Order of Hearing and Notice of Probate of Will.

In the County Court of Dakota County, Nebraska.
State of Nebraska, County of Dakota—ss.

To Charles Voss, Wilfred E. Voss, Raymond A. Voss, Thekla M. Voss, and to all persons interested in the estate of Mary Winkhaus Voss, deceased:

On reading the petition of Wilfred E. Voss praying that the instrument filed in this court on the 29th day of January, 1919, and purporting to be the last will and testament of the said deceased, may be proved and allowed, and recorded as the last will and testament of Mary Winkhaus Voss, deceased; that said instrument be admitted to probate, and the administration of said estate be granted to Wilfred E. Voss as executor. It is hereby ordered that you, and all persons interested in said matter, may, and do, appear at the County Court to be held in and for said county, on the 24th day of February, A. D. 1919, at 10 o'clock A. M., to show cause if any there be, why the prayer of the petitioner should not be granted, and that notice of the pendency of said petition and that the hearing thereof be given to all persons interested in said matter by publishing a copy of this Order in the Dakota County Herald, a weekly newspaper printed in said county, for three successive weeks prior to said day of hearing.

Witness my hand, and seal of said court, this 1st day of February, A. D. 1919.
S. W. MCKINLEY,
County Judge.

LEGAL NOTICE.

To Emma Wilson McEntaffer:
You are hereby notified that Hon. Guy T. Graves, Judge of the District Court of Dakota County, Nebraska, made the following Conditional Order of Revivor in the case of Dr. Charles H. Maxwell vs. Emma Wilson McEntaffer in said court on the 3rd day of February, 1919:

"Now, on this 3rd day of February, 1919, this cause came on to be heard before me at Chambers in Pender, Nebraska, upon motion and affidavit of plaintiff for a revivor of the judgment of the County Court of Dakota County, Nebraska, dated March 9th, 1896, transcribed and filed in the District Court of Dakota County, Nebraska, September 30th, 1898, for \$61.81 and costs, and it appearing that said judgment has become dormant and is unpaid and that the defendant is a non-resident of the State of Nebraska,

It is therefore considered and adjudged that said judgment be revived against Emma Wilson McEntaffer, unless sufficient cause be shown by said defendant on or before the 10th day of March, 1919, and that service of this order be made by publication. Guy T. Graves, Judge of the District Court."

You are required to appear and show cause why said judgment should not be revived on or before March 10th, 1919.

CHARLES H. MAXWELL,
Plaintiff.

First Publication Feb. 6-19—4w
NOTICE.

To Mary Ryan, Florence Ryan, Helena Ryan, Matthew Hogan, Lillian Hogan, John Hogan, Gertrude Hogan, Frank Hogan, and Marie Hogan, defendants:

You and each of you are hereby notified that Cornelius K. Heffernan, plaintiff, on the 31st day of January, A. D. 1919, filed in the district court of Dakota county, state of Nebraska, his petition against the above named defendants and others, the object and prayer of which are to correct the description of the real estate attempted to be conveyed by a certain deed, from Dennis Ryan and Bridget Ryan, his wife, to Daniel J. Ryan, dated December 18th, 1882, and recorded in the deed records of said county in Deed Book "M" at page 299, so far as it affects land in section thirty-five (35), township twenty-nine (29) north, of range seven (7), East of the Principal Meridian, so that it shall be and read as follows, to-wit: "The southeast quarter of the southeast quarter of section thirty-five (35), township twenty-nine (29) north, of range seven (7), East of the 6th Principal Meridian, excepting therefrom the following described tract, to-wit: Commencing at the southwest corner of said southeast quarter of the southeast quarter of said section thirty-five (35), thence north along the west line of said 'forty' about 39 rods to the center of Elk Creek, thence southeasterly along the center of Elk Creek to the township line, thence west to the place of beginning," to quiet and confirm the title of the plaintiff to said real estate, to remove the clouds to plaintiff's title to said real estate occasioned by said description in said deed, to restrain the defendants and each of them from claiming any right, title, interest, lien or claim in, to or against said real estate or any part thereof or from entering upon the same and for general equitable relief.

You are required to answer said petition on or before the 17th day of March, A. D. 1919.

Dated this 1st day of February, A. D. 1919.
CORNELIUS K. HEFFERNAN,
Plaintiff.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.
F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, etc.
Hall's Family Pills for constipation.

WORTH MORE THAN

ALL MONEY ON EARTH

MRS. RASPBERRY ABLE TO DO HOUSEWORK FIRST TIME IN FOUR YEARS—GAINS 35 POUNDS.

"I had rather see my wife well and happy like she is since taking Tanlac than to have all the money in the world," declared Henry Raspberry, of 1812 Campbell St., Kansas City, Mo. Mr. Raspberry, who has recently been employed as a foreman by the Armour Packing Company, was formerly in the service of the Missouri, Kansas & Texas railroad.

"Before my wife took Tanlac," continued Mr. Raspberry, "she had rheumatism in her limbs so bad she couldn't even dress herself. I would have to help her out of bed in the mornings and put her clothes on for her. Her stomach was in such a bad condition that she could hardly digest anything. The gas on her stomach would cause intense pains in her side and such awful spells of palpitation of the heart that she could hardly stand it. She was extremely nervous, her breath was short and very offensive, and she had fallen off in weight until she was hardly more than a frame.

"At the time she began taking Tanlac she only weighed eighty-seven pounds and had not been able to do any of her housework in four years. But she now weighs one hundred and twenty-two pounds—has actually gained thirty-five pounds—and is as healthy and active as she was thirty years ago. The rheumatic pains have all left her and she can do all her work and look after the family without the least trouble. She can eat meat, pickles, and all kinds of vegetables and anything else she wants and never have a sign of indigestion. She is not the least nervous anymore, sleeps like a child every night and is as well as she ever was. I can't find words to express my thankfulness for what Tanlac has done for her. It is nothing short of wonderful."

Tanlac is sold in Dakota City by Neiswanger Pharmacy, in South Sioux City by Shanes Pharmacy, and in Homer by Wagner Pharmacy.

Clothing Economy Necessary

It is a well established fact that there is need for saving in textiles this year. Wool and leather goods especially are scarce. Before the war America was only producing about half the wool consumed in the United States. With more than three million men in uniform and every soldier using thirteen times as much wool as in civilian life, it stands to reason that a shortage would exist, say University of Nebraska extension workers. If the war had continued another year we might have been forced to adopt the paper clothing and wooden shoes of some of the European nations. With peace in sight and the government in control of the wool industry, a serious shortage probably will be avoided. Nevertheless, as a nation, we need to be economical in our use of textiles; and as individuals we cannot afford to be otherwise while high prices continue to exist. Women everywhere are remaking old clothing where practical. Old clothes shops are being established all over the country to assist them in the utilization of old material. Care is exercised in the choice of styles which require less material than of yore. Fewer models in ready-made clothing are available. All are to send all materials which are in poor condition for other use to the ragman. From him it is sent back to the factories and remade into useful material.

Warm Weather Bad for Meat

On account of most of January being unusually warm, much meat slaughtered on Nebraska farms and now in the curing process is in danger of spoiling, according to University of Nebraska Extension workers. Meat in brine cure should be watched closely and should the brine show any signs of becoming rosy or stringy, the brine should be removed at once, boiled, skimmed and cooled, or a fresh brine made. Every piece of meat should be thoroughly scrubbed and the barrel scalded before the brine is replaced. To hasten curing and to secure a uniform cure both dry cure and brine cured meat should be overhauled, that is, each piece removed and repacked about three times during the curing season. Hams and shoulders are most apt to spoil from "bone sour." Should the warm weather continue, it may become advisable to bone out the pieces in order that they may cure up more quickly. Boned pieces should be tightly corded up before smoking. Tag ends of meat due to boning should be trimmed off and used for sausage. Wastage is greater with boned meats, due to mold. Boned pieces may also be canned. Meat from hogs that were cut up before proper chilling or meat that was frozen before curing is most apt to spoil during the curing season.

FARM PROFITS.

Do favorable or unfavorable climatic conditions determine them? Yes, but more often the proper application or misapplication of generally recognized farming principles evolved by successful farmers and breeders and the government experiment stations. Farmer and Breeder is a compendium of the best ideas and successful methods employed by successful farmers and breeders. It is issued semi-monthly at Sioux City, Ia., and deals with farming conditions as they are here found. Its subject matter is strong and appeals both to

the farmer and stockman. You want to farm profitably—every intelligent farmer does. Farmer and Breeder will help you to do this and more, too.

Splendid Offer.

Special arrangements have been made which enable us to offer Farmer and Breeder and The Herald both for one year for only \$1.75. Save money by letting us have your subscription now. Don't let our remarkable offer pass without taking advantage of it. Every subscriber to Farmer and Breeder is entitled to free consultation with its special service department on any branch of farming and stock raising.
