BARBERS' NAMES ON MIRROR

New York Proprietor Thinks Patrons
Should Know Who Is Operating
on Them.

The proprietor of a barber shop in New York believes it is a good thing for his business to have his patrons call each barber by name. To this end he has had one of his 15 employees who is handy at lettering scrawl the first name of each barber in soap on the mirror in front of each chair.

When a patron enters he sees a row of names—"Tom," "Adam," "Anthony," "Rob," "James"—on either side of the mirrored soap. Below each name is an arrow and a number.

"It's like branding cattle," one barber remarked. "I am 31st and each morning I back into stall No. 2. The boss insists it is a good idea. Makes the shop more homelike," he says." — New York Sun.

Thousands Have Kidney Trouble and Never Suspect It

Applicants for Insurance Often
Rejected.

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent Life Insurance Companies, in an interview on the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease.

Dr. Kilmer's Swamp-Root is on sale at all drug stores in bottles of two sizes, medium and large. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.

For the first time in 20 years corn is selling on the Lexington market for 17 cents a bushel. Farmers are now at a loss to know what to do with the corn, as it will not pay expenses of harvesting it. Some say they will husk just enough to burn, others say they will leave it in the field.

The International Aero congress to be held in Omaha, November 3-5 is going to bring not less than 10,000 visitors to the city it is said. Scores of ships and hundreds of airmen are expected to be here for the meet. The new flying field in the north part of the city is being prepared for the reception of the ships.

Plans are under way for the organization of the Northwest Nebraska Agricultural Loan association at Valentine. This association will be formed to facilitate obtaining funds from the war finance corporation under the plans made known during the recent visit of Eugene Meyer, Jr., managing director.

Dr. Wilfred H. Osgood, assistant curator of mammalogy and ornithology of the Field Museum of Natural History in company with Col. Dale Bumstead of Oak Park, Ill., and their staffs are now at Wood Lake. The party will be under the guidance of Grant Welker. The expedition hopes to obtain specimens of wild game, fowls, rodents, reptiles, etc., for the Field museum. The party will stay out on the lakes for 30 to 40 days.

The League of Women Voters of Lincoln is heading a movement that they hope to make statewide in scope. Believing that the American representatives in the conference called to discuss reduction of armaments are anxious to know what the people of the United States desire accomplished, the league has set aside the week of November 6-11 for the study and discussion of the question by various organizations, the object being to advise those representatives of the conclusions reached. In Lincoln the week will end with a mass meeting at which either Dr. Charles F. Sked or Mrs. Carrie Chapman Catt will be the speaker.

A boy's band with 30 members has been organized. The band will hold concerts weekly and be the official band for the Sidney Chamber of Commerce.

State Fire Inspector Hauser says F. G. Hartman of Nelson has confessed to setting fire to his photograph gallery a few days ago. Hauser's report credits Hartman with admitting that he poured kerosene oil around the inside of the place and over the stock of goods to help the blaze along. The outfit was insured for \$1,000, which Mr. Hauser thought was more than it could have been sold for.

In 53 counties from which State Superintendent Matzen has received reports, the total net shortage of teachers October 1, was 111 as compared with 473 for the entire state at the time of the last reports under date of September 12. Mr. Matzen comments that this indicates a marked improvement in the situation. Licensed teachers from neighboring states have come in and are filling the vacancies. They can do so without taking examinations. Thirteen counties reported a surplus, aggregating 38 while 12 others had just enough to supply their own needs.

The body of Edgar M. Doty found in a gravel pit one and a half miles west of Grant where he was killed by a cave in of loose earth. He left town late in the evening for a load of gravel and was not missed until the next morning.

One-half a city block on South Fourth street at Albion, was destroyed by fire with a damaged estimated at about \$25,000. About half of the loss was covered by insurance.

Workmen's Carelessness.

Of all the accidents to workmen which occurred in the plants of the United States Steel corporation, only about 5 per cent were due to machinery causes. The others came under the head of hand labor, and it is claimed that half of these might have been prevented by the exercise of a little care by the workmen. In analyzing the causes of any group of 100 accidents it has been found that 90 per cent of them might have been prevented by the victims themselves.

A Mystery Cake
Can you name it?

Here is another new Royal Cake, so delicious and appetizing that we have been unable to give it a name that does justice to its unusual qualities. It can be made just right only with Royal Baking Powder. Will you make it and name it?

\$500 for the Best Names

For the name selected as best, we will pay \$250. For the second, third, fourth, and fifth choice, we will pay \$100, \$75, \$50, and \$25 respectively.

Anyone may enter the contest, but only one name from each person will be considered.

All names must be received by December 15th, 1921. In case of ties, the full amount of the prize will be given to each tying contestant. Do not send your cake. Simply send the name you suggest, with your own name and address, to the

ROYAL BAKING POWDER COMPANY
153 William Street, New York

How to make it

Use level measurements for all materials

1/2 cup shortening
1 1/2 cups sugar
1 egg white
1 egg and 1 yolk
2 1/2 cups flour
4 teaspoons Royal Baking Powder
1 cup milk
1 1/2 squares (1 1/2 oz.) of unsweetened chocolate (melted)
1/2 teaspoon salt

Cream shortening. Add sugar and grated orange rind. Add beaten egg yolks. Sift together flour, salt and Royal Baking Powder and add alternately with the milk; lastly fold in one beaten egg white. Divide batter into two parts. To one part add the chocolate. Put by tablespoonsful, alternating dark and light batter, into three greased layer cake pans. Bake in moderate oven 20 minutes.

FILLING AND ICING

3 tablespoons melted butter
3 cups confectioner's sugar
1 egg white
(Powdered sugar may be used but does not make as smooth icing)

2 tablespoons orange juice
1 egg white
3 squares (3 oz.) unsweetened chocolate
Grated rind of 1/2 orange and pulp of 1 orange

Put butter, sugar, orange juice and rind into bowl. Cut pulp from orange, removing skin and seeds, and add. Beat all together until smooth. Fold in beaten egg white. Spread this icing on layer used for top of cake. While icing is soft, sprinkle with unsweetened chocolate shaved in fine pieces with sharp knife (use 1/2 square). To remaining icing add 1 1/2 squares unsweetened chocolate which has been melted. Spread this thickly between layers and on sides of cake.
