VOL. 28. No. 43.

NEWSY ITEMS FROM OUR EXCHANGES

Laurel Advocate: C. L. Metz and wife have returned from South Sioux City, where they have been with their son—Mr. Metz, since February.

Ponca Advocate: County Treasurer Butler and wife have been spending several days with relatives at Dakota City. Attorney Sidney T. Frum, of Dakota City, had legal business in the county court here last Saturday.

Wayne Herald: J. H. Fitch went to Nacora yesterday afternoon. Mrs. F. S. Berry and son Frederick returned Tuesday evening from a visit in Sioux City. Mrs. Berry also attended the reunion of the alumni of St. Catherine academy at Jackson.

Bloomfield Monitor: Prof. A. B. Rich was down to Omaha last week to visit Mrs. Rich, who has been there receiving hospital treatment during the past six or seven weeks. He reports her as getting along nicely with bright hopes of completely regaining her normal health and strength.

Lyons Mirror: John Deionghery of Jackson, was in town a few days, going on to Craig Thursday. G. W. Little and daughter Esther, left for the Pacific coast states today. They will also return via New Mexico and Mr. Little's daughter, Mrs. John Spencer, who lives there, will accompany them home.

Walthill Citizen: W. H. Plummer and family went to South Sioux City last Saturday for an over Sunday visit with relatives. Geo. H. Lamson and wife went to Omaha Monday to attend the athletic exhibition and visit her brother who is having his eye treated. Mrs. James Perkins who has been visiting her mother, Mrs. K. Lane, returned to her home at Gurley, Neb., Tuesday. Mr. and Mrs. B. J. Sheldon and Miss Sylvia Lamson returned home Monday from Hartington where they had been in attendance at the races.

Wakefield Republican: Mrs. Geo. Pranger was a Sioux City visitor last Monday. George A. Dixon, son of Mr. and Mrs. L. P. Dixon, of Wakefield, and Miss Fanny Wilbur, of South Sioux City, were united in marriage at the home of the bride's mother, on Saturday evening, June 5th, at five o'clock, in the presence of about sixty relatives and friends. Immediately after the ceremony a four-course dinner was served, the bride's colors being carried out in pink and white decorations and menu. A large number of beautiful presents were received. After a short honeymoon they will be at home to their many friends at Lincoln, where the groom has a position as traveling salesman for the Eli Lillie & Company, chemists.

Ponca Journal: Emory, Anna and Helen Austin left the first of the week for Twin River, Wis., to attend summer school. County Attorney Leamer of Dakota City, and Attorney Pizey of Sioux City, were in Ponca on legal business Monday. Mrs. C. E. Hedges and daughters, Mary Frances and Margaret, left for their new home in Kansas City this week. The best wishes of a large circle of friends go with them. Earl Wallway and Hugo Zastrow of Emerson, both 13 years of

age, were brought before Judge Gay Graves Monday at a special term of the district court on a charge of burglary and larceny. They pleaded guilty and sentence was suspended. They were paroled to their fathers, and also to report to Sheriff J. H. Maskell each month. The boys entered a storeroom in Emerson and took some goods belonging to R. J. McDonald.

Fullerton Post: A pretty home wedding took place on Wednesday evening of last week at the residence of Mr. and Mrs. J. H. Hampton when their daughter, Miss Helen Rix and Mr. William J. Bintz were united in the holy bonds of matrimony, in the presence of a small party of relatives and friends, the Rev. A. D. Davis, assisted by Rev. J. G. Shick of Lincoln, officiated, and the impressive ring ceremony was used. Mr. and Mrs. Phillip Hollinger were the attendants. The bride is a graduate of the F. H. S. and a talented young lady. She taught in the Nance county and Walthill schools and is a popular member of the younger set. The groom came to this city from Wolbach a year ago and is employed at the Reo garage. He is a young man of splendid qualities and has made many friends with his genial manner. The newly weds left Thursday morning for a wedding trip to Dakota City and will also visit Norfolk and other Nebraska points.

Emerson Enterprise: Ike Woods was taken to a hospital in Sioux City Saturday morning. His condition was considered quite serious. Mrs. Harry Church of South Sioux City, and Miss Ruth Watson, a student at Wayne Normal, were guests of Mr. and Mrs. John Watson the last days of the week. James Hogan went down to his farm near Hubbard Monday to spend a few days and direct the work of painting and repairing the buildings. Leo Wagner, the efficient pharmacist, who has been working for the Ryan Drug company for the past ten weeks, has tendered his resignation to Mr. Rynn. He informed the editor that he and Mrs. Wagner like Emerson and her people, but they have been unable to rent a house, so will locate in some town where houses are more plentiful. If Mr. Wagner had secured a house in Emerson he would not have lost all his household goods in the flood catastrophe that recently visited our sister town of Homer.

Lincoln Special in Omaha Bee, 18: Lincoln, Neb., June 17.—Mayor W. E. Allen of Homer, Neb., visited the statehouse today for the purpose of taking up with the governor a plan of assistance which may be needed to put the town back into condition and give the poor people again the homes which have been swept away by the floods. The mayor says that about \$10,000 will be needed to relieve the situation. Thirty-five houses were damaged badly. Ten of these have been moved back onto their foundations, while 11 more are in shape to be moved, but must be placed on higher ground so as to be safe from and future danger. Seven acres of ground has been obtained for these houses, 21 of which were entirely washed from their foundations. There are no funds of the state which can be used in this case and it may be

HOW OFTEN

Within the past month have you read about the destruction of buildings and live stock by windstorms and lightning. Now is the dangerous season.

Have you looked over your policies to see if you are carrying the proper amount of insurance? The old limits of two or three years ago are totally inadequate in the face of present day prices.

A policy which provides for a limit of \$100.00 per head on horses and \$50.00 per head on cattle does not properly protect the average herd. We can write you a policy with a limit of \$400.00 per head on horses and \$100.00 per head on cattle.

We will be glad to talk to you in regard to increasing your present insurance. If you are too busy to come in, drop us a line and we will call on you.

"Everything in Banking"

necessary to make a drive to secure the needed financial aid. If this is done it is possible that each county will be assigned its quota. Three churches were washed away and the congregations have not yet decided what they will do. Two of the churches probably will be moved to higher ground.

Lincoln Journal, 18th: Mayor W. E. Allen of Homer and Chief H. H. Antles of the state welfare department visited the Lincoln commercial club at noon and talked for a few minutes with the board of directors. "No definite arrangements have been discussed," said the Homer mayor after the meeting, "we are looking for suggestions more than anything else. We must have money to get on our feet again. The Red Cross has been very liberal, but money is needed to re-establish the town." Mr. Allen and Chief Antles will meet with the Omaha chamber of commerce Friday. Mr. Antles will probably go from Omaha to Homer to look over the present situation there. He deplored the fact that the legislature had passed no appropriation for such an emergency as this. The board of directors of the Lincoln Commercial club Thursday afternoon went on record as endorsing Governor McKelvie's plan of making an appeal to the public for funds to assist the town of Homer, wiped out by the flood two weeks ago. Mayor Allen of Homer and Chief Antles of the state welfare department called on the Commercial club officials at noon Thursday. They presented a letter from the chief executive. The governor called attention to the fact that the state had no funds available for such work as this and suggested the formation of a committee of well known citizens to present the matter to the people of Nebraska. The Lincoln Commercial club promised to cooperate in this movement and recommended that the governor proceed to act on his own suggestion. A similar letter will be taken to the Omaha Chamber of Commerce by Messrs Allen and Antles.

Lutheran Church Notes
By Rev. C. R. Lowe.

The young people will meet at the church next Friday night for the choir practice.

The Ladies Aid meeting was postponed for a week, till Thursday, July 1. It will meet at that time with Mrs. M. G. Leamer.

Always remember if you want to get the most for your money which you contribute to the church, you have to attend it. You have a responsibility.

If you want God to answer your prayers, you will have to let him do so after you have prayed. He can't answer some folks' prayers because even after they have prayed they do not want them answered.

Sioux City Tribune, 19: A startling block has been placed in the road of the South Sioux City council's proposed paving project in the nature of six objections which have been filed by an element which Mayor J. L. Phillips characterizes as the "anti-paving faction." Although the contract for the three and a half miles of concrete paving has already been let to the John A. Beebe company of Omaha, the objections which have been filed with the clerk of the district court, in an effort to defeat the paving issue, may cause a temporary delay of several weeks. However, Mayor Phillips is confident that the citizens of South Sioux City want the paving, and that in spite of the protests of the few farmers, who hold small acreages within the city limits, and the railway corporations, the paving will be completed this summer as originally planned. At the council meeting held last night the six objections were read and made a matter of record. Only two of these, Mayor Phillips believes, present sufficient grounds for the abandonment of the project. The chief objection presented by the "anti-pavers" is that it is illegal to pave outside the city limits. Another is that it is illegal to allow the contractor to buy the paving bonds at a price fixed by himself. In answering the first objection, Mayor Phillips explained that there are two small pieces of property on the west side of Dakota street at the extreme south edge of the

Official Proceedings of the Board of Commissioners

Dakota City, Nebraska, June 18, 1920.

Fisher, commissioners; Geo. J. Boucher, deputy county clerk, and Geo. W. Leamer, county attorney. No business appearing, board adjourned to meet June 22, 1920.

Geo. J. Boucher,
Deputy County Clerk.

Dakota City, Nebraska, June 22, 1920.

Board of Equalization of Dakota county met pursuant to adjournment with the following members present: J. P. Rockwell, county assessor; John Feller, William H. Rockwell and O. W. Fisher, commissioners; Geo. J. Boucher, deputy county clerk. Board considered assessments of various precincts, made adjustments as seemed necessary, and adjourned to meet July 1, 1920.

Geo. J. Boucher,
Deputy County Clerk.

Good Care of Milk and Cream Pays

The value of Nebraska's butter output would be increased several cents a pound if all the dairy farmers of the state could be induced to give the milk and cream better care on the farm, says a circular by the Nebraska Agricultural Experiment Station called "Cooling Tanks and Milk Houses as Factors in Cream Improvement." Good butter cannot be made from inferior cream. The better the quality of butter produced the greater the demand and the higher the price. From a dollars and cents standpoint it is a paying proposition to properly care for milk and cream. The circular discusses such subjects as cleanliness, cream cooling, cream cooling tanks, use of cream tanks in cold weather, cream grading, milk houses, ice for cream cooling. It gives a list of suggestions for cream improvement. The circular will be sent free upon request.

Control of Garden Insects

Spraying with arsenate of lead will control potato bugs or beetles, says the Nebraska College of Agriculture. This poison solution is made of one pound of arsenate of lead to ten gallons of water, with a little laundry soap added to make the solution stick to the leaves. Cucumbers, muskmelon and squash beetles may be controlled by dusting the plants with air-slacked lime mixed with lead arsenate powder. When plants of any kind are attacked by lice Black Leaf 40 is generally used. Arsenate of lead and Black Leaf 40 can be purchased at any drug store and they are usually accompanied with directions for their use. Control of vegetable insects and diseases depends much on prompt action as soon as their presence is noticed. Spraying and other methods are necessary some time or other every year, for every plant in the garden is infested at some time with either a disease or an insect.

BY A SINGLE STROKE

of misfortune, the home and its perhaps dearly acquired fixings, may be demolished. If the owner's property is uninsured, the situation is not pleasant to contemplate.

Our officers believe firmly in Fire Insurance, and urge all—in justice to themselves and their families—to give this matter serious thought and to take prompt action. Our connections are with the most dependable companies.

THE UNIVERSAL CAR

INSIST ON GENUINE FORD PARTS

The Authorized Ford Dealers are your protection. As such, we handle nothing but the Genuine Fordium Steel, and each part—according to its use—is heat-treated in the way that will give it the longest.

Imitation "Ford" parts are being sold by many mail order houses, down-town stores and garages to the unsuspecting Ford owners as "Ford" parts. They are not genuine Ford parts. They are made by concerns who have no connection whatever with the Ford Motor Company. Tests have shown them to break when the genuine Ford parts didn't even bend. parts. They are made from the famous Ford Van-wearing qualities.

Our Ford garage and Ford mechanics are at your service at all times. Drive in when replacements or repairs for your Ford car may be necessary. Save your car and also save your money.
