

Backache and Kidneys

Backache of any kind is often caused by kidney disorder, which means that the kidneys are not working properly. Poisonous matter and uric acid accumulate within the body in great abundance, overworking the sick kidneys, hence the congestion of blood causes backache in the same manner as a similar congestion in the head causes headache.

You become nervous, despondent, sick, feverish, irritable, have spots appearing before the eyes, bags under the lids, and lack ambition to do things.

The latest and most effective means of overcoming this trouble, is to eat sparingly of meat, drink plenty of water between meals and take a single Anurio tablet before each meal for a while.

Simply ask your druggist for Anurio (anti-uric-acid) if you aren't feeling up to the standard. If you have lumbering rheumatism, dropsy, begin immediately this treatment with Anurio.

The physicians and specialists at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., have thoroughly tested this prescription and have been with one accord successful in eradicating these troubles.

Patients having once used Anurio at the institution have repeatedly sent back for more. Such a demand has been created that Doctor Pierce decided to put Anurio in the drug stores of this country, in a ready-to-use form.

Omaha, Neb.—"I ached all over and felt so badly that I could not sleep at night; my bladder seemed weak, gave me considerable trouble, and caused stinging sensations. I read an advertisement of Dr. Pierce's Anurio (anti-uric-acid) and purchased a bottle. It was only a few days before I felt wonderfully relieved, and all the soreness left me. I am glad to endorse such a worthy medicine and always shall recommend it." MRS. W. C. ZESCI-MAN, 1832 N. 17th St.

Trademarks Are Pirated by Sharks

Americans Start Operations in South America to Protect U. S. Exporters.

REMEDY IS POINTED OUT

Manufacturers Should Register Their Trademarks With the Government One Concern Paid \$30,000 to Recover Trademark.

Buenos Aires.—Dispatches from the United States stating that the American Manufacturers' Export association had launched a fight against "trademark" pirates in various foreign countries, including Argentina, were read with interest by the American business colony here, which is aware of frequent instances of this sort of business meanness.

Americans are far from holding Argentina alone guilty of the practice, for the stealing of trademarks has been done here even by Americans from their own countrymen. It is said, as well as by Europeans from Americans.

Remedy Pointed Out.

The remedy against it, business men say, is for the American manufacturer to register his trademark with the government without delay, otherwise when he attempts to enter this market he may find that some unknown individual or competitor in the same line of goods has anticipated him.

It is not necessary in Argentina for the person who registers a trademark to be the actual manufacturer of the goods. That is, anybody can register a trademark, first come, first served. Once registered, the mark can, of course, be used by no one else, and if it has been pirated, the rightful owner either has to sell his products under a new trademark or buy off the pirate.

It is known in the office of the United States commercial attache that \$30,000 was paid by one American concern to recover its trademark from a pirate.

There are reported to be certain individuals who almost make a business of appropriating trademarks of foreign concerns in order to extort a price for surrendering them to the owner. They watch particularly for advertising in newspapers and magazines of foreign concerns whose products they judge are likely to find a market in Argentina; if they find a likely trademark not registered, they see that it is done in their own names and then wait.

Trademarks Need Renewal.

They also watch for the expiration of trademarks—the period is ten years. There are known to be instances in which concerns have thus left their trademarks to a pirate as the result of neglecting to have them renewed.

Argentina has yet failed to ratify the pan-American trademark convention, under which a central agency for the ten southern republics of America would be established in Rio Janeiro for the registration of trademarks. A trademark registered there will be good in all other South American countries signatory to the con-

vention and will save time, expense and trouble. The Argentine administration is known to be anxious to have the treaty ratified, but congress has failed to act. It is reported that President Irigoyen is preparing a special message to congress urging that there be no further delay in the matter.

Gorky, Russian Radical, Finds Soviets a Failure

Bitter disappointment with bolshevism is expressed in an article recently published by Maxim Gorky, the Russian radical, according to a dispatch from Stockholm, Sweden.

"The revolution has not been followed by spiritual revival," the article is said to declare, "and has proved itself unable to make men more honest. Men in power now are just as brutal as those in authority under the imperial regime and send as many to prison. Bolshevist leaders, driven by ambition, are performing experiments upon living people, especially the working classes."

HEADACHE Often Caused by Acid-Stomach

Yes, indeed, more often than you think. Because ACID-STOMACH, starting with indigestion, heartburn, belching, repeating, bloating and gas, if not checked, will eventually affect every vital organ of the body. Severe, blinding headaches are, therefore, of frequent occurrence as a result of this upset condition.

Take EATONIC. It quickly banishes acid-stomach with its sour blast, pain and gas. It aids digestion—helps the stomach get full strength from every mouthful of food you eat. It robs its victims of their health, undermines the strength of the most vigorous.

Within a few years California will be freed from the danger of fuel shortage, for the state's water power is being developed rapidly, many dams being built along its waterways. Girl Sneezed So Hard Eye Popped From Head

Sneezing with such violence as to cause her eye to fall out was the experience of Miss Marjorie Pryor of Chester, Pa. The optic was replaced.

According to the hospital authorities, it is not unusual for the eye to be removed for some operations, but to have it forced out by coughing or sneezing is unique in medical annals. Miss Pryor has left the hospital, suffering no serious effects from the peculiar experience.

Will Fly Across the Pacific

Giant Flying Boats Planned for the Trip.

Will Cross From California to China, 8,777 Miles, in Four Hops.

New York.—Two giant flying boats for the first flight across the Pacific ocean are being planned, according to the Manufacturers' Aircraft association. These planes will be nearly twice the size of the NC-4, which made the first trans-Atlantic flight.

The proposed route lies from San Francisco to Hongkong, China, a distance of 7,616 nautical miles, or about 8,777 land miles. Stops will be made at Honolulu, Wake Island, Guam and Manila.

The flight has been made possible, the association says, by an invention of Edson Gallaudet of East Greenwich,

FOUND HIS OCCUPATION GONE

Wearry Wanderer Another Victim of the Horrors of War, as He Explained to Housewife.

Women don't feed tramps readily nowadays, with work so plentiful and men so badly needed in almost all occupations, and a tramp has to be a bit brighter than formerly with his excuses if he "gets by" the average housewife with a hard-luck tale. One that came to the back door of a Muncie residence the other day will not fail to make good in his particular "profession" anywhere.

"I'm out of work," he explained to Mrs. Housewife, as she stood frowning down on him, "because the war destroyed the only occupation I ever had been taught—the occupation my father taught me and that I always had followed until this terrible war came on."

"What was your job the war ended?" asked Mrs. Housewife, a shade of interest and even of commiseration entering her voice as she spoke. "Tramping, mum," was the almost tearful reply.—Indianapolis News.

Stunned.
"If labor persists in its arrogance," said the town man, "the time will come when the hired man who does a full and honest day's work will be denounced as a traitor by his class."

"The hired man who does—good gosh!—what?" astoundedly yelled Farmer Bentover.—Kansas City Star.

Fortunes await the inventor of a lifeboat that will float on the sea of trouble.

With such crops come prosperity, independence, good homes, and all the comforts and conveniences which make for happy living.

HARDLY PAID FOR EXERTION

Small Sum Collected From Burglar Didn't Recompense John for His Disturbed Repose.

The clock struck the hour of three. The wife rose on one elbow and listened. Then she nudged her side partner.

"John," she whispered, "there's a burglar downstairs."

"The deuce there is," exclaimed John, jumping out of bed. "I'll show him."

He crept downstairs. There was the sound of a crash, a revolver shot and the sullen thud of men engaged in mortal combat. Then a window smashed and all was still. The terrified wife turned on the light and hurried into the hall.

"John!" she called timorously. "All right, my dear," called John. "I found him. All he had was sixty cents."

Where?
Less than an hour from New York there is a little New Jersey town where a church congregation has plunged very deeply into modern religious thought and tendencies. Just how deeply any one driving by their little white wooden building can tell from the sign hanging by its door:

"Where do you spend Sunday? Around the fire?"
"Where will you spend eternity? Surrounded by fire."

Feeding a Grudge.
"I see the railroad restaurant men are to have a banquet." "I'd like to supply the sandwiches."
