Wayne Herald: Congressman R. E. Evans of Dakota City, was in Wayoa over Monday night. Congressman Evans is not a politician, but he impresses any unprejudiced person as one who is bringing to the public service which he is rendering, careful analysis, sound intelligence and utmost sincerity.

Allen News: Frank Hill, wife and son came Monday to see his mother, Mrs. Harry Hill, who is quite sick. Mrs. W. A. Randolph Times-Enterprise: Margaret Stidworthy, of Homer, is visiting this week at the M. P. Buol home. M. P. Buol and daughters drove to Homer on Sunday, returning with Mrs. Buol, who visited there a few days with relatives. Mr. Buol was surprised at the serious extent of the damage caused by the Homer flood. He declares that many buildings are

practically wrecked. He saw where mud and trash had been shoveled out of windows, leaving piles as high as the window ledge. In many houses the floors are warped, plaster falling off and the house almost ruined.

Last Wednesday was Evelyn Haase's eighth birthday anniversary and Mrs. Haase invited eight little girls in the afternoon to help her celebrate the event. After enjoying the games and other amusements, a luncheon was served. Those present were Esther Prouse, June and Elaine Bonderson, Nancy Ridgley, Vira Taylor and her cousin, Susan Draper of Sioux City, Carol and Evelyn Haase. The Nebraska Telephone company rewarded Mrs. Lothrop, the efficient chief operator of the Homer exchange, for her faithfulness in staying at her post of duty during the Homer flood, by presenting her with a draft for \$150.

The Nebraska Telephone company is one of the big corporations that never misses an opportunity to recognize any special effort of employes to render service where it redounds to the good of its patrons. Mrs. Lothrop is only one of many who can testify to the generosity of this institution.

We Want the Young Folks

To Bank with us. We will gladly teach them how to bank and help them acquire stable business habits. If they want to develop into strong business men and women, they cannot begin too early.

Although habits are easily started at any age, most people are not trying to start anything new in old age, but are busily engaged in bringing to an end the things started earlier in life.

One beautiful thing about the possibility of human effort is to start. It is always easy, but the easiest time is when a person is young.

Encourage the young folks to get the banking habit. It's a good one.

INSIST ON GENUINE FORD PARTS

The Authorized Ford Dealers are your protection. As such, we handle nothing but the Genuine Fordium Steel, and each part—according to its use—is heat-treated in the way that will give it the longest

Imitation "Ford" parts are being sold by many mail order houses, down-town stores and garages to the unsuspecting Ford owners as "Ford" parts. They are not genuine Ford parts. They are made by concerns who have no connection whatever with the Ford Motor Company. Tests have shown them to break when the genuine Ford parts didn't even bend. They are made from the famous Ford Van-wearipg qualities.

Our Ford garage and Ford mechanics are at your service at all times. Drive in when replacements or repairs for your Ford car may be necessary. Save your car and also save your money.
