

BEFORE AND AFTER  
CHILD BIRTH

Mrs. Williams Tells How  
Lydia E. Pinkham's Vegetable  
Compound Kept Her  
in Health

Overpeck, O.—"Lydia E. Pinkham's  
Vegetable Compound helped me both  
before and after my  
baby was born. I  
suffered with back-  
ache, headache, was  
generally run down  
and weak. I saw  
Lydia E. Pinkham's  
Vegetable Compound  
advertised in the  
newspapers and  
decided to try it.  
Now I feel fine, take  
care of my two boys  
and do my own work.  
I recommend your  
medicine to anyone  
who is ailing. You may publish my  
testimonial if you think it will help others."  
—Mrs. CARRIE WILLIAMS, Overpeck, Ohio.

For more than forty years Lydia E.  
Pinkham's Vegetable Compound has  
been restoring women to health who  
suffered from irregularities, displacements,  
backaches, headaches, bearing-down  
pains, nervousness or "the blues."  
Today there is hardly a town or hamlet  
in the United States wherein some  
woman does not reside who has been  
made well by it. That is why Lydia E.  
Pinkham's Vegetable Compound is now  
recognized as the standard remedy for  
such ailments.

Helen was playing out in front of

noticed the flags that were out in many  
of the homes. This same day hap-

she was not aware of it until she had  
been fet in on the big secret of a sur-  
prise that was in store for her dad  
when he came home for the evening  
meal and that she was not to tell any  
one about it.

When given this information she  
exclaimed, "Is today daddy's birth-

When told that it was, she re-

getting larger, "Oh now I know why  
all the flags are out."

Thousands of stomach sufferers re-  
port wonderful relief. Their trouble  
is too much acidity and gas which  
Eatonie quickly takes up and carries  
out, restoring the stomach to a  
healthy, active condition. Always car-

Yank Princess  
May Be Queen

Widow of Ralph Thomas May See  
Husband Acclaimed King of  
Albania.

LOSES HEART TO PRINCE

Princess Viora is Granddaughter of Eu-  
gene Kelly, Millionaire New York  
Banker—Her First Husband  
Was Frank Jay Gould.

New York.—Princess Viora, former-  
ly Mrs. Helen Kelly Gould and more  
recently Mrs. Ralph Thomas, may be  
the first American to be addressed as  
"your majesty."

If she attains the throne of Albania,  
as seems possible, she bids fair to  
eclipse socially Princess Anastasia of  
Greece, formerly Mrs. William B.  
Leeds, who, through her marriage to  
Prince Christopher of Greece, has  
climbed the royal ladder higher than  
any other American woman.

Princess Viora is in New York "on  
business," while her royal consort,  
Prince Viora, is at their house in Paris  
arranging plans to ascend the throne  
of his grandfather.

The father of Viora, Ferid Pasha, is  
prime minister to Abdul Hamid, and  
is working quietly with Turkish lead-  
ers.

She Prefers Paris.

"What will you do in Albania, where  
most of the men are polygamists and  
addicted to bloody feuds?" I asked her  
in her apartment in the Hotel Lenoric.  
"I don't know," she said, smiling,  
"perhaps remain most of the time in  
my Paris home with my two children—  
Helen, who's nineteen, and Dorothy,  
who's seventeen—who are now in  
school in Switzerland."

The princess was Helen Margaret  
Kelly, granddaughter of the million-  
aire New York banker, Eugene Kelly.  
She was married at eighteen to Frank  
Jay Gould and after divorcing him  
married Ralph Thomas, son of the  
sugar king. After a brief married life,  
he died suddenly in 1914, leaving her  
several millions.

During the war she sailed for Paris,  
where she became a war nurse. While  
re recuperating in Switzerland, she told  
me, she met Prince Viora, who was  
brooding over the fate of Albania and  
meditating schemes for its restoration.

Loses Her Heart.

"He told me sad stories of Albania,"  
she continued, "of its wild scenery and  
the picturesqueness of its people. He  
was a delightful chap and I confess  
that I lost my heart to him. We were  
married quietly."

"Whether the prince will become  
king of Albania is not certain. It is  
well known in diplomatic circles that  
the problem of finding a satisfactory  
ruler is a hard one. The prince is the  
natural ruler and is mapping out his  
course in Paris and London now."

"Albania is the roughest country in  
the Balkans, a country of wild moun-  
tains, entirely without railroads. The  
only towns are situated on the coast of  
the Adriatic. The entire population  
is less than 1,500,000.

"The people consist mainly of fierce  
mountaineers, walking arsenals of  
rifles and knives. They are Muham-  
medans in religion and confirmed  
polygamists."

The princess explained that shortly  
before the war Prince William of  
Wied, with German and Austrian back-  
ing, succeeded in getting installed as  
king of Albania at Durazzo. He never  
succeeded, she said, in winning the al-  
legiance of the mountaineers, because  
Essad Pasha and local chieftains were  
hostile to him. So he returned to Ger-  
many. Since then the Italians have  
occupied more of Albania and joined  
hands with the allies, operating from  
Saloniki.

"I am here to assist my husband in  
my own way," Princess Viora said. "If  
he wants the throne he can have it."

"I am very much in love with him  
and will help him all I can, but I think  
I would prefer to spend most of my  
time in Paris."

"My mission here is to rest and to  
see certain friends on certain matters  
of importance."

Maneuvers by  
U. S. Air Craft

Director of Naval Aviation Lays  
Out Extensive Program for  
Summer and Fall.

BIG AIRSHIPS TO TAKE PART

Giant Dirigible Purchased From Great  
Britain Will Take Trip West as  
Far as Chicago—Maneuvers  
Also Planned for Pacific.

Washington.—With Atlantic and  
Pacific fleet air forces mobilized at  
bases on the two coasts, an intensive  
program of summer and fall manue-  
vers is being planned by Capt. William  
A. Moffatt, director of naval aviation.

Starting with the joint army and  
navy bombing tests off the Atlantic  
coast, designed to test the offensive  
value of aircraft against naval ves-  
sels, navy flyers will be put through  
several months of stiff exercises.

Early in July the naval airship ZR-2,  
purchased in Great Britain, will fly to  
this country in charge of an American  
crew. A great aerial demonstration  
will mark her arrival. Detachments

Nation's Per Capita  
Wealth Now \$2,800

The per capita wealth of  
the United States has increased  
\$236 since 1914, it was an-  
nounced by the Government  
Loan organization.

It is estimated that on Feb.  
1, 1921, the total wealth of the  
country was \$300,000,000,000.  
This is an increase of \$50,000,-  
000,000 during the last seven  
years.

If this wealth were divided  
equally among the 107,000,000  
persons in the country each  
would have \$2,800. In 1914 each  
would have had \$2,564.

The practice of thrift during  
the war was partly responsible  
for the increase, according to  
the Loan organization.

COURT BARS U. S. SPELLING

Australian Chief Justice Rules in  
Favor of the English  
Forms.

Melbourne, Victoria. — American  
forms of spelling have been barred  
from official documents in the high  
court. The federal chief justice has  
announced that he will not allow their  
introduction and has ordered the spell-  
ing of the words "program" and "cen-  
ter" changed to "programme" and "cen-  
tre." He remarked that English  
spelling was good enough for him.

of seaplanes, flying boats and dirig-  
ibles will fly far out to sea to meet the  
big airship and escort her to a point  
on the Atlantic coast just north of  
Boston.

Test Mooring Skirt.

The ZR-2 will then skirt the coast  
southward, passing over the principal  
cities to Philadelphia, then proceed to  
the giant navy hangar at Lakehurst,  
N. J., and be "anchored" to a "moor-  
ing mast," the first device of this kind  
to be erected in this country.

Experts from Great Britain will  
superintend the erection of the mast  
which will be a steel structure about  
150 feet high with a swiveled bridge  
at the top to which the nose of the  
dirigible will be moored, permitting  
the ship to swing always nose to the  
wind. The structure will cost about  
\$50,000, and probably be fitted with  
an elevator to carry the crew of the  
dirigible to and from the ground.

After being thoroughly overhauled,  
the ZR-2 will undertake a cross-  
country cruise to show the ship to the  
people.

Will Pass Over Many Cities.  
Present plans call for a trip to Chi-  
cago and return, at least by way of  
the southern border of the Great  
Lakes, and if cities west of Chicago  
provide mooring facilities the cruise  
may be extended indefinitely. The  
ship can make a round trip to Chi-  
cago without refueling.

Basing on Lakehurst, the ZR-2 is to  
operate along the coast later and par-  
ticipate in air fleet mobilization and  
extensive maneuvers and aetrical  
drills.

On the Pacific coast similar manue-  
vers will be conducted in connection  
with the Pacific fleet. It is possible  
a squadron of naval aircraft may at-  
tempt a trip "around the rim" of the  
country from a point in Washington  
state to Maine, during the year, the  
longest airplane cruise ever attempted.

Plans for a flight from San Diego,  
Cal., to this city have been abandoned,  
as Capt. H. C. Mustin, commanding  
the Pacific fleet air force, who would  
have led the expedition, cannot be  
spared from summer exercises of the  
Pacific air forces.

Dead Hero Made a Marshal.  
Paris.—Gen. Gallieni, former min-  
ister of war and former military gov-  
ernor of Paris, who sent the army of  
Paris to the Marne in 1914 in taxi-  
cabs and who died in 1916, has been  
posthumously named a marshal of  
France in a decree signed by President  
Millerand. This was in accordance  
with authorization given by parlia-  
ment recently.

Seek Navy Students

Marine Corps Is Authorized to  
Assist in Recruiting.

Stations Will Accept Enlistments for  
Midshipmen at the Annapolis  
Academy.

Washington.—Youngsters between  
the ages of eighteen and nineteen  
years, with ambitions to become mid-  
shipmen at the United States Navy  
academy, now will be accepted for en-  
listment at all marine corps recruiting  
stations.

One hundred enlisted men are ap-  
pointed to the Naval academy each  
year, after a competitive examination  
given enlisted men of the navy and  
marine corps. They must not be more  
than twenty years of age on April 1  
of the year it is desired to enter, and  
must have been in the service at least  
one year by August 15 of that year.

Adhering to its policy of rewarding  
meritorious members of its enlisted  
personnel with commissions, the ma-  
rine corps will open an officers' train-  
ing school in or near Washington this  
summer to fill over a hundred vacan-  
cies in the commissioned personnel of  
the corps.

During the war more than 800 en-  
listed men were commissioned in this  
country and France. The highest  
rank so far attained by an enlisted  
man who received his commission as  
a reward for meritorious service is  
that of a senior colonel.

The order recently issued by the  
major general commandant specifies  
that no noncommissioned officer will  
be considered for such advancement  
who shall have had less than one  
year's service in the army, navy or  
marine corps, of which not less than  
six months shall have been in the ma-  
rine corps. Only men between the

ages of twenty-one and twenty-seven  
years will be considered.

Pet Snakes Protect  
Home, Says Editor

Middletown, N. Y.—Have you  
a little snake in your home?

They make fine watchdogs  
and pets for the children, ac-  
cording to Editor William  
Hones, who runs a country  
newspaper and is known as  
Theodore Roosevelt's double.

He says the snake is one of  
man's best friends and should be  
in every home.

Snakes destroy rats, mice and  
other pests, he declares, purge  
the house walls of infections  
and protect the sleeping house-  
hold.

FELT LIKE AN IRON  
BAND AROUND HEAD

Mrs. Osborne Says She Shudders  
When She Thinks How  
She Suffered.

"For years," said Mrs. V. B. Osborne  
of 718 Lancaster Ave., Lexington, Ky.,  
"I have been in a run-down condition;  
nervous, weak and dizzy. I was ac-  
tually so nervous that any sudden  
noise or excitement would produce a  
palpitation of my heart that fright-  
ened me. I absolutely could not climb  
stairs, for to attempt such would thor-  
oughly exhaust me.

"I had nervous headaches and when  
they came on it seemed that an iron  
band was drawn tight around my head.  
I now shudder when I think of those  
headaches. My stomach was weak and  
I could not digest the lightest  
liquid food. Any food of a solid na-  
ture caused nausea and the sickening  
sensation remained for hours.

"My misery was almost unbearable.  
My sleep was never sound and I was  
wary out all the time. My condition  
was indeed a very deplorable one. I  
finally sought treatment in Cincinnati,  
but nothing helped me one particle.  
I was on the verge of giving up in  
despair when a neighbor pleaded with  
me to try Tanlac. I obtained a bottle  
of the medicine and began its use.

"I began improving at once and soon  
felt my nervousness and dizziness dis-  
appearing. Then my headaches left  
me and I realized my strength had re-  
turned. My appetite and digestion im-  
proved and I am now so much better  
in every way. This Tanlac is a won-  
derful medicine and the only one that  
ever really helped me. I hope every  
poor woman who is suffering as I did  
will try it."

Tanlac is sold by leading druggists  
everywhere.—Adv.

WAS FAMILIAR WITH CHROMO

Mrs. Newly Rich Somewhat Too An-  
xious to Air Her Knowledge,  
and Her Ignorance.

Harvey Maitland Watts, a Philadel-  
phia art critic, said at a dinner in Rit-  
tenhouse square:

"The ignorance of the new rich in  
art matters is quite incredible. The  
wife of a new rich profiteer was buy-  
ing pictures in a Walnut street shop  
the other day. After she had bought  
a number of costly pictures she said:  
"Now show me something a little  
cheaper for the back hall. It's dark  
there."

"The salesman brought out another  
picture.

"This, madam," he said, "is only a  
chromo, and we could let you have it  
for nearly nothing."

"The new rich lady nodded in a  
sage way.

"Yes, of course," she said, "Chromo  
is a struggling and obscure artist,  
and he can't expect to command good  
prices till he makes a popular hit, can  
he?"

Knew What He Wanted.  
He is a bright little patron of the  
branch library and knows well the  
books suitable to his age and grade.

However, the more difficult and un-  
familiar titles of the high school read-  
ing lists for which he is frequently  
sent sometimes stump him.

"I want the three musketeers," he  
announced hurriedly on his last visit.

"You mean the 'Three Musketeers,'"  
said the librarian, noting the list from  
which he was reading.

"Maybe I do," he agreed promptly.  
Then he chuckled good humoredly.  
"Anyhow, they're both good drawers  
of blood," he added.

One-half of the flattery is flat.

No Workers.  
"How many daughters has she?"  
"Three. And not a dish washed  
among them."

FOUND SILENCE ONLY REFUGE

Under the Circumstances, It Would  
Seem, Mrs. Paula's Friend Had  
Made Wise Decision.

Now, everybody in town knows that  
Mrs. Paula Platt was talking of mak-  
ing a visit to her married daughter  
in Ohio. She had been talking about  
it for two years, but age and the nat-  
ural thinness of a woman long a widow  
had postponed the great event from  
month to month, until the neighbors  
began to wonder whether it would ever  
come to pass.

So one morning when Uncle Tom  
Flitters met a friend of Mrs. Paula's,  
there was a twinkle in his eyes, as he  
asked:

"When is Mrs. Paula going out to  
Ohio?"

"Don't ask me," said the other. "I  
don't know nothin' about it. If I tell  
her to go, she says we all want to  
get rid of her, and if I tell her to stay  
at home, she says I am mean. I ain't  
sayin' a word!"—Philadelphia Ledger.

hatched from eggs?"

"Snakes, alligators, sparrow hawks,  
and eagles," said Johnny.—Edinburgh
