Bad Stomach
Sends Her to Bed
for 10 Months
Eatonio Gets Her Up!

"Over a year ago," says Mrs. Dora Williams, "I took to bed and for 10 months did not think I would live. Eatonio helped me so much I am now up and able to work. I recommend it highly for stomach trouble."

Eatonio helps people to get well by taking up and carrying out the excess acidity and gases that put the stomach out of order. If you have indigestion, sourness, heartburn, belching, food repeating, or other stomach distress, take an Eatonio after each meal. Big box costs only a trifle with your druggist's guarantee.

Cowboys Will Herd Reindeer

Alaska Will Be the Scene of Roundups Like Those of the Western Plains.

HERD TOTALS NEARLY 200,000

Reindeer Industry of the North is Growing Rapidly and There is an Insistent Call for Experienced Frontiersmen.

San Francisco.—From the wild North comes the call for the sons of the old wild West.

And with his swagger and trappings the man of the ranges is preparing to answer the call. From Montana, California, Oregon, Nevada and the Dakotas cowboys are getting ready to leave the drive and picturesque roundup to "ride herd" on the last frontiers of civilization, the subarctic barrens of Alaska.

Instead of Texas longhorns they will "punch" the pronghorns of the Bering, the Alaskan reindeer. In place of flaring chaps and flapping sombreros, they will wear heavy boots, three pairs of socks, parkas and heavy fur caps. They will ride behind swift Eskimo dogs or hike it on snowshoes.

The call for experienced, seasoned frontiersmen is insistent, for the reindeer industry of the north is pretty closely following the historical development of the old western range.

Herd Total 200,000.
The 80 scrubby, half-starved reindeer, imported into Alaska from Siberia in 1902 by the government as an experiment in food supply for the natives, have grown to nearly 200,000 head at present, valued at approximately \$30 each. It is expected that within 15 years the herd will number between ten and twenty-five millions, the grazing capacity of Alaska.

Already the industry is being considered as serious competition for the big meat packers of the United States. Last year only 1,700 carcasses were shipped; 11,000 will be shipped in 1920, it is estimated.

Five cold-storage plants, with a capacity of 1,000 to 5,000 carcasses each, are now in operation, with more in contemplation, and refrigerator ships are to be put on between Seattle and Alaska immediately.

Leaders in the new industry say the herds will increase 125 per cent every three years, so that, in 15 years, 8,000,000 carcasses will be shipped yearly. The meat, selling now at 85 cents per pound wholesale, will then sell at 15 cents per pound retail, according to Jafet Linderbeck, largest private owner of reindeer in Alaska.

Feed Upon Moss.
Reindeer can be raised in Alaska at little or no cost other than their care. They feed upon the reindeer

moss, and one man can care for 2,000 head.

Each year rodeos, similar to the famous old "round-ups" of the wild West days, are held. From hundreds of miles around, natives drive in behind their swiftest reindeer, head herdsman are chosen and preparations made for the next year's business. For the natives and deer men are looking upon Alaska as the future Texas of the world as a meat supplying center.

But if Americans wish this delicacy they must prepare to outbid Europe, says Linderbeck, who maintains that every pound of reindeer meat, up to the maximum capacity of Alaska, can be sold to Europeans, who are willing to pay almost any price demanded.

She Buried the Wrong Husband.

Portsmouth, O.—Mrs. George Willis thinks some one else should pay the funeral expenses of a man she buried under the impression that he was her husband. She identified a mutilated body along the railroad tracks as that of her husband, who had disappeared several weeks before. Now the husband, who had been working in the northern part of the state, has returned home, denying that he is dead. Mrs. Willis is wondering whose husband she buried.

FOR HOMELESS BIRDS

The girl scouts of New York city have undertaken to provide homes for the birds that wish to spend the winter there. One of them is here seen putting up a bird house in a tree in Central park.

But in Death They Are.

Olive Hill, Ky.—The body of Ernest Skaggs, aged twenty-five, one twin brother, arrived here ahead of the other. Cecil, and was buried. Both were killed at the same time on a French battlefield. The other body, the War department says, will arrive later.

Old Subtreasury Will Be Closed

New York Federal Institution, Linked With Financial History, Is Hit by Law.

HAS HELD BILLIONS OF DOLLARS

Will Cease to Exist at End of Year, and Its Functions and Powers Added to Those of Local Federal Reserve Bank

New York.—Pursuant to an act of congress which provides for the abolition of the various subtreasuries scattered throughout the country, the United States subtreasury in this city will cease to exist at the end of the year, and its functions and powers will be added to those already delegated to the local Federal Reserve bank.

Many of the employees of the subtreasury, now numbering less than 100, will be taken over by the Federal Reserve bank, which will occupy the

treasury building until its own new home in this city is completed, and other employees may go into the customs service.

Linked With History.
The local subtreasury, for generations an integral part of the financial history of the government, occupies a commanding position in the heart of the financial district and is on the site of the seat of the federal congress where George Washington took the oath of office as first President of the United States.

Its Grecian facade and broad approach have been the scenes of some of the most important and interesting events in the annals of this city and country. From its steps, standing in the shadow of the bronze statue of the "Father of His Country," have spoken some of the most distinguished statesmen of this and foreign lands.

Many political demonstrations of deep significance have taken place there, including those held during the Blaine and Cleveland campaigns, and Roosevelt made his first open-air speech from its steps when he ran for governor of New York.

During the World war the subtreasury was the center of numerous Liberty bond rallies and other similar gatherings. Only recently its steps were thronged while speakers representing various patriotic organizations voted their protest against the mysterious explosion of September 16, which occurred within fifty feet of the Washington statue and caused serious damage to the new assay office building next door.

Has Held Billions.
In its many years of service the subtreasury has been the repository of well-nigh countless billions of dollars in gold and silver and paper money, and its chiefs have included some of the most notable financiers among the financiers of the city.

Martin Vogel, now assistant treasurer, will return to the practice of law as soon as he is relieved of his duties. This will not be possible, however, until an official count has been taken of the vast sums of money still deposited in the underground vaults of the building.

Slain by a Dog.
Greensburg, Ind.—William S. Smith, aged forty-five, starting on a hunting trip, was shot to death by his dog. The dog pressed the trigger of Smith's shotgun as he scrambled about in the automobile, just as the hunting party was starting.

Hands Cut Off by One Train, Legs by Another

One train cut off the legs of Walter Frantz, eleven years old, of Detroit, Mich., and almost at the same instant, a second train, going in the opposite direction, cut off his hands when he fell between two passing cars.

The boy was playing on a box car when a switch engine backed down and struck the cars, throwing the boy to the ground with his feet under the car on which he had been playing. His hands fell on the parallel track and the second train went over them.

FIGHT FOR PASSPORTS

15,000,000 People Anxious to Come to United States.

All Nationalities and Every Social and Economic Classification Are Represented.

New York.—Fifteen million men, women and children, of all social and economic classifications, representing every nationality in Europe, are fighting for passage to the United States, according to reports submitted by 17 transatlantic steamship company representatives to Frederick A. Wallis, commissioner of emigration at Ellis Island.

Every seaport city and town along the western and southern coasts of Europe, they said, is crowded with persons who in their eagerness to leave for this country have sold their homes and everything they possessed. Passport officers abroad were reported to be besieged with applicants.

The steamship representatives also expressed the opinion that 5,000,000 Germans and Austrians are packed up and ready to sail as soon as the United States makes peace with their governments.

Commissioner Wallis, who is going to Washington for a conference with members of the house and senate immigration committee said:

"Eighty-seven per cent of immigrants enter the United States through Ellis Island, and there are 2,000 persons there now who are shamefully crowded. There is no use denying the fact that we haven't enough room. And they are still coming."

"It would amaze one to know that on one particular day the Polish foreign office had 311,000 applications for passports."

More immigrants are arriving from Poland than from any other country, he said. Most of these people are Jewish.

Important to all Women
Readers of this Paper

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.
Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.
If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.
You may suffer pain in the back, headache and loss of ambition.
Poor health makes you nervous, irritable and may be despondent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.
Many send for a sample bottle to see what Swamp-Root, the great kidney, liver and bladder medicine, will do for them. By enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., you may receive sample size bottle by Parcel Post. You can purchase medium and large size bottles at all drug stores.—Adv.

How to Keep Rubber Soft.
A prominent tire manufacturer says that an excellent way to prevent hardening of inner tubes when they are stored for the winter is to place them in hot water once a month or every six weeks. They should be immersed for just a couple of minutes, and should then be carefully dried, and partly inflated before being hung up again. This treatment serves to keep the rubber pliable and soft.

Cuticura for Pimples Faces.
To remove pimples and blackheads smear them with Cuticura Ointment. Wash off in five minutes with Cuticura Soap and hot water. Once clear keep your skin clear by using them for daily toilet purposes. Don't fail to include Cuticura Talcum.—Adv.

Looked Like Proof.
Mr. Crimmonbeak—You know, whisky is a medicine.
Mrs. Crimmonbeak—I can't believe it. "Why can't you?"
"Because you never make a face when you're taking it, and if it was a medicine you couldn't help making a face."

It Must Be Love.
Father was giving the fair young daughter a lecture about her beau. He exclaimed: "Does he know who pays the light bills? Doesn't he know enough to go home at the right time?"
The daughter replied: "Yes, he knows enough to go, but he was sick last night."
With that father started in again. "Don't tell me that a big husky fellow like him was sick. What on earth was the matter with him?"
As the fair young daughter started for the door, she sang back, "He has heart trouble."
