DROVE TEAM OF OXEN TO CHICAGO

At Age of 74, Farmer Can Do As Much Work as 20-Year Old Boy—Praises Tanlac.

"Well, sir, five years before I started taking Tanlac my troubles made me quit farm work, but now I feel so good I believe I could whirl in and sow as much oats as I did when I was a young man of twenty," declared George Heinz, Sr., who lives three miles west of Peoria, Ill., on R. F. D. route No. 1, a few days ago. Mr. Heinz has lived on his farm for fifty years and is well and favorably known to a great many persons in that vicinity.

"When my wife and I first settled here," continued Mr. Heinz, "Peoria was just a small village and when we would have to have anything they didn't keep in town I'd just hook up a team of oxen and go to Chicago because we didn't have any railroad to Chicago in those days. I worked pretty hard on the farm up till the time I am telling you about when stomach trouble knocked me out and I had rheumatism in my left knee so bad my wife would put hot poultices on it to try and rid me of the pain. My stomach got in such bad shape that I couldn't take anything but liquids or soft things to eat and I tell you I got mighty tired eating that sort of stuff but I did it to keep from suffering.

"If I'd so much as eat meat or potatoes my stomach would cramp me nearly to death, and I would bloat up and sometimes it would be hours before I would get any ease from the pain. Of course, I felt like maybe my age had something to do with my bad stomach and rheumatism, as I'm seventy-four now, but I had always been strong and hearty and I just hated to give up hope. I took all sorts of medicines but nothing seemed to do me any good at all and I was right on the point of giving up when I heard what Tanlac had done for people in Peoria and surrounding towns. I know a lot of people about here and some of them told me I ought to take it. I was in a pretty bad shape sure enough but after all I had heard about Tanlac I thought I'd take just one more chance and so I bought a bottle.

"Well, sir, that first bottle I took made me sleep better and kept my stomach from hurting me when I ate, and seemed to put more life into me than I had had for a long time. I could tell right away that it was doing the work for me and I had the boy get three more bottles and they did me so much good I just couldn't help but go out and do a little work around the place and I began to eat just like I used to and I could sleep like a log and my stomach didn't hurt me at all; in fact, I found that I could eat just anything without being bothered and the rheumatism in my legs eased up so I made up my mind to stick to Tanlac, because I know it's going to rid me of that trouble. I've bought six bottles and I shall always bless the day I got that first bottle of Tanlac and I want all my friends to know what it has done for me and they know I'm not the sort to put my name back of anything that isn't just right."

Tanlac is sold in Dakota City by Neiswanger Pharmacy, in South Sioux City by Shanes Pharmacy, and in Homer by Wagner Pharmacy.

LOCAL NEWS ITEMS

THURSDAY, MAY 1, 1919.

Herald—1 year, \$1.25. Attorney S. T. Frum was in Ponca on legal business Tuesday.

George Jensen was down from Hubbard precinct on business Saturday. Mrs. Clyde Crego expects to leave soon to join her husband on their claim in Wyoming.

Mrs. Emeretta McKernan went to Hawarden, Iowa, last Thursday for a visit with relatives.

John Krueger, an overseas boy from this place, arrived in New York Sunday, on his way home.

A masquerade dance will be held in the Farmers Exchange hall at Homer, Neb., May 7th, 1919.

Home Demonstration Notes

Miss Florence Atwood Home Demonstration Agent

Unless the premises where the chicks are kept and all appliances used are known to be absolutely free from lice and mites, and it is certain that the chicks have never been exposed to them, it is a wise precaution to paint or spray the brooder with a mixture of four parts crude petroleum and one part kerosene, allowing it to dry thoroughly before using. Puffs of insect powder on the chicks when in the brooder, about once a week, will destroy any lice that may be on them.

On Thursday afternoon, April 24th, a meeting was held at the home of Mrs. Chas. Blessing, Mrs. Bates, Mrs. Elmer Blessing and Mrs. Ebel took part in the program. The project on household pests and their control was initiated there. Twenty-five were present at this meeting.

The Boys' and Girls' club work has been organized in the Emerson schools. The leaders are as follows: Supt. Bixler, for gardening; Mrs. Gibson and Mrs. Schooley, for sewing; Mr. Wagner, for chicken and pig raising; and Miss Sybil Teaser, for cooking.

Miss Alva Clair, of South Sioux City, who is a member of the junior club, has won a silver achievement pin for her good work in the egg producing project.

A new law (House Roll 299) passed by the session of legislature just closed, and which takes effect at once, boosts the license fees for motor vehicles of all kinds to more than double the price formerly charged. This may be a move in the right direction, provided the fees so collected are used judiciously. Twenty-five per cent of the amount collected will be credited to the county road dragging fund of the county in which the license is issued—the balance going to the "state highway" fund.

Following is a text of the new law as furnished to County Treasurer W. E. Miller, and covers that portion of the bill referring to the collecting of fees:

Section 15. The following fee shall be paid upon the registration of each motor vehicle, in accordance with the provisions of this act, and the receipt thereof shall accompany the application hereinafter provided for; for the registration of every motor cycle and every two wheel truck weighing less than one thousand pounds, \$5.00; for the registration of each motor vehicle, a minimum of \$10.00, and 50c additional for each 100 pounds in weight of such car in excess of 2000 pounds.

PROVIDED, for trucks, and for cars equipped to carry more than seven passengers, the amount of fee shall be based upon the weight of such trucks and cars when loaded to capacity, and in estimating the capacity of cars carrying more than seven passengers, the weight of each passenger shall be taken to be 150 pounds. The registration fees hereinafter provided for shall be deemed an annual occupation tax.

PROVIDED, no registration fee shall be charged for any motor vehicle owned by any city, or village, or other departments, nor for any motor vehicle owned and used by any school district, county, state or the United States government.

PROVIDED FURTHER, that the official registration year shall extend in each case from January 1st to December 31st, inclusive, of the calendar year in which registration is had, but if payment of said registration fee is paid after July 1st for registration of the balance of said year the fee shall be one-half of the annual fee provided in this section.

Section 16. All registration fees provided for in this act shall be paid to the county treasurer of the county in which the applicant for registration resides, and such treasurer shall credit twenty-five per centum of all fees so paid to the road dragging fund of the county and it shall be used by the county board of said county for road dragging, paving, repairing, oiling, strapping, claying or stable littering the roads and for no other purpose. The county treasurer shall immediately transmit the remaining sum of any registration fees so collected by him to the state treasurer to be placed in a fund to be known as the "State Highway" fund.

Section 23. PROVIDED, that in case any plate, seal or certificate of registration shall be lost, mutilated, or shall have become illegible, the person to whom such plate, seal or certificate shall have been furnished, shall immediately apply to the State Board of Irrigation, Highways and Drainage for a duplicate thereof, accompanying his application with a fee of \$1.00.
