

**If You Need a Medicine
You Should Have the Best**

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promise of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfills almost every wish in overcoming kidney, liver and bladder ailments; corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention this paper. Large and medium size bottles for sale at all drug stores.—Adv.

**Mrs. Wilson's Letter Should
Be Read by All Women**

Clearfield, Pa.—"After my last child was born last September I was unable to do all of my own work. I had severe pains in my left side every month and had fever and sick dizzy spells and such pains during my periods, which lasted two weeks. I heard of Lydia E. Pinkham's Vegetable Compound doing others so much good and thought I would give it a trial. I have been very glad that I did, for now I feel much stronger and do all of my work. I tell my friends when they ask me what helped me, and they think it must be a grand medicine. And it is. You can use this letter for a testimonial if you wish."—Mrs. HARRY A. WILSON, R. F. D. 5, Clearfield, Pa.

The experience and testimony of such women as Mrs. Wilson prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound will correct such troubles by removing the cause and restoring the system to a healthy normal condition. When such symptoms develop as backaches, bearing-down pains, displacements, nervousness and "the blues" a woman cannot act too promptly in trying Lydia E. Pinkham's Vegetable Compound if she values her future comfort and happiness.

**Reporter and Naval Officer Try
to Get Control of the
Administration.**

ODD MIXUP IS CLEARED UP

Governor, in Ill Health and Under Charges, Commits Suicide—Is Completely Absolved by Naval Court of Inquiry.

San Francisco.—American Samoa's beetle-inspecting chief of police is out of jail, and the judge, who has seven other jobs, is again holding court, according to advices from Tutuila. This change back to normal followed a naval inquiry which resulted in discharging an attempt by a naval officer and a former newspaper reporter to control the naval administration of the American possession in the South Seas.

In furtherance of this attempt, the naval officer, Creed H. Boucher, lieutenant commander, and the ex-reporter, Arthur A. Greene, enlisted the support of Commander A. C. Kall, second in rank to Commander Warren J. Terhune, governor of the island. The three filed charges against Terhune and his administration, and finally Kall tried to send a wireless message to the navy department at Washington, branding his superior as insane.

Takes His Own Life.

With the message in front of him, Terhune, suffering from ill health, committed suicide. The pitiful part of this tragedy developed when the naval court of inquiry, already en route to Tutuila from Hawaii, absolved Terhune's administration of all charges, recommended the deportation of Greene, the court martial of Bou-

cher and the removal of Kall from his post.

Among the charges filed against Terhune's administration was one that officials were drawing illegal salaries. J. Hurkin Mailo, native chief of police, and Judge A. N. Noble were especial targets of Boucher, Greene and Kall.

After Commander Terhune shot himself Kall became acting governor, and he jailed Mailo on charges that the chief of police had urged the natives to oppose the activities of Greene and Kall. Previously Boucher had alleged that irregularities of the Terhune administration included paying Mailo as "beetle inspector" as well as head of the police force, but that no beetles were inspected.

Judge Noble, who, besides being district judge, was secretary to the commandant, registrar of titles, secretary of native affairs, judge of the probate court, superintendent of education, associate member of the high court and vice president of the American Bank of Samoa, was charged by Boucher and Greene with being instrumental in alleged misuse of funds and au-

thority. Kall closed Noble's court when the former became acting governor.

Board Site Eight Days.

The board of inquiry sat for eight days. Testimony revealed that Boucher for 25 of his 85 days' service, was under suspension on three charges—carrying a pistol, attempting a mutiny and falsehood. Boucher's examination revealed that he posed as a secret service man without authority; publicly criticized the secretary of the navy and the President; insubordinately communicated with authorities in Washington in violation of regulations, and committed many other breaches of naval regulations.

Upon examination he declined to answer many questions on the ground that the answers would incriminate himself. He acknowledged that all charges he made were based upon hearsay and without investigation. It was revealed that documents were stolen from naval officers, but an attempt to introduce these by Greene, who acted as Boucher's counsel, was overruled by the board.

The testimony revealed also that Greene and Boucher created unrest among the natives in an effort to change the government and assume control for themselves. Their activities resulted in organization of natives into a "committee" which forwarded an appeal to President Wilson to remove Governor Terhune, and the native unrest was manifested by several fights with the American sailors.

Sunken Spanish Galleon.**

Florida Adventurers Dig Ocean's Bottom for Pirate Ship and Stolen Doubloons.

Miami, Fla.—Another search for treasure-trove—a sunken Spanish galleon laden with stolen doubloons—has begun on the Atlantic coast of Florida, between Deerfield and Boca Hatone.

Romance has lured this time a group of adventurous men of Deerfield and throughout to dig in the ocean's bottom for the buccaneers' pirate ship, which tradition says had hauled too close to the treacherous shores when pursued. A syndicate formed for the search has begun operations where the galleon is supposed to have sunk in the sands.

**Six Thousand Refugee Greeks
Reported in Fearful Plight.**

People at Batum Lack Clothing and Shelter and Are Dying at Rate of From 35 to 50 a Day.

New York.—Six thousand Greek refugees at Batum, Transcaucasia, their clothing worn to shreds, are "living like wild animals in dens" and

dying at the rate of from thirty-five to fifty a day, writes Dr. W. E. Rambo, a Near East Relief worker of West Philadelphia, Pa., in a report from the Black sea port received here.

In what he calls "a tragic exodus that bids to become historic," Dr. Rambo says the Greek government already has repatriated 20,000 who emigrated from the Near East to colonize Thrace and that from 10,000 to 12,000 remain to be transported from Batum back to their homeland.

Most of these, he says, are physically strong, but the 6,000 refugees from other regions who flocked to Batum in the expectation of relief have been in that city five months, waiting in vain for help, their condition daily becoming more desperate on account of the rigors of the present Georgian winter.

The Greek government, Dr. Rambo explains, disclaiming responsibility for the plight of the people, has undertaken, through humane considerations only, to feed and doctor the refugees, but, so far, has declined to transport them to Greece, on the ground that there is insufficient housing there to shelter them.

"Meanwhile," the letter says, "the 6,000 are overcrowded in barracks unfit for human habitation. The families have no privacy. Some are lying in bed day and night because they have no clothing to protect them from the cold or cover their nakedness. Unless speedy relief comes to these people, most of them will die during the winter. Already the remnants of the original refugees are in despair. One of them said to me: 'We are no longer waiting for ships; we are waiting for death.' Of 5,767 in this party in the beginning, only about 2,400 remain—3,367 are dead. Another party of 6,800 has 2,800 survivors—4,000 are dead. Of the survivors 700 are ill."

It is said to have given the diagram to a friend.

This has been used by several searching parties, equipped with every kind of a gold finder, but they failed to locate the treasure.

A native, living near by, says the spot is haunted and that even now the ghosts of the pirates howl and groan when one nears it.

He says no one is ever going to get the treasure as the ghosts "carry on something terrible when you get close to it, and there is no telling what they would do if they got their hands on it. And anything might happen."

**LEFT THE HONORS BALANCED
WAS VICE PRESIDENT AT 36**

College President Had by No Means the Best of "Guessing" Contest Which He Begun.

The president of an Indiana college in a talk to teachers told them that many teachers did not wish to be recognized as teachers, and in an effort to illustrate his remark told the following experience he had:

"I was traveling West last summer," he said, "and met on the train an attractive young woman. In a casual way I asked her where she taught school. She hastily replied:

"Why, how do you know that I teach school?"

"Presently I said: 'What do you teach? I had simply guessed she was a teacher, and later found out that she was a teacher of romance languages in the East. In an effort to get even with me, I presume, she said:

"And what do you suppose I took you for?"

"Well," I said, "I really don't know. What was it?"

"An undertaker," she retorted."

John Cabell Breckenridge of Kentucky the Youngest Man Ever to Hold the High Office.

Franklin D. Roosevelt, Democratic candidate for vice president, was asked whether, if elected at thirty-eight, he would be the youngest vice president of the United States. He did not know, but hoped some of his friends would look the matter up.

John Cabell Breckenridge was elected vice president on the Democratic ticket with James Buchanan in 1856. He assumed office March 4, 1857, when he was thirty-six years, one month and fourteen days old.

When Breckenridge completed his term he was candidate for President as representative of the slave-holding interests, but was defeated by Lincoln. The same year he was elected to the United States senate, but soon afterward joined the Confederate army.

From January to April, 1865, he was secretary of war in the cabinet of Jeff Davis. He died in Lexington, Ky., May 17, 1875.
