DAKOTA CITY, NEBRASKA, THURSDAY, MARCH 25, 1920

VOL. 28. No. 30.

NEWSY ITEMS FROM OUR EXCHANGES

West Point Republican: Mrs. Geo. Zentmire and Miss Ruth Zentmire were here from Hay Springs the first of the week visiting at the home of K. C. Fouts.

Laurel Advocate: R. C. James was at Jackson and Ponca a couple of days this week. Mrs. E. E. Lundquist went to Dakota City yesterday for a short visit with Rev. and Mrs. Draise.

Rosalie Rip-Saw: Mr. and Mrs. Raymond Fouts were Sioux City visitors several days last week. Mrs. W. H. Mason and daughter Lena, of Walthill, were guests at the Ralph Mason home between trains Sunday.

Wakefield Republican: Mr. Cotton, auditor for the M. & O. railroad, is acting as agent during the absence of Mr. and Mrs. G. H. Pranger, who were called to Ft. Madison, Iowa, last week by the serious illness of Mr. Pranger's father.

Sioux City Tribune, 19: Died—In Sioux City, Ia., Friday, March 19, 1920, Mrs. Sarah Simmons, 85 years old, of Jackson, Neb., at a local hospital of dropsy. The body will be sent Saturday from Westcott's undertaking parlors to Jackson for burial.

Sioux City Tribune, 17: H. G. Clair, pastor of the South Sioux City Presbyterian church for the last four years presented his resignation Sunday morning. The congregation declined by vote to accept the resignation. No further action was taken. Mrs. G. E. Polley entertained the following guests at dinner at her home Sunday: Mrs. Alice Sheren and daughter Kittie, of Minneapolis; Mrs. Orrin Geishweller of Sac City, Ia.; Mrs. Ed Tunncliffe, of South Sioux City, and Ernest Eckert, of Minneapolis.

Allen News: Mrs. Jack Garvin of Tracy, Minn., visited over Sunday in the John Garvin home. Mrs. Garvin will join her husband near Goodwin, where they have bought a farm. About 6 o'clock Monday night as he was riding home, Archie Twamley discovered that the barn on the Roy Childs place was on fire. He hurried back to the house and got Roy out and with the aid of some of the neighbors the fire was extinguished before much damage was done. The fire is thought to have been started by the east bound freight which had gone down a short time before.

Sioux City Journal, 22: H. L. Griffith, an employe of the Burlington railroad at Goodwin, Neb., was arrested there Saturday and taken to the Dakota county jail. He is charged with embezzling \$900 from the American Express company. The arrest was made by Dakota county officials. Frank M. Dicus, 73 years old, a resident of South Sioux City, died late Saturday night of heart trouble. He was born in Ohio in 1847 and came to Dakota county in 1869. He is survived by two sisters, Mrs. F. B. Funk, of South Sioux City, and Mrs. Jane Thatcher, of Merville, Ia., and two daughters, Mrs. Madge Nichols and Mrs. S. S. McEwen, of Sioux City.

Ponca Advocate: John Mahon, one of the respected pioneers of Dakota county, died in St. Joseph hospital

Wednesday, March 10th, 1920, after a month's illness of heart trouble. He was born in County Langford, Ireland, about 67 years ago. When a boy he came to this country and took a homestead where he has since made his home. He was married in 1876 to Mary Anne Nichols, who died three years ago. To this union eight children were born, one dying in infancy, and Frank Mahon, Mary Gormally, John Mahon, Julia Conway, Henry Mahon, James Mahon, and Charles Mahon are left to mourn his loss. He was buried from St. Peter's Catholic church, at South Creek, Saturday, March 13th, Father Moore performing the obsequies. He was laid to rest beside his wife in the South Creek cemetery.

Emerson Enterprise: J. F. Prouse was a business visitor in Dakota City Monday. Wm. Voss, Henry Luth, Henry and Ernest were business visitors to Dakota City Monday. Miss Clara Blume, who teaches in South Sioux City, spent Sunday at home with her mother, here. Miss Beatrice Blume has recovered from her recent illness but under the doctor's orders will not take up her usual work at the Farmers' State bank. Miss Lena Wallwey, who is in training for a nurse at St. Joseph's hospital in Sioux City, is spending a few weeks at home recuperating after an operation for appendicitis which she underwent a week ago. John Watson, who has been down with rheumatism for the past three weeks, is still having a very painful time. Mrs. Watson went to South Sioux City on Monday where her niece, Mrs. Church, lives. Mr. and Mrs. Watson will both go to the Springs later when Mr. Watson is able to travel.

Lyons Mirror: Mr. and Mrs. John Young and daughter made a business trip to Omaha Tuesday. A. J. White was up to Homer on a land deal Friday and stopped over night in that time-honored place. He probably little dreamed that he was sleeping on historic ground. On the 18th of August, 1804, some of the men of the Lewis and Clark expedition camped on this very ground, while exploring the great Indian village there, which was one of the largest ever known in the entire west and the surrounding country. The first settler to land in Dakota county also camped there on St. Patrick's Day, 1856, and many others of the pioneers spent their first night in camp on this historic spot. The fleeting years passed on and October 1, 1871, found M. S. Mansfield building the first house in what is today Homer. And by the way, the above M. S. Mansfield passed over the townsite of Lyons in the fall of 1865, carrying the election ballots from Decatur to the home of Jas. C. Crawford, who lived near where West Point was afterwards founded.

INTER CHURCH

Watch for Special Announcements Next Week.

It is the Inter Church World Movement County Convention at South Sioux City, April 9th, 10 o'clock till evening—a strong team of four men and one woman will put on the work in a highly interesting way. Don't miss it. This will be the big thing for the churches this year.

EQUIPPED FOR SERVICE

There are two times when you need an account with the Goodwin State Bank.

1st. When you have surplus funds.

2nd. When you haven't.

When you have surplus funds you need a safe place to deposit, a place where your money works for you day and night. We pay five per cent on time deposits.

When you haven't surplus funds, you sometimes need to borrow. Our resources are adequate to take care of your needs and making loans is part of our business. Come in and see us when you need money.

Located in the heart of a rich agricultural community with every facility for the efficient handling of its business, this bank is in a position to offer you prompt and adequate service in your banking transactions.

GOODWIN STATE BANK

GOODWIN, NEBRASKA

"Everything in Banking"

Farm Bureau Field Notes

C. R. Young, County Agent

The last week's heavy roads have made the membership campaign for the Pure-Bred Heifer Club very slow. However, a fair number of applications were received. We hope to close the canvass early in the week. Any boy or girl from 13 to 18 years of age may join the club. Full information was published last week.

Each week brings many reports from farmers of this county that their seed corn is of low germination. Some men have already begun the ear-to-ear test. A few days ago we saw a large pile of highly selected seed corn, which the owner said would not test over 50 per cent. To look at this lot of seed, it was hard to realize that it could be anything but good. Have you made a test of your seed?

At the Covington Precinct organization meeting, several lines of work were outlined to be carried out during the year. Mr. George Hirschback will conduct a demonstration to determine the difference in yield when corn is cultivated two, three and four times. He will also test the difference in yield of potatoes grown from northern and home-grown seed. An orchard pruning demonstration was planned for the Guy Manning farm, north of the Island school house, for 2 p. m., Monday, March 29. At this meeting, the subject of orchard spraying will also be discussed. While at the meeting, several persons asked for gopher poison. This will be for sale at the orchard demonstration. Mr. Ira Waddell reported that 675 pounds of lead arsenate had been signed for. Inasmuch as the canvass was not complete, it was considered best to not close the orders until March 27. The following persons agreed to keep accounts on the costs of production of growing crops this year: Glen DeForest, John Bobier and T. J. Rounds, on corn; and George Hirschback, H. F. Tibbins and Don Forbes, on potatoes. These meetings will be held at regular intervals. The next one is to be on potato culture and marketing.

PIONEER WOMAN DIES AT ADVANCED AGE OF 91 YEARS

The following obituary appeared in the Sioux City Journal Tuesday of last week, and as the family first came to Homer in 1869, stopping for a while with relatives in that locality, they may be remembered by some of the earlier settlers. They were distant relatives of William Taylor, a pioneer resident of Omadi precinct, now living in Canada. G. A. Taylor, a son, and S. D. Flippin, a son-in-law, worked on the Henry Ream farm a couple of years after the family had located on a homestead on the Daily, in Dixon county.

"Mrs. Rebecca M. Taylor, a pioneer of northeast Nebraska, and a resident of Dixon county for fifty years, died early yesterday morning, March 9th, at the home of her son, N. E. Taylor, 825 Cook street. Mrs. Taylor was 91 years old. She came to Sioux City a few months ago and was active until a few days before her death. Mrs. Taylor was born near Raleigh, N. C., October 22, 1828, where she lived until shortly after the Civil war. She came to Emerson, Neb., with her husband and family in 1869, moving afterward to a farm at Daily, Nebraska. Surviving Mrs. Taylor are one brother, Louis Taylor, of Salt Lake City, Utah; G. A. Taylor and

D. V. Taylor and Mrs. J. B. Adams, all of Ponca, Neb., and Mrs. S. D. Flippin, all her children. The body will be sent to Daily for burial."

Lutheran Church Notes

By Rev. C. R. Lowe.

We will celebrate the holy communion next Sunday, Palm Sunday. Let us all make an effort to be present.

The ladies will meet at the home of Mrs. Arthur Armbricht Wednesday, March 25th. The serving committee is Mrs. Chas. Blessing, Mrs. Elmer Blessing, Mrs. Fred Beermann and Mrs. Armbricht. 2:30 is the hour. It is hoped that all members and their friends will be present. Come and enjoy yourself.

We were pleased with the largest attendance at Sunday school and at church last Sunday we have had for a long time. There were a good number of people whom we did not see present, however.

Would you like to see Salem with two hundred members, and having a large influence in this end of the county, engaged in a much larger work than it has ever done? Of course you would. It can be made so, and we guarantee it. You will enjoy it more, many will come to the church to see what is going on, and we will prosper. No, it is not our purpose to tell you here, but we wonder if you are interested. What is known as a "business firm" would be interested in a proposition of that sort. We wonder if the church is interested in its business. A firm would call a conference with the responsible head of the concern if he made such a statement, and want to know what he had in mind. We wonder if the church council will want a special meeting to consider the matter and then a congregational meeting of some sort to lay the matter before the people for their consideration, and whether we want the above enough to pay the price. We cannot have it all for nothing, though the money cost will be small, indeed. The pastor cannot do it alone.

We are enjoying the preaching on several topics under the head of "What Salem Needs." The people seem to be enjoying it, so say they do. Come and hear them, anyway.

Come to church.

Corrosive Sublimate Controls Potato Diseases

A circular issued by the Nebraska College of Agriculture Extension Service recommends that seed potatoes be treated as a crop insurance measure. By dipping the seed in a solution of corrosive sublimate it is possible to prevent loss from common scab; rhizoctonia, or black scurf; pin head scab; and black leg. The solution is made by dissolving four ounces of corrosive sublimate in a few gallons of hot water and diluting to a total of thirty gallons. The length of time the potatoes are left in the solution is given as follows: 1 hour the first time the solution is used; 1½ hours the second time it is used; and 1½ hours the third time it is used. The solution should not be used for dipping more than four lots of potatoes. The potatoes should be treated before sprouts appear, and before they are cut to plant. Dry them as soon as treated. Corrosive sublimate is an internal poison and should be used carefully and kept away from people. Treated seed will poison stock. Wooden, concrete or other non-metal containers must be used on account of the corroding qualities of the poison.

ONE HUNDRED MOST PROMINENT PREACHERS OF NEBRASKA TO TOUR ENTIRE STATE

Practically Every County to Be Visited to Discuss Interchurch World Movement and Problems of Underchurched Areas, Wasteful Duplications and Underpaid Preachers. Some Unpleasant Truths to Be Told.

Omaha.—One hundred of the most prominent Protestant ministers of Nebraska, from every section of the state, will tour Nebraska from end to end the first week in April for the purpose of presenting certain phases of the Interchurch World Movement to the different communities. In practically every county in the state a one-day conference will be held and a team of these Nebraska ministers, consisting of four members, will present the message which they bring. Each team will visit four counties. Attached to each team of four men will be one woman speaker, who will speak particularly to the women.

April 6 will be the opening day of the conferences and upon that date meetings will be held in twenty-one different counties of the state. A similar number of conferences, in as many different Nebraska counties will be held on April 7, 8 and 9th. The conferences will be composed of ministers, laymen and women.

A similar program to that of Nebraska will be carried out in every state of the Union, during which 2,000 such meetings will be held in as many different counties throughout the United States.

The conferences will last one day only. During that day will be presented the whole program of the Interchurch World Movement for promoting co-operation in missionary and general church activities among the Protestant churches. Time will also be given to discussion of the local problems in each county as revealed by the Interchurch Movement's survey of religious conditions throughout the United States.

No Sidestepping of Problems. It will be, it is said, a very exceptional county that does not bear some more or less unpalatable truths concerning unchurched areas, or wasteful competition, or underpaid and absentee preachers. Not many counties, it is stated, are able to show an average ministerial salary higher than the average for the whole United States, which is \$937, while barely one-third of the entire Protestant population of the United States, according to estimates made by the Interchurch survey, has an opportunity for regular church attendance.

Besides a full consideration of local problems, the program at the county conferences will present the outstanding results of the world-wide survey of religious, social and economic conditions made by the Interchurch Movement, the material for which has been gathered from every corner of the earth. Special emphasis will also be laid on the place of prayer in Christian life, the importance of assisting young people in the right choice of their life work and the duty of laying aside a definite proportion of income for religious purposes. Lantern slides will be freely used to illustrate the various addresses.

Big Educational Campaign Prepared. This series of conferences represents only an intermediate stage in a great campaign of intensive education in practical Christianity preparatory to the united appeal for missionary funds and workers which will be held by the Protestant denominations co-operating in the Interchurch Movement between April 25 and May 2. The teams that will address the county conferences were themselves trained as a "faculty" of specialists in the various aspects of the Movement at a series of state and pastors' conferences. Similarly, those who attend the county conferences will in turn form a "faculty" for interpreting the message of the Interchurch Movement to their local churches.

Thus it is expected that before April 20 the ideal of church co-operation advocated by the Interchurch World Movement, in place of church competition, and the program of evangelization that goes with it, will be familiar to every one of the fifty million Protestants in the United States.

M. E. Church Notes

Rev. S. A. Draise, Pastor

Who missed Sunday school last Sunday? Was it you? An even 100 say it was not I. It begins to look like a real Sunday school. Tell Dad we have to soon get more room or some of us will need to start going to Crystal lake.

We had two splendid preaching services. More people attended the public services last Sunday in Dakota City, than have been out on a single Sunday during the past two years.

Keep it up. Bring some one along next time. Everybody will want to come next Sunday. Palm Sunday, you know, Jesus triumphal entry into Jerusalem.

And then the Passion Week services Wednesday, Thursday and Friday evenings at 7:30. Illustrated with stereopticon. You will miss it, if you miss it.

Have you heard about the Father and Son and Big Brother banquet next Tuesday evening, March 30th? It will be held in the Ayres Hall. The "Eats" will be served at seven o'clock. Every man and boy over 9

years of age, will be expected to be present and all sit at table at the same time. Sons will sit with their fathers or big brothers. In case a father has no son, or a son has no father who can be present, their are special arrangements thru the Big Brother that bring out everything all right. You plan to come and have a really great evening.

The Ladies Aid will serve the banquet. There will be addresses and toasts on subjects especially interesting to boys and men.

Rev. Spence of Morningside, will give the principal address. But there will be short addresses by Basil R. Truscott of South Sioux City, E. M. Furman of University Place, and some local speakers, and singing for everybody.

The banquet which is being prepared at considerable expense, can only be served to those who hold tickets or accompany men who hold tickets for them. No boy will be required to buy a ticket, and every boy in the neighborhood of Dakota City will be provided for if he will say he will come. If Dad can't come—you come anyway.

THE HERALD FOR NEWS

FUNDAMENTALS

of a bank are three—resources, facilities, and service, and the greatest of these is service.

And this because a bank to exist MUST possess strong resources and adequate facilities, but its service depends upon the caliber of those behind it.

The quality and flexibility of our service will please you. Your needs are not too large to tax us, nor too small to merit our best attention.

Jackson State Bank

Jackson, Nebraska

Ford

THE UNIVERSAL CAR

The Ford Coupe with an electric self-starting and lighting system, is one of the most popular members of the Ford Family. It is a permanently enclosed car, with sliding plate glass windows—an open car with plenty of shade. Then in inclement weather, enclosed and cozy, dust-proof and rain-proof. Just the car for traveling salesmen, physicians, architects, contractors, builders, and a regular family car for two. Demountable rims with 3½-inch tires all around. To women it brings the convenience and comforts of the electric with the durability and economy of the Ford car. Early orders will avoid long delays in delivery.
