LAWLESS SAYS HE WAS NEARLY DOWN AND OUT WHEN HE BEGAN TAKING TANLAC

"When I first began taking Tanlac I only weighed ninety-seven pounds and was just down and out," said O. D. Lawless, the well known Omaha produce merchant, residing at 604 South 28th Street; recently, "but I now weigh one hundred and thirty-seven, and so far as my health is concerned, I couldn't ask to feel much better."

"I have not gotten all my lost weight back yet," he continued, "for I had dropped down sixty-one pounds. But I am still taking Tanlac and expect soon to tip the beam at one hundred and fifty-eight, my weight before my troubles began. I began suffering from stomach trouble and getting into a run-down condition five years ago, when my appetite went back on me. I lost all desire for food and everything I did eat caused nausea. I had to give up my coffee and many other things I like best, as I could not retain them, and the only thing that half way agreed with me was fruits. There were terrible pains in my right side, which would almost cramp me double two or three times a week. I became uneasy, fearing appendicitis, and no one seemed to understand my case or do me any good. I just kept suffering and losing weight until it looked like I would shrink up to nothing."

"My condition had become so noticeable to all who knew me, and while talking over my case with a friend one day, he asked me why I didn't try Tanlac. Well, this put me to thinking there might be something in Tanlac for me, and there certainly was, for I have already picked up forty pounds and my old time strength and energy have come back to me. I hadn't finished my first bottle until the pains, which I feared were caused by appendicitis, had disappeared, I can drink my coffee now and eat just any thing I want and never have the least trouble with my stomach. So you can see why I'm so strong for Tanlac. It has made life worth living for me and I feel like I ought to pass the good word along."

Tanlac is sold in Dakota City by Neiswanger Pharmacy, in South Sioux City by Shanes Pharmacy, and in Homer by Wagner Pharmacy.

This company has no "watered stock." For every dollar's worth of stock or bonds issued a dollar has been invested in the property.
