Nebraska Woman Gained 30 Pounds

Mrs. Clark Says She 'Hardly Had Strength to Move Around Before Taking Tanlac.

"Tanalac has put me in shape to where I have gained thirty pounds, and now I'm feeling just as well as I ever did in my life," said Mrs. Ethel L. Clark, who has lived in Omaha for fifteen years and conducts a lunch and confectionery store at 4869 Cumming Street.

"I have suffered so much from nervousness and stomach trouble during the past nine months," Mrs. Clark continued, "that I lost twenty-six pounds in weight, and hardly had strength to move around. I lost my appetite completely and the gas on my stomach made me so miserable that I couldn't enjoy eating anything. What little sleep I got seemed to do me no good, and I felt more tired and worn out in the morning than when I lay down at night. My condition distressed me no little, as I was getting to where it was difficult for me to carry on my business and provide a living for myself and children.

"I had heard lots about Tanlac, and decided the only way for me to find out whether it was any good or not was to try it. So I tried it, and the results have been astonishing. My appetite came back after the first few days and soon I found I was getting back my lost weight and strength. Gas stopped forming in my stomach and eating soon got to be a pleasure again. I sleep like a child every night now and get up in the mornings feeling fine and full of energy. I can work all day without feeling any the worse from it and do you know, I have not only gotten back the twenty-six pounds which I lost but I have actually gained four pounds besides, making a total gain since I started on Tanlac of thirty pounds. Now this is what Tanlac has done for me and I cheerfully recommend it to everybody.

Tanalac is sold in Dakota City by Neiswanger Pharmacy.—Adv.
