County Attorney George Leamer, of South Sioux City, last evening, who reversed his decision to prosecute the bandit on a murder charge after making a personal investigation into the case after the inquest Saturday. "There is evidence to show that the dead man is not Dewey Kinney," he said. "Until I am satisfied that everything has been cleared up I shall prefer a charge of robbery against Piazzi." Kinney's body has been sent to Johnston. Local police claim to have the third bandit implicated in the shooting located. He may be arrested at any moment. Testimony of several Sioux City people tends to support the theory that the identification of the murdered lad was a mistake.

### MEETS INSTANT DEATH IN AUTO ACCIDENT

JOHN B. EVANS

While making a hurried drive from Colton to Hunter, S. D., to attend a stock sale on Thursday last week, John B. Evans, a field man for the Dakota Farmer, an agricultural paper published at Aberdeen, S. D., was instantly killed when the front wheel of the auto in which he was a passenger came off, upsetting the car and crushing him underneath the wreck. His skull was fractured and death was instantaneous. The driver of the machine was badly injured, but will recover.

John B. Evans was the eldest son of Mr. and Mrs. R. E. Evans, of this city. He was born at Altoona, Pa., December 24, 1887.

Mr. Evans was reared and grew to manhood in Dakota City. He attended the University of Nebraska, taking a course in agriculture, and followed farming and stock raising as a vocation until recently, when he and his wife took up their residence in Sioux City, moving from the farm north of this place, which until recently belonged to his father, Congressman R. E. Evans, but which had been sold to Don Forbes. He was a prominent stockman, making a specialty of Duroc hogs, and had won quite reputation as a breeder.

The body was brought to Sioux City, and on Tuesday afternoon funeral services were held from the Westcott chapel, conducted by Rev. S. A. Draise, M. E. pastor of this place. Burial was in Graceland cemetery, Sioux City. The Odd Fellows lodge, of which he was a member, took part in the service, giving their ritualistic services.

His parents, Mr. and Mrs. R. E. Evans, came from Washington, and a brother, Robert E. Evans, jr., came from Norbert, Mont., to attend the last sad rites. Another brother, Kieth M. Evans, and a sister Anna M. Evans, of Washington, and his widow survive him.

### Laying Age of Pullets

An observation of the average number of days required to mature Leghorns, Rocks, and Reds as handled at the Nebraska College of Agriculture shows the following: Single Comb White Leghorns, 206 days; Barred Rocks, 239 days; Single Comb Rhode Island Reds, 250 days. The age at time of laying the first egg was taken as an index of maturity. There fore, such medium maturing breeds as Rhode Island Reds, Barred and White Rocks, Orpingtons, Langhans, etc., should be hatched as near March 1 as possible if they are to be old enough to lay by November 1, or in time to catch the highest prices of the year. The necessity for early hatching is not so great with Leghorns. They mature so early that April hatched pullets seem to have the advantage.

Imitation "Ford" parts are being sold by many mail order houses, down-town stores and garages to the unsuspecting Ford owners as "Ford" parts. They are not genuine Ford parts. They are made by concerns who have no connection whatever with the Ford Motor Company. Tests have shown them to break when the genuine Ford parts didn't even bend.
