M. E. Church Notes

Rev. S. A. Draise, Pastor

Pearl L. Smith and Rosebel Ven, of Elk Point, S. D., were married at the parsonage Saturday, August 2nd, by the pastor.

An important meeting will be held next Sunday morning, at the close of the public service. There will take place the selection of a delegate and an alternate to the lay electorate conference to be held at University Place during the session of the annual conference. The board who will have charge of the election are Don Forbes, Wm. Orr, Frank Lean, judges; and Mrs. Lean and Mrs. Mason, clerks. All members of the church who are twenty-one years old have a vote and should be present.

The Fourth quarterly conference will be held on Saturday, August 16, and on the 17th Dr. Furman will preach at 11 o'clock. Many important matters concerning the year's work will be reviewed, and plans for the next year will be made.

Look here, Sunday school scholars, next Sunday during the opening service there is to be a story very interesting, be there on time and hear it.

We heard a man say, not long ago, "Wonder what some people are thinking about, who never go to church while they live, and only once after they live. What will they say to the Master? O, I suppose they will tell him about their sore feet, or the time they got dog-bit, or the hair they got in their throat, or the time they had their corn stepped on, and ever since, have kept out of the crowd. Everybody has a 'good' excuse. But it makes a fellow laugh when they put in the variations." Say, folks, put it this way and tell the truth: "I don't care anything about these things." All right, we know where to put you down.

New Circular on Improving Dairy Herds.

How a good sire will improve a dairy herd is the subject discussed in a new circular of the Nebraska Agricultural Experiment Station at Lincoln. The records of three sires used in the University dairy herd are cited. In one case the average increase of the production of the daughters over that of their dams was 42 per cent in both butterfat and milk. Another sire produced two daughters that showed a 100 per cent increase over their dams and still a third sire had daughters that beat their mothers, even though they were among the best producing cows ever owned by the University. Persons interested in improving their dairy herd should write for experimental station circular No. 8, "Pure-bred Sires Effect Herd Improvement."

FOR SALE

One 1917 Allen touring car, in good repair. One team of black horses, weight between 1,000 and 1,100 pounds. Ed Frederiek, Dakota City, Neb.

COUNTY CORRESPONDENCE

JACKSON

Born, to Mr. and Mrs. Ed Gross on August 5, 1919, a son.

Rosebel Ven, Elk Point, S. D.	18
Clifford S. Riegel, Easton, Pa.	31
Ethel Hadley, Sioux City, Ia.	26

Farm Inventories Will Be Accepted. Inventories of purchased or raised crops and livestock on hand at the beginning of the year which were submitted last winter in making income tax returns will be accepted, according to a letter received by the University Department of Rural Economics from Income Tax Collector Loomis at Omaha.

This reverses the stand taken a few weeks ago by the Omaha office. Letters sent out to farmers in June stated that these inventories could not include crops and livestock on the farm. It is now acknowledged that these letters were in error. Inventories should include both purchased and farm raised crops and stock. According to this letter, farmers who were so advised to omit farm raised crops and stock, and did so, should take the matter up with Collector Loomis at Omaha.

FARMERS LUMBER CO. 2520 BOYD STREET OMAHA, NEB.

Catarrrhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy.

Named condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or impaired hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of catarrhal deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c.

Don't Fail to Attend this Demonstration Next Thursday

"Mirrolac made everything in this room like new"

No woodwork need stay marred and dingy. No floor hidden by dusty carpets. At small cost you can transform yours to look like hardwood. Just as easily you can bring down that old chair or table from the attic and make it worthy of parlor or dining-room.

DEVOE MIRROLAC

makes this simple and inexpensive. In one application it gives a handsome oak, walnut or mahogany finish with a brilliant luster. It will not chip, become spotted or show heel marks. Dries over night. You can wash it with soap and water.

Anyone can apply Mirrolac to almost anything in the home. The hardwood finishes include light oak, dark or golden oak, walnut, mahogany, dark mahogany and malachite green. We also have it in gold and aluminum for lighting fixtures, radiators and steam pipes, besides flat and gloss white and black.
