

"Can Do My Work With Pleasure"

FEELS GOOD ALL THE TIME SINCE TAKING TANLAC—GAINS TEN POUNDS.

"Before I began taking Tanlac I was in a badly run-down, weakened condition, but now I am enjoying perfect health," said Ernest Mack, 1922 K. Street, Cedar Rapids, Iowa, an expert automobile mechanic.

"For a year I had been in an awful bad shape, had hardly any appetite, and everything I ate disagreed with me," said Mr. Mack. "After every meal my food began to sour almost at once, I would become badly nauseated, have intense pains in the pit of my stomach, and bloat up with gas until I could hardly breathe. My heart palpitated dreadfully nearly all the time, and often while at work it would pound so hard and I would become so exhausted I just had to stop to rest and get my breath. In fact, my whole system just seemed to be out of order, and I felt so tired and worn out it was all I could do to get around."

"I had heard so much about what Tanlac was doing for others I concluded there must be something to it, and decided to give it a trial myself. I am now glad I did, for my stomach is in good condition, I have a splendid appetite, eat just anything I want, and never have a sign of nausea, pain, gas or palpitation of the heart. I have regained my strength and feel so good all the time my work is actually a pleasure to me. I am ten pounds heavier since I started on Tanlac and am glad of the opportunity to give this statement, as I feel it my duty to tell others what Tanlac has done for me."

Tanlac is sold in Dakota City by Neiswanger Pharmacy, in South Sioux City by McBeath's Pharmacy, in Homer by Brassfield & Jensen—Advertisement.

When the train came in back in 1910

TEN years ago you might have seen one or two automobiles waiting outside the station, when the weather was pleasant.

Today the square is crowded with them. And most of the cars you generally see there are moderate-price cars.

Anybody who tells you that owners of moderate-price cars are not interested in the quality of their tires has never met very many of them.

We come in contact with the small car owner every day and we have found that he is just as much interested as the big car owner.

There is one tire, at least, that makes no distinction between small cars and large cars so far as quality is concerned—the U. S. Tire.

Every U. S. Tire is just like every other in quality—the best its builders know how to build.

Whatever the size of your car, the service you get out of U. S. Tires is the same. It isn't the car, but the man who owns the car, that sets the standard to which U. S. tires are made.

We feel the same way about it. That's why we represent U. S. Tires in this community.
