C. J. O'CONNOR, Clerk.

**Beacom's Immuned Duroc Sows**

*At Public Auction*

**40 - Mammoth Bred Sows - 40**

**Saturday, Feb. 1, '19**

BEGINNING AT 1 O'CLOCK

I will sell 40 of the best sows that will go through a sale ring this winter. These are in prime condition to bring forth litters that will possess vigor and size in a marked degree, having been fed a balanced ration of corn, meat meal, and oats out of a self-feeder. A great many of them are sired by Grand Model 16th, that great show and breeding boar. He sired the 3rd prize gilt, also the 3rd prize litter and stood third himself in a class of 14 good age boars at the Inter State Fair at Sioux City. I will sell the 3rd prize gilt, also the 3rd prize litter, and many other tops. These sows are bred to Grand Model 16th, the largest Golden Model bred boar living. He sires them big, high and smooth. King Quality, I believe this is the largest and longest fall yearling living, he would weigh-if in show condition right at 800 lbs. I guess that is big enough, he was third at Sioux City.

I believe you will agree with me that this is the best lot ever sold from this herd, and I do not know how I could praise the offering higher. They are bred right, big, stretchy and vigorous, in prime condition to bring forth litters that will make lots of money for their owners. Come to this sale and see these sows, also the herd boars, whether you wish to buy or not.
