ITEMS OF INTEREST

CLEANED FROM OUR EXCHANGES

Sioux City Tribune, 4th; Mr. and Mrs. C. A. Heisdore, Homer, Nebr., have returned to their home after a visit in the L. R. Keckler home.

Walthill Citizen: The Mason family spent Sunday with his parent, Homer, Miss Helen Rix returned Sunday, from her home at Fullerton, where she went to spend Christmas.

Ponca Journal: Miss Martha Smith of near Willis, who has been ill for some time is able to be about again. Mr. and Mrs. Chas. Savage, of South Sioux City were guests at the John Wilbur home Wednesday.

Pender Times: Mrs. Anderson of Hubbard, is a guest at the home of her daughter, Mrs. N. H. Nye. Mrs. J. L. Phillips, of South Sioux City, was a visitor at the C. W. Baker home last week, returning to her home Saturday.

Lyons Mirror: Mrs. W. C. Sund returned from a visit at Dakota City this week. Mrs. Linton was detained at the home of Mr. Linton's parents at Good Thunder, Minn., on account of her illness from influenza while there for Xmas vacation.

Wynot Tribune: Miss Mildred Woodruff of Sioux City, Miss Lucile Morgan of South Sioux City, and Miss Muriel Cassidy of Obert, returned to their school duties in Wynot after spending their Christmas vacation at home. Miss Fay Gordon, one of the other teachers, returned from Hartington Sunday evening.

Sioux City Journal, 22nd: Coming to Sioux City yesterday, where he expected to enter a hospital, Frank Hiatt, a 63-year-old farm laborer dropped dead at midnight at the Globe hotel, 815 Fourth street. Hiatt was in the office conversing with friends when he slipped from his chair to the floor, expiring a few seconds later. Death was due to heart trouble, with which he had been afflicted. Coroner W. F. Dickinson was notified and took charge of the body. Hiatt's home is said to be at Homer, Nebr.

Rosalie Rip-Saw: Wm. and Roy McKinley, both brothers of Bud McKinley of this place, were in Rosalie last Thursday and Friday. Both of these boys saw active service in France, and both of them were wounded. Bill, who is well acquainted here, was the most seriously wounded, being hit with a hunk of shrapnel the size of a ham, in his right arm, tearing away part of one bone in his forearm, but Bill is coming out of it good, while Roy was shot thru the leg, just below the knee, and is nearly recovered from the effect. These boys went into hell and right through like good old Yankees that they are. They are made of the stuff that all hell and Huns could not stop. The McKinley boys are from Homer, and Mr. and Mrs. McKinley should be proud of two such sons.

Emerson Enterprise: Mrs. John Church and Mrs. Chas. Rockwell were in Sioux City Monday. Miss Rose McHenry, formerly of Emerson, visited the past week with Mrs. Patrick Kerwin. Mr. and Mrs. Henry Jensen and Mr. and Mrs. Geo. Wallway and family spent Christmas in Sioux City, the guests of Mr. and Mrs. W. G. Merton. Harry McEntaffer was born in Homer, Nebr., March 28, 1892, died in France, Dec. 7, 1918, age 26 years, 8 months, 9 days. The cause of his death was bronchial pneumonia. He was the youngest son of Mr. and Mrs. McEntaffer and besides his parents leaves one brother, four sisters, and three children, Darrel, Twila and Viola to mourn his death and also take comfort and pride in the glory of his sacrifice. He was married July 3, 1913 to Miss Viola Hogarbarger who died July 27, 1917. He volunteered for service and was accepted in March 1918, and was sent to France in June. He was seriously wounded in battle Nov. 11, and sent to the hospital. His parents

were notified that every effort was made to save his leg but it was finally necessary to amputate it and it was soon after this was done that he contracted the disease that was named as the cause of his death. His remains were buried in France there to await the final disposition that will be made of the soldiers' bodies. The Enterprise, together with the many friends extends to the family sincere sympathy in their hour of sorrow and also gratitude and appreciation for the life gone out in our country's service. Arrangements for a memorial service will be made later.

Monthly Meeting of Dakota County Farm Bureau.

Dakota City, Nebr., Dec. 27, 1918. The regular meeting of the Dakota County Farm Bureau was held at the court house at Dakota City after the Annual Meeting.

The meeting was called to order by President Beermann. Those present were, President Beermann, Directors Boals and Hartnett, and Secretary Forbes.

The minutes of the November meeting were read and approved. County Agent Young gave his report for November and the same was approved as read.

The following bills were allowed and orders ordered drawn on the treasurer for the same. C. R. Young, expense for Dec. \$ 11.75 C. R. Young, salary for Dec. 87.50 S. W. Foltz, mdse and labor. 19.80 Sinclair Refining Co. 4.60 Gaynor Bagstad Co. 7.20 North Nebraska Eagle, printing Farm Bureau News 54.00

Total \$184.89

The bids for printing the Farm Bureau News for one year, were opened and were as follows: Mel A. Schmidt, 400 copies...\$17.25 Each additional 100 copies... 1.50 John H. Ream, 400 copies... 14.50 Each additional 100 copies... 1.00 It was moved by Hartnett and seconded by Boals that the bid of John H. Ream be accepted. It was moved by Hartnett and seconded by Boals that the subscription of the Farm Bureau News be 50 cents per year, and that each director make a special effort to secure subscriptions for the same. A discussion of the advisability of sending a delegate from the county, to the meeting of the State Farm Bureau Association in Lincoln during the third week in January, was followed by a motion which was made and seconded to pay the train fare of a representative. Don Forbes was appointed by the president to attend this meeting. Meeting adjourned by the president. Don Forbes, Secretary.

FARM BUREAU NOTES

C. R. Young, County Agent

Be sure to attend the Short Course at Dakota City, January 7th to 10th. The men will meet at the Court House and the women at the School building. Good programs. The Farm Accounting meeting at Hubbard was well attended. Cold, stormy days prevented a good attendance at Jackson and Homer. Hog cholera was found during the past week in the John Labahn herd. These were promptly vaccinated. The Nebraska State Milk Producers' association will meet at Hotel Castle, Omaha, January 8th. Good speakers will address the meeting. Everyone is invited. Now is the time to plan for the setting of a new orchard. Most of the orchards in the county are fast dying, due very largely to having been set much too close together, which has given diseases of all kinds a better chance to get in their ruinous work, hence causing a premature death. We are not advocating the planting of large orchards, but a sufficient number of trees to insure a bounteous supply for family use at all seasons of the year. Be sure that you are buying from a reliable nurseryman and are getting some good winter varieties as well as plenty of summer and fall. We will be glad to give any assistance possible.

Lutheran Church Notes

By Rev. C. R. Lowe.

For the many Lutheran boys who cannot be reached because they are in the out of the way places, the Commission publishes a little sermonette and sends it out by mail. It consists of bible reading, prayers and a short devotional reading. The pastor has received several of these to show what has been done in this line.

For this work there has been received to September 30, 1918, the sum of \$1,214,364.69 from all sources. The expenditures have been \$498,773.53, with a balance on hand of \$715,591.16.

There are 81 chaplains from the Lutheran church in the army and 21 of them are in France. Congress has authorized three chaplains to a regiment of 3000 men, but they are not to be had. These chaplains are given by the commission for their equipment: motorcycle with side car, Corona typewriter in case, field communication set, pocket communion set, as many service books as are requested, testaments, catechisms, and the like as requested, free stationery for self and men, and \$100 which the chaplain is expected to spend for the men in case of need and sickness. The motorcycle is necessary when we understand the distance these men have to travel and the letters they write for the boys makes the typewriter also a necessity.

As to the camp pastors, they are the only direct representatives of the denominations in the camp. At one time there were about 500 of them in the camps, and about 150 have been employed by the National Lutheran Commission. To these there have been furnished 23 autos, and upkeep and running expenses of some that are the property of the pastors; they have all been furnished their uniforms, stationery and necessary advertising matter. In the west there has been a monthly allowance to them as follows: \$100 salary and support of the camp pastor's family, \$25 for house rent, \$65 for general expenses. In the east it is \$150 flat and an expense allowance agreed upon. Total camps served, 111, and many detachments have been visited by neighboring pastors, and every effort has been made to make our boys feel that their church was with them. There is no way of telling how many boys have been served in the camps. A good deal of the evangelical work has been of a very personal character. "Thousands have definitely promised to render personal service for Christ. The pastor has received the card of one of our local boys through the Y. M. C. A. stating he has accepted Christ as his Saviour. Our pastors have always taken part in all the protestant services that have been held in the camps. Some times they have been able to arrange a regular Lutheran service. Some of the pastors try to write a letter to the parents of as many boys as they minister to. They all preach not less than twice on Sundays and sometimes as high as eight times. Services in the barracks have good results in the way of decisions for Christ, and the work in the hospitals and with the men in quarantine has had better results. Besides this these pastors have done a good deal of work in local churches in getting these churches on a more helpful basis to the men in the army and navy. To show they are all busy, we quote from several letters and reports. "I worked three nights till early in the morning. Last Sunday I came home at 6:30, slept three hours and went to work again. The other brethren did the same." "I have been working from fifteen to eighteen hours every day. Within the last week I have stayed by the bedside of over forty dying men and offered the only comfort in death, Christ, the living Saviour. I have had devotions with as many men as possible, around 100 daily." The hospital is crowded with patients all the time. There is but one chaplain in the camp at present, and he is tied down with other duties. We were assigned to all the serious cases. We have been on the job ever since, visiting the sick and dying, and ministering to them. Spend the entire day at the hospital and never leave till midnight."

This pastoral work has been taken to France. At first it was found impossible, but when the French Lutheran heard of the Lutheran Commission they sent requests for workers and the French government was induced to recognize the work, and we now have some helpers in that work. There are 13 French Lutheran churches in Paris alone, that are advertising English services for the benefit of American soldiers.

impossible, but when the French Lutheran heard of the Lutheran Commission they sent requests for workers and the French government was induced to recognize the work, and we now have some helpers in that work. M. E. Church Notes

Rev. S. A. Draize, Pastor

THE MISSIONARY TASK OF THE CHURCH

The two slogans of the Third Liberty Loan campaign were, "Halt the Hun" and "Make the World a Decent Place to Live In." The allied armies have already accomplished the first—the second is the bigger task. Nothing can make the world a decent place to live in except the qualities of the spirit of Christ. Christ alone can save the world—Huns cannot. They leave only desert wastes and sorrow. The upbuilding of the world begins when war has spit its last bomb and thrust its last bayonet. Governments never attempt to accomplish the results that are fundamental to safety for democracy. There is but one institution in the world that has a program, the purpose of which is to bring about these structural changes: that institution is the church of Jesus Christ. The gospel of Christ and the church which proclaims it are the undergirding of freedom in America. Other foundations for democracy can no man lay than that which is laid in Christ. It came down from him. It is a beautiful tribute to Christ made by Decker, "The first true gentleman that ever lived." He was also the first true democrat that ever lived. The world knew nothing of the rights of the common man till Christ brought to earth the revelation of the infinite value of every soul. Home and the training of childhood cannot exist apart from this revelation. Schools and education are children of this revelation. In order for people to rule in any democracy they must be fitted to rule—ignorance is just as dangerous to government, as a blind pilot to steer a ship through the rocks. Let the anarchy of Mexico and the collapse of Russia enforce the truth. The watchword of the true soldier of Christ is, Forward.

BOYS AWAIT BULLETIN FOR NEWS FROM HOME

American soldiers in camps and hospitals in Great Britain are now able to keep in touch with affairs at home through the medium of a daily bulletin service which has been established by the American Red Cross. Army officers say the service fills a long-felt want, providing the men with sporting and home news they cannot find in the English newspapers. The arrival of the bulletin is now one of the big daily events. In this connection a Red Cross worker in England sends the following message to National Headquarters in Washington: "After talking with the boys about the daily news service I have been told to notify you that if the bulletin is discontinued you will be court-martialed and shot."

Tankage A Profitable Protein

Inquiries are being received by the Nebraska Experiment Station regarding feeding tankage at its present price. Station officers say tankage can be fed with profit, especially where no other protein supplement, such as skim milk, buttermilk, or shorts, is available. Tankage not only increases the rate of gain but likewise decreases the amount of corn necessary to produce a pound of gain, and decreases it enough to more than offset the additional cost of tankage will save four pounds of corn. In a test conducted by the Experiment Station last year, a ration of corn and tankage, compared with one of corn only, returned a value of nearly \$200 for the tankage.

CANTEENS SERVING U. S. TROOPS IN ITALY

The American Red Cross canteens, which serve at railroad stations, important points on highroads, and in towns and villages throughout the Italian zone of war, are now serving American troops. These canteens have been operating during the past six months for the benefit of the Italian army and its allies, greeting the soldiers in their passage from one point to another with coffee and American crackers and jam. But it is only recently that the khaki-clad fighters from across the sea have been added to the number of those served at the Red Cross rest stations.

Numerous bowling greens have been established by the American Red Cross in the tuberculosis barracks of Paris.

Come Red Cross Supplies.

The American Red Cross has supplied our men with more than 15,000,000 cigarettes; 50,000 packs of cards; 20,000,000 boxes of safety matches; 1,000,000 bars of chocolate sent to England; 25,000,000 cigarettes a month sent to France; 15,000 automobiles since August 1 to France; 90,000 suits for use in lumber camps in Italy; 1,500,000 packages of chewing gum a month to France; 3,000 tons of condensed milk for the children of prisoners in Archangel, Siberia.

There are approximately 70,000 women in Red Cross canteen work in this country. They serve our soldiers at 681 canteens, at all hours of the day and night. During the year 1918 they served to the number of 5,000 were aided or removed from trains and taken to hospitals. A total of 3,000,000 postal cards were distributed.

Boys and Girls Make Money

Members of boys' and girls' clubs, working under the direction of the Extension Service of the University of Nebraska College of Agriculture, produced food worth \$147,213 during the past season. The net profit was \$68,732, after making full allowance for the labor of the boys and girls, for seed and for all other expenses. There were 468 clubs organized in the state, with a total membership of 28,394 boys and girls. The clubs were under the immediate direction of 54 paid and 253 unpaid leaders. In addition to the members of organized clubs, it is estimated that 15,000 other boys and girls raised war gardens, worth a total of \$37,000. More than 1,300 canning demonstrations were given by boys and girls, at which more than 166,000 persons were present.

FOR SALE

Corn binder, practically new. Enquire at Jackson State Bank, Jackson, Neb.

RED CROSS NOTES

Dakota County Chapter

Let every woman who possibly can come to the work room next Tuesday, as there will be work for all. We have received instructions for the Junior Red Cross not to make any more story books, but to send finished books to the regular shipping station. Dakota County Chapter shipped during the month of December: 70 pair of socks, 4 sweaters, 23 convalescent robes, 36 stories by Juniors.

Short Course In Dairying

Beginning January 27 and lasting four weeks, the University of Nebraska will give a short course in dairying. It will be of special value to boys where conditions are changing from general farming to farming of a more specialized character. The course will be particularly valuable to those who are planning to produce milk in maximum quantities, to sell cream to best advantage, or to distribute dairy products. The course is open to both young men and women, and will deal with essentials in the care and management of the dairy herd, feeding dairy cows, testing, and the manufacture of dairy farm products. The students will be busy with dairy work about half of the time. During the balance of the time he will have the opportunity to take work in care and management of general farm stock, including work in judging swine, diseases of farm animals, farm management, and poultry work. For further information write Principal H. E. Bradford, University Farm, Lincoln.

MATRIMONIAL VENTURES.

The following marriage licenses were issued by County Judge McKinley during the past week:

Name and Address.	Age.
Albert M. Johnson, Allen, Neb.	25
Ira L. McFarland, Allen, Neb.	19
Alfred Fredericksen, Sioux City....	23
Lila Daily, Sioux City	18
Ralph Wood, Sioux City	24
Nellie Hanley, Indianapolis, Ind.	21
Vernon Peck, Sioux City	21
Naomi Hodlund, Sioux City	19
Ervin H. McCord, Sioux City....	21
Vivian M. Moe, Yankton, S. D....	21
Wm. Green, (colored), Sioux City. .	42
Belle Levels, " Sioux City. .	31

To Keep Egg Yield High

The Extension Service of the University of Nebraska College of Agriculture gives the following suggestions for keeping the egg layers busy: Do not overcrowd. Do not keep fowls in close, air-tight and ill-ventilated houses. Do not keep fowls in houses infested with lice and mites. Do not fuss with or dope hens with concoctions labeled to make them lay. The best laying medicine or tonic is early hatching, care to keep the hens growing, and the use of common sense.

Sturges Bros. Have Moved

to 315 Pearl Street

where we will be glad to see all our old patrons, and we hope, many new ones. This move is necessary, as the building we now have is too small for our growing business.
