## Engineer Says It Has No Equal

HAD TO USE TWO CANES TO GET AROUND BEFORE TAKING TANLAC, BUT RHEUMATISM GONE NOW.

"I made a statement soon after Tanlac set me right, two years ago, and as I am still enjoying fine health I want to go on record again, this time to let my friends know how thoroughly the medicine did its work for me," said Cornelius O'Connor, 1312 Q street, Lincoln, Neb., a few days ago.

Mr. O'Connor, who is now retired, was a locomotive engineer for thirty-two years. He helped to construct the Chicago, Burlington & Quincy and for a long time pulled passenger trains number 1 and 2 over this road between Omaha and Lincoln.

"Before I took Tanlac," said Mr. O'Connor, "I had suffered with rheumatism for six years. My legs were so lame and painful that I had to use two canes in order to get about at all and the joints in my arms and hands ached so bad I could hardly stand it. I was in perfect misery for days at a time and had lost my strength until I couldn't get as far as one block without stopping to rest. I tried everything I ever heard of for rheumatism, but nothing helped me a particle.

"One day an old railroad man and friend of mine told me how Tanlac had helped him and advised me to give it a trial. Well, I have felt thankful a thousand times that I took his advice. Before I finished the second bottle my pains had eased up so I could get around better. While on the third bottle my improvement was especially noticeable. My pains left me and I was walking better and gaining strength every day. I just kept taking Tanlac and improving right along and in the following Spring I went to the country on a fishing trip. On starting home I left my walking sticks at a farm house and have never needed them since for I have had no signs of rheumatism to this good day. I have gained twenty-four pounds in weight since taking this medicine and feel fine in every way. I don't believe there's an equal of Tanlac and it's always a pleasure for me to recommend it."

Tanlac is sold in Dakota City by Neiswanger Pharmacy, in South Sioux City by McBeath's Pharmacy, in Homer by Brassfield & Jensen, in Hubbard by Duggan & Heffernan.

## FIRST AID WORK IS BEING PUSHED

Two phases of the Red Cross work that are being pushed under the peace program of the organization are first aid and life saving—two principals with which every person should have at least the fundamentals, for there is no tellings at what time they will prove of vital need.

In the central division, in particular, is this work being carried on extensively and intensively. More chapters have taken up this line of work and the number of schools which have adopted courses in first aid is increasing with considerable rapidity. During the last few months the Bureau of first aid has been instrumental in introducing courses in the normal schools in each of the states, with the result that several hundred teachers now are prepared to act as instructors. In several instances enough interest has been aroused in the normal schools to have work continued throughout the year.

### Swimming Activities Grow.

Swimming activities have been exceptionally well carried on, particularly at Muskegon, Mich., where, under the auspices of the Chicago chapter, more than 400 boys were taught swimming, life saving and elementary first aid under expert instructors.

Ludington, Mich., also employed a permanent teacher for swimming and life saving and reports excellent attendance in the classes. Many applications have been received from chapters throughout the division for the use of a swimming teacher, but, unfortunately, up to the present time there have not been enough teachers to meet the demands.

### Milwaukee Chapter Busy.

Milwaukee chapter has carried on an exceptionally active campaign, both in first aid and life saving work, and reports a large number of graduates. This chapter also has pushed the advanced work in the instruction of first aid and has pupils at present awaiting their medals, which have been issued to them from Washington.

Many private institutions which have no connection whatever with the Red Cross have been ordering first aid supplies through the division office. These institutions undoubtedly, in a very short time, will be brought under the jurisdiction of the Red Cross chapters.

## THE HERALD FOR NEWS

STILL the GREATEST MOTHER in the WORLD

FOURTH RED CROSS ROLL CALL

The "Greatest Mother" concept which was visualized in the famous poster used by the American Red Cross in the post-war era has had its symbolism adapted to the Red Cross works of the post-war era and will illuminate the main poster to be used in the Fourth Roll Call November 11-25. This adaptation will bear the title "Still the Greatest Mother in the World." Everyone is familiar with the original "The Greatest Mother in the World," the effectiveness of which has been shown in part by the fact that it has furnished a synonym for Red Cross that has come to almost a household term. More than any other symbol, except the red cross itself, the public has made it the trademark of the American Red Cross.

## Telling the People About Our Business

Some business heads say: "What's the use of advertising—what's the use of telling the people anything? They won't listen to what a corporation has to say."

Don't you believe it!

Some people have wrong information at times, but it is usually because they have not been given the facts.

We are willing to place our case squarely up to the people, always. We believe they should know what we are doing and why we are doing it.

It means less trouble and more happiness for us.
