

A man's best pal is his smoke

"Knew we'd get together"

—Ches. Field

HERE'S where the particular smoker meets the particular smoke—Chesterfield.

Particular is right! Not only do we use the four choicest varieties of Turkish tobacco—Xanthi, Cavalla, Smyrna and Samsoun—but to these we add the rich, sun-ripened leaves of specially choice Domestic tobacco.

Fine as these tobaccos are, it's the exclusive process by which they are blended that gives to Chesterfields that satisfying body, that mellow richness which makes a smoke mean something.

Chesterfields certainly do satisfy as no other cigarette has satisfied you before—and to top it off, they are packed in a glass-line paper package that preserves for you all of that delicious flavor.

Foreman Tells About Trouble

FOR TWENTY YEARS HE HAD SUFFERED — GAINS ELEVEN POUNDS AND IS RESTORED TO HEALTH.

"For about two years before I began taking Tanlac my health was so bad that I lost two or three hours from my work nearly every day," said C. H. Melton, a construction foreman for the Western Union Telegraph Co., Omaha, Neb. Mr. Melton's home is at 3336 Tracy Ave., Kansas City, Mo., and it was while he was in Kansas City one week-end on business for his company that he made this statement to the Tanlac representative.

"For twenty years before I started taking Tanlac I suffered from stomach trouble and nervous indigestion," he continued, "and my condition kept getting worse until about five years ago I was in such awful shape that nearly everything I ate caused me terrible suffering. I had bursting headaches, and gas would form so bad on my stomach at times that I could hardly breathe, and felt heavy and stuffy all the time. I suffered from constipation and got so weak and run down that I could hardly drag about and sometimes it looked like I would just have to give up my work entirely.

"A friend of mine, who had tried Tanlac, recommended it to me so strongly that I began taking it. Well sir, in three days' time I could tell that I had at last struck the right medicine, for my appetite began to improve, my stomach got better and I was feeling built up in every way. I have now taken five bottles of Tanlac, eat anything I want, have gained eleven pounds in weight, and never have a pain in my stomach. I have almost forgotten that I ever had a headache and I am not constipated any more, and in short, I'm not the same man and was never in better health in all my life. Yes, sir, of course, I can recommend Tanlac and I am glad whenever I get the opportunity to say a good word for it."

Tanlac is sold in Dakota City by Neiswanger Pharmacy, in South Sioux City by Shane's Pharmacy, and in Homer by Wagner's Pharmacy.

"People should take pains to avoid paying them by shopping for lower prices, by reducing their consumption, practicing thrift, utilizing for their savings Liberty Bonds, War Savings Stamps and other opportunities for gilt-edge investment now open to them.

"This attitude will constitute a strong influence in lowering prices, down to the point at least necessitated by basic conditions, and these latter conditions being fundamental, must be left to work themselves out.

CELEBRATE ARMISTICE DAY.

Tenth District Asked to "Go Over the Top" Again for W. S. S.

"Going over the top," came to be a wartime habit in the United States just as it did with the doughboys in France. It is a hard habit to curb and in order to keep in practice the Savings Organization of the Tenth Federal Reserve District has launched a campaign which will give each community an opportunity to "go over" again on Armistice Day and thereby celebrate a year of peace.

Each community is given a very small quota through its banks, and investors are being urged to order from \$100 to \$1,000 in new Savings Certificates which bear the same interest and privileges as the War Savings Stamps, recognized by investors as the best security offered.

The campaign is intended, not only to raise a few millions for the government, but to give individuals an opportunity to receive a maximum return on small amounts of savings. Small investors may help subscribe the quota by purchasing War Savings Stamps at any postoffice.

HER SAVINGS DIDN'T WORK.

Missouri Woman's Hoard Might Have Earned \$500 a Year.

When relatives came to straighten up the affairs of the late Mrs. A. McGuire of Kirksville, Mo., they discovered \$11,000 in currency and \$3,000 in gold hidden in old almanacs, books and under rugs and mattresses. The money had performed no service for Mrs. McGuire and probably had been idle for years. Invested in Liberty Bonds and War Savings Stamps and Savings Certificates, it would now be yielding over \$500 a year to Mrs. McGuire's heirs and would aid to stimulate production, increase employment and reduce the high cost of living. Idle money is no less an economic loss to the Nation than idle workers would be.

NO FRIEND OF PROFITEER.

Progressive Merchants Realize Danger in Excessive Prices.

Progressive retail merchants are coming to recognize that the prosperity of the merchant is thoroughly connected with the prosperity of his customers and that the success of the profiteer is no less a blow to the honest merchant than to the suffering purchaser.

In a recent letter to the public, Edward A. MacLean, secretary of the Oregon Retail Merchants Association, said:

"So long as the free buying spirit of the American public exists, mayors and governors can fuss and fume and Congress can enact what it pleases,

but high prices will continue. It is my opinion that the purchase of government securities such as War Savings Stamps and Treasury Savings Certificates instead of merchandise will hasten the overthrow of the 'high cost of living.'

"Here is the point—it is high time that the American people were brought to realize that the responsibility for the high cost of living is not a responsibility of Congress or any other agency. Unless the American people, themselves, quit supporting high prices, they can right now make up their minds to pay high prices for some time to come."

This attitude is thoroughly endorsed by the Western bankers. The Wells Fargo Nevada National Bank of San Francisco in a recent communication to its clients declared people should practice thrift, shop for lower prices, and utilize Liberty Bonds and War Savings Stamps as investments for their savings. After outlining some of the causes for the high cost of living, and government action to offset this, the bank says:

"What we may look and hope for as the main effect of this Governmental action is an awakening of the Nation to more of a natural reaction against paying high prices.
