Official Proceedings of the Board of Commissioners

The board of county commissioners met pursuant to adjournment. Members present, O. W. Fisher, chairman, John Feller, Wm. H. Rockwell, members also, George W. Leamer, county attorney and J. S. Bacon, clerk. When the following business was transacted, to-wit:—Now at this

time the matter of selecting sixty names of persons legally qualified to serve as petit jurors, for the regular March term, year 1919, of the District Court of Dakota County, Nebraska, was taken up, and it appearing from the poll books, at the last general election that a total of 1312 votes were cast in the several precincts in Dakota County, Nebraska, divided as follows, to-wit:—

Hubbard, 149; Emerson, 125; Omaha, 242; Dakota, 172; Covington, 358; St. Johns, 114; Summitt, 88; Pigeon, 64.

Whereupon the Board selected from the poll books the names of sixty persons having the qualifications of jurors and being divided among the several precincts in Dakota County, Nebraska, as follows: Hubbard, 7; Emerson, 6; Omaha, 11; Dakota, 8; Covington, 16; St. Johns, 5; Summitt, 4; Pigeon, 3; consisting of the following named persons: S. H. Bridenbaugh, Treff Deroin, Michael Hayes, C. B. Heeney, Frank Lussier, Ben Moddemeyer, Louis Knudsen, Chris Harrigfield, Ed V. Maurice, John Bondersen, William Wilke, William Biede, H. H. Stolze, Jacob Jacobsen, John B. Harris, T. D. Curtis, Thomas Alloway, Peter Sorensen, William Cox, Phil Van Cleave, R. G. Owens, Antonious Nelson, Raymond Voss, H. C. Rasmussen, Louis Krumweide, Chas. R. Perry, Alfred Seymour, A. P. Sanford, S. A. Mason, J. B. Leech, Milton J. Foreshoe, Chas. S. Bliven, Jerome A. Russel, Albert Andreen, J. L. Ayres, Clay Armstrong, Lewis Biermann, L. P. Beacom, Chas. S. Buckley, jr., W. L. Rummel, John W. Sivill, Lee Parker, Henry Pilgrim, Oscar Stamm, Nels Krogh, John Jennings, H. W. Meeker, Joseph Ebel, A. J. M. Heenan, Patrick Hickey, Chris Smith, Chris Severson, George Muegar, Michael Hynes, Thomas D. Jones, Richard Long, Matt. McKivergan, John Hincken, D. A. Woods, N. Provanca.

On motion the sum of \$82.08 was ordered transferred from the inheritance tax fund to the County General fund, account of bill favor of the Pollard Oil Co., allowed on the county general fund when as a matter of fact it should have been allowed on the inheritance tax fund.

The second Semi-Annual report of the 1918 teachers institute fund of Dakota County, Nebraska, of receipts and expenditures by Wilfred E. Voss, Supt. of Public Instruction was read, approved and on motion duly accepted.

I AM THE CALORIC PIPELESS FURNACE

I AM a Gift of Science, marking another step forward in the progress of the human race.

I HAVE revolutionized the old methods of furnace heating by doing away with all heat-conducting pipes.

I NEED but one register to heat all your home, be it three rooms or eighteen, thoroughly and evenly, upstairs and down. I am, therefore, as suitable for your old house as for a new one. Just a corner in your cellar for me and my fuel and a place above for my register.

I AM now heating more than 50,000 other homes, as well as hundreds of churches, stores, factories and other buildings.

I HEAT by Nature's own method—circulation. Sending up great volumes of moist, balmy warmth, I draw in through the outer section of my register the cool air my heat displaces. This is re-heated, purified by my fire and sent forth again to add to your comfort.

I SAFEGUARD the health of your family. Just as running water purifies itself, so my method of circulating heat means pure warm air to breathe.

I SAVE you money by heating your whole house with no more fuel than you need for heating two or three rooms with stoves. Thousands of my friends say I save one-third to one-half. I burn coal, coke, wood, lignite or gas.

I AM built by expert workmen who "live" their jobs in the home of the oldest and largest makers of warm air furnaces. I am sold by several thousand of the leading dealers throughout the country. Both my makers and your dealer guarantee my claims to the utmost.

I WILL bring to your home increased comfort, greater convenience, better health in winter, and with it all a great saving of money. Will you have me? I can come right away, as my installation can usually be made in one day, without interrupting your present heating arrangements.

Write, telephone or call for our very interesting catalog telling all about pipeless heating in general and me in particular.

M. E. Church Notes

Rev. S. A. Draise, Pastor

Last Sunday was a rainy day for church goers. There was a rainy day Sunday school at the church. Every teacher was present. Every class was working. The attendance was fifty-five—nearly all stayed for church service. Some of the children are going to invite their parents to church next Sunday. Will they do it? Certainly the papas and mamas of this community are wide awake enough to see that that is the thing to do. After all who would want to live around here if the influence of the churches was taken away. The church is made up of folks—some of them are not so bad either.

E. M. Furman, superintendent of the Norfolk district was in Dakota City Sunday morning—held the quarterly conference Monday evening. Communion next Sunday morning.

MATRIMONIAL VENTURES.

The following marriage licenses were issued by County Judge McKinley during the past week:

Name and Address.	Age.
Bertram N. McClintock, Sioux City, 32	27
Didamy M. Smith, Sioux City, 27	27
Gao. L. Canada, Centerville, S. D., 22	22
Gyda Bleke, Centerville, S. D., 22	22
S. C. Sloane, Sioux City, 38	38
Theresa Gulman, Sibley, Iowa, 26	26

Wise Choice of Furniture

If a woman chooses her furniture wisely, she will put each piece thru a sort of cross examination, say the University of Nebraska home economics extension workers. In the first place, is it strong and will it stand wear, or will it soon fall to pieces? Does it have good simple lines and proportions instead of elaborate carving and ugly curves? Can it be easily cleaned and kept in good condition, or does it show spots or scratches? Is it similar in type to what is already in the home, or is it entirely different and not at all related? Last but not least, is it comfortable? If each piece of furniture were put to such tests, fewer crimes in the matter of furniture selection would be committed.

HATCH EARLY.

When the time of hatching is early, the period before cold weather sets in is no longer than if the chicks were late hatched. It is during this period of spring, summer and fall weather that the chicks should make their growth and the pullets mature and get ready to lay eggs. The earlier the hatching, therefore, the longer the growing season for the young stock, and the better chance they have to make a full growth and reach maturity before cold weather sets in. A long growing season is especially important with the heavier breeds which are commonly kept on the general farms, such as the Plymouth, the Wyandotte, the Rhode Island Red and the Orpington. Pullets of these breeds will require at least six or seven months in which to mature and begin laying, and some individuals will require longer. If the pullets are to make their growth and commence to lay in the fall, they must be hatched early.

Profitable Work for Boys and Girls

An opportunity for boys and girls to make money and at the same time receive valuable free instruction in some branch of agriculture will be offered by the State this summer. By registering with a school teacher between February 10 to 14 any boy or girl 10 years old or older, or under 10 if in the fourth or a higher grade, becomes a member of a boys' and girls' club. All summer long they can obtain free instruction from the University of Nebraska College of Agriculture Extension Service, Junior Section, in such subjects as gardening, potato growing, pig raising, chicken raising, rabbit raising, canning and drying, baking, and garment making. Monthly correspondence lessons are sent to each boy and girl. Thirty thousand boys and girls enrolled in the work last year.

J. S. BACON, Clerk.
