12,000 Women Hear Harding's Address on Social Justice

Twelve thousand women from all parts of the United States went to Marion to hear Senator Harding's address on social justice in which he urged the creation of a Federal Department of Public Welfare to function in defense of maternity, childhood and public health.

ses. Our cousin, James Harden, used to make thousands of gallons of sorghum in Dakota county.

Emerson Enterprise: Mrs. Joe Heenan of Jackson, spent the weekend at the home of her father, James Heeney. Miss Anna Blanche Evans, of Hubbard, spent the weekend at the home of Dr. N. L. Hansen. Robert Voss, of Walker's island, visited a few days this week at the home of his father and mother, Fred and Mrs. Voss. James Heeney and daughter, Miss Mae Heeney, and Mrs. Frank Heeney, went to Omaha Tuesday to visit for a few days. Forty years ago the 14th of this month this section of Nebraska was visited by one of the worst blizzards in the history of the country. James Heeney, one of the old timers of this section, in a reminiscent mood, informed us that he was living on his homestead near Nacora at that time. Snow continued to fall and was on the ground all winter, and when he started to sow wheat on the 19th day of April there remained snow drifts eight or ten feet deep. Among other things Mr. Heeney informed us that his wheat crop that year required a day and a half threshing, and when they got through he had a wagon box full of wheat. He took this wheat to the Combs mill south of Homer, and after it had been cleaned up he had fourteen bushels left that was fit to grind into flour. Mr. Heeney said that his closest neighbor at that time was Mr. Demme, who recently departed from this life.

Laurel Advocate: Telegrams were received Sunday evening by Mr. and Mrs. C. S. Ford informing them of the death of their son Charles that afternoon in the Good Samaritan hospital, Portland, Ore. As they were unaware that he had been ill or that any accident had befallen him they were at a loss to understand the death message; but Monday's mail brought a letter written several days before by a friend stating that while moving some furniture Mr. Ford had strained his side, and while he considered the injury very slight had thought best to have it attended to at once and had accordingly submitted to an operation, from which he was recovering so satisfactorily that

there was no cause whatever for alarm. A telegram received today stated that the friend left Portland Tuesday with the body and at noon Friday would arrive in Sioux City, at which place the funeral will be held Saturday morning. Charles Raymond Ford, the third son of Mr. and Mrs. C. S. Ford, was born at Ponca, Neb., June 7, 1878, and died at Portland, Ore., Oct. 17, 1920. There were six children in the family and this is the first death. The eldest son, George, lives in Minneapolis, Frank is at present with his parents in Laurel, Katherine (Mrs. H. H. Killackey) resides at Bloomfield, Anthony in Laurel and Alice in Sioux City. The deceased spent his youth at Ponca, Homer, and other northeast Nebraska points where the family resided until they came to Laurel twenty years ago. At that time he accompanied his brother Frank to Yankton, where they both worked at cigar making (the latter's trade) for a few months, then he went into Sioux City which has been his home practically ever since. For ten years or more he operated the Flatiron grocery there. During the past three years he has made several trips to the Pacific Coast, going up and down the length of it several times and finally operating for five months a store in San Francisco. This he disposed of last winter and in the spring returned to Sioux City. Soon after this in company with his brother Frank, he came to Laurel and spent a couple of months with his parents, leaving here June 9th, just following his 42nd birthday, which he remained here to celebrate. Later in the summer he returned to Portland and was working there when the accident occurred which resulted in his death. The sympathy all goes out to the sorrowing family, called upon for the first time to part with one of their number. Miss Mary Myers, sister of Mrs. Ford, and Miss Alice Ford are here from Sioux City, and Mrs. H. H. Killackey is expected tomorrow.

Lutheran Church Notes

By Rev. C. R. Lowe.

Next Sunday is World's Temperance Sunday, and it is our purpose at that time to review the effects of the eighteenth amendment to the United States Constitution. We all have little doubt that it is beneficial, but to what extent we do not know. We believe this will be profitable.

The Ladies' Aid will entertain their husbands and their friends to dinner at the home of the pastor next Thursday. This will be a good thing. We ought to give more attention to our social life in the community, and in it there ought to be a greater effort to interest the newcomers into the community. The old ones who have been here for a long time will be giving place to others in time, and it will be necessary to make the newcomers welcome, that the church may prosper and be a power for good even after we have gone. There is a place for the church to serve the community in which it is. If you think the pastor ought to do something he is not doing, let him know and he will try to do it. But you must know as members you have a thing to do besides the financial support of the church. If you are interested in it, and do not know just what would be the best, consult the pastor, and maybe together we can determine a line of action.

We are going to start an adult instruction class the 28th of November. We want every member to be a member of that class, and we want each one to be interested in it to the extent of visiting your neighbor, and trying to interest him in it. If you make the endeavor and do not succeed, have the pastor see them in addition. Remember if we will make this a success it depends very largely upon the people of the congregation, whether you support it fully or as something thrust upon you that you wish was not. This is a move by the council, their request for the good of the congregation. The wish of the pastor is that you will fall in line with the suggestion and opportunity as eagerly as the pastor did when it was brought up at the council meeting. Arrange your work and social going so you may have that time to attend the class on instruction. You can always be there, in reason, of course you have the children go to school regardless of the weather or whether they may want to or not. Make this one thing you are determined to see through, and then be as careful of yourself in regard to it as you are that the young go to school. Lay every other thing aside on Sunday evenings, and come to the class.
