of Hon. Benjamin F. Whittington, judge of the Reelton Court, South Omaha, Neb. In relating his experience with Tanlac Judge Whittington said: "The results of Tanlac in my case certainly seem remarkable to me. Before I began taking it my health was broken in many ways and I did not know which way to turn for relief. My liver was all out of fix, I was habitually constipated and bilious. I was so frightfully dizzy most of the time, that I could not stoop over for fear of falling. My kidneys were in bad shape, and I had fearful pains in the small of my back. My appetite seemed to be fairly good, that is I could eat, but my food did not seem to be properly assimilated. Sleep failed to rest me, and I felt tired, languid and worn out all the time. I was pale not only felt badly but I looked that way. I had been in this condition for a year and was becoming badly worried because nothing seemed to reach my case.

"I had fallen off twenty pounds in weight as a result of my trouble, but I have gained it all back using Tanlac and have never felt better in my life. I decided from what I read in the papers about it to try it, and I felt like a new man before I finished my first bottle. So I went right back for another and so on until I took five bottles, and now I haven't an ache or a pain and am feeling great. And eat, my gracious! I eat like a farm hand, all I can get—I never saw anything like it. I sleep like a log, and get up in the mornings thoroughly refreshed and feel brim full of vim and energy all day long. Now this is just what Tanlac has done for me and I gladly give this statement for what it may be worth to others who are trying to find relief."

Tanlac is sold in Dakota City by Neiswanger Pharmacy.—Adv.

Notice to Egg Shippers and Producers of Eggs

Under new ruling of the United States Food Administration, all eggs must be CANCELED before shipping to markets, a card must be placed inside of case showing date canceled, and name of candler signed on card; Egg shippers and producers will find this new ruling will be to their interest in getting better prices, and buyers in cities will have no chance to make claim for bad eggs. Help win the war by co-operating with the United States Food Administration. Bad eggs bring profit to no one; only helps the enemy. Don't SELL LAYING HENS; they are FOOD PRODUCERS and your best income. Feed your hens properly; when you gather your eggs keep them in a COOL PLACE while waiting for enough to send to market. ALL eggs CLEAN—dirties are worth less in city markets; all white eggs are worth 2c a dozen more on Eastern markets. Don't hold eggs too long before using.

The Great Western Egg Exchange, of Philadelphia, is controlled by good business men of Missouri, Nebraska and Kansas, and offers you full protection to market your eggs and get you highest Eastern prices at a very small cost, and gives you quick returns. We are helping to win this War—to help you to find a safe way to sell your eggs. We believe the producer of eggs should be encouraged; he should have all the market will afford; he should not support half a dozen Egg Combinations, who are making big profits off the producer. Egg Combinations in all large cities are NOT producers of FOOD Products; we say give the producer most of the profit.

The city of Philadelphia is the third largest city in the United States. It has a population of nearly 2,000,000 people. There are other large cities, combining a population of nearly 1,000,000 more, who buy their products from this city. There are nearly 400,000 men employed in this city in various enterprises; Uncle Sam's largest ship yards and other large manufacturing plants. The amount of wages paid yearly amounts to nearly \$175,000,000. They all must eat eggs. We have an unlimited market on account of saving BEEF for "OUR BOYS" and Allies over there, more eggs will be used. The retail grocers are selling Western eggs (this date) at 45c to 49c per dozen in this City.—Nebraska, Kansas and Missouri eggs. Fresh CANCELED eggs will bring on wholesale market in Philadelphia, this date—37c to 39c a dozen. You may just as well get these prices as let the other fellow make profits off you. The cost of Express from your station (Nebraska and Kansas points) is about 4c a dozen; Missouri about 3c a dozen. This Exchange sells your eggs; protects you against unreliable buyers; gets your money to you the same day eggs arrive. We charge you only 25c per case,—you can send one case or as many as you wish—you are always safe. All members of this Exchange hold United States Food Licenses, and cheerfully co-operate with all their rules and restrictions. We furnish you with highest of references.

This Exchange invites ALL Egg Dealers and producers to become members of this Egg Exchange. Membership is FREE—no fees to pay or stock to buy—all you need is to be in good standing in your

Community. Egg Dealers and Merchants are required to hold United States Food Licenses to become members. Producers or Farmers are NOT required to have licenses. No Commission men or Egg Buyers in any large City will be accepted as members in this Exchange. Mr. Producer and Egg Shipper, fill out the coupon, join our Exchange and you will be real dollars ahead.

You can ship your eggs—today—mark cases "Great Western Egg Exchange, Philadelphia, Pa." Ship by Express; we will furnish you printed cards for candling to comply with all United States Food Administration Rules, and shipping tags, etc., FREE.

THE "FALL OF A NATION" PRESENTS VITAL THEME OF THE HOUR

"The Fall of a Nation," which will be presented for the first time in the Rialto Theater, Homer, Neb., next Friday, July 19th, tells a vital story of international significance. The Imperial Army of the German Kaiser attempts to seize North America. A secret army of the foreign-born is raised in New York. As the greatest city of the North American States has few armed defenders, it is an easy task to capture it overnight.

Meanwhile 100,000 trained troops, fresh from the European wars, are rapidly transported across the Atlantic with all their equipment of great guns, poison gases, liquid fire and bombs, such as the German Kaiser used to crush democracy beneath his feet. Effecting a landing, they easily vanquish the small North American army, join the foreign-born German conquerors of New York, and march to Washington where they depose the President and put in his place, as Emperor, Charles Waldron.

Thomas Dixon, being a student of the Imperial Kaiser, predicted the future with remarkable accuracy. Inasmuch as our Government has now joined the Allies, we will be able to assist them in crushing the Kaiser, and democracy will forever reign in our country.

Two shows will be given, a Matinee in the afternoon, beginning at 2:30, and a show in the evening, beginning at 7:30. Admission 25cts and 15cts; war tax included.
