The fruit cake, which adds so much to the pleasure of the holiday season, can be prepared ahead of time, as its delicious taste is only made better by being several weeks old.

When fruit is added to a cake, it is usually floured to prevent its settling to the bottom. This is not necessary if it is added directly after the sugar, which is desirable in all dark cakes. If a light fruit cake is made, fruit added in this way discolors the loaf. The citron is first cut in thin slices, then in strips and then floured. It is better to cut the raisins rather than to chop them.

DARK FRUIT CAKE

$\frac{1}{2}$ c oleomargarine. 2 eggs. $\frac{1}{2}$ c brown sugar. $\frac{1}{2}$ c milk. $\frac{1}{2}$ c raisins, seeded and cut in pieces. 2c flour. $\frac{1}{2}$ c currants. $\frac{1}{2}$ t soda. $\frac{1}{2}$ c citron. 1c cinnamon. $\frac{1}{2}$ t allspice. $\frac{1}{2}$ c molasses. $\frac{1}{2}$ t mace. $\frac{1}{2}$ t cloves. $\frac{1}{2}$ t lemon extract.

Measure out ingredients, sifting spices and soda with flour. Cream the fat until soft and of a creamy consistency; then add sugar and continue beating; then fruit, liquid, eggs and flour. Bake in deep cake pans one and one-quarter hours.

LIGHT FRUIT CAKE

$\frac{1}{2}$ c oleomargarine. $\frac{1}{2}$ c raisins—seeded and cut in pieces. 1c sugar. $\frac{1}{2}$ c milk. 2 ounces citron—thinly sliced and cut in pieces. One and seven-eighths c. flour. 3t baking powder. One-third c. walnut meats—cut in pieces. Whites of four eggs. $\frac{1}{2}$ t vanilla.

In making the mixture reserve one tablespoon flour to use for dredging the fruit.

School Children Need Hot Lunches

Few parents would care to eat the cold lunch their children have to eat at school. There is nothing agreeable about a cold lunch on a cold day and it offers little attraction even for the hungry. Hot lunches are now being served in many schools in Nebraska, and some states even require them. Children with something hot to eat at noon, if nothing more than some soup or a hot drink, feel better and learn better. A little work and thought will make it possible for every school to serve the children something hot. "Hot Lunches for the Rural School," dietetics circular 14 of the Nebraska College of Agriculture, sets forth some reasons for the hot lunch, how it may be had, and gives the method that is being used successfully in schools in the state.
