

# The News at Hemingford.

KEITH L. PIERCE, REPORTER.

[Keith L. Pierce is fully authorized to solicit subscriptions and job work and collect and receipt for same, and transact all other business in connection with his position as an accredited representative of this paper.]

### B. & M. TIME TABLE.

Passenger trains leave Hemingford, daily, as follows:  
No. 41, west, 9:40 a.m. (No. 42, east, 3:44 p.m.)  
All regular trains carry passengers.

—Pete Watson was in town Monday evening.

—See Clark Olds & Co. for blinde twine.—29-1f

—James Montague was in Hemingford Monday.

—B. Fendrich was transacting business here Monday.

—Mrs. T. Colvin has been ill with stomach trouble.

—Wm. Fendrich has purchased cattle in this vicinity recently.

—C. A. Burlaw and family spent Sunday with James Hollinake.

—Peter Jensen was transacting business in the village Monday.

—Many of the teachers are attending summer school in Alliance this week.

—Matt Beaumont has purchased a quarter section of land adjoining his range.

—Mrs. Anna Pierce and Miss Grace Wheeler spent the week with Mrs. McCandless.

—Arthur and Otis Bass came to Hemingford Saturday and went down to Alliance by train.

—B. E. Johnson has purchased B. S. Fenner's steers, also Theodore Johnson's. He will ship them to Omaha.

—Time of sickness develops friends. H. B. Slater is acting as agent for J. C. Osborn and Rev. C. E. Connell for J. Armstrong.

—H. H. Pierce and W. K. Hernalc drove out to C. Klemke's Tuesday evening to inform the south neighborhood of the death of Uhrig's little boy.

—Mr. and Mrs. Anton Uhrig desire through the columns of the HERALD to express their thanks to the friends who assisted them during the illness and death of their son Wilfred.

—Because of the telephone bells not ringing well because of the wires going under the track there is considerable talk of putting them over the water tank and thus make it a high line altogether.

—Jacob Shetler will leave for the eastern part of the state in a short time. He will visit with relatives in different places and says that it will not be a play time altogether, as he intends to work part of the time.

—Some malicious and designing practical joker came in the other day and informed of the birth of a boy at one of his neighbors. By accident we mentioned the fact to the gentleman and learned that such was not the case. We are waiting for the fellow who told us to come to town when there will be mild trouble.

—The Royal highlanders expect to have a social in Green's hall August 1. All Royal highlanders are expected to be present. The single highlanders are expected to invite one who does not belong to the lodge. A neat little program has been arranged, also ice-cream and cake will be served.

—James Hollinake received an injury while fixing a windmill Sunday which is very painful and might easily have destroyed the sight of his right eye. A spring broke, striking him in the eye and cutting the eyelid in several directions and also cutting the cornea slightly. We always said it was more dangerous on a farm or ranch than on the railroad. This is demonstration.

—Little Wilfred Uhrig, who was thrown from a horse and severely injured several days ago, died from his injuries at 1:30 p. m. Tuesday. The funeral services took place at the home Wednesday and interment followed in the Hemingford cemetery. It seems especially sad since he and Winfred were twins. They resembled each other so much that one had to be with them some time and observe them very closely to know one from the other. Doctor Eikner did all in his power to bring the little one back to health, but medical science could avail nothing. The bereaved ones have the sympathy of all in their misfortune.

—The operator for the Beatrice Creamery Co. asked me to insert the following statement of Matthew Beaumont: "About a month ago I was milking nine cows and got approximately 200 pounds of milk daily. From this I got 24 to 25 pounds of cream. Now I am milking thirteen cows and get about 300 pounds of milk each day and get 21 to 22 pounds of cream. I think it must be in range conditions or something not well understood that causes the general falling off tests of milk." Mr. Pierce says that the company, in reply to letters written concerning the remarkably low tests, says: "The same condition prevails throughout the state." They offer no explanation. The tests for the first half of July are considerably better.

—Occasionally, now that the irrigation law has been passed, we get inquiries from eastern parties holding land in Box Butte county asking what the prospects for irrigation are here. It looks now as though the prospect was very remote but is it more impossible than was a transcontinental railway or a submarine cable or many others of the wonderful achievements of other people? Many level headed men believe it is feasible to irrigate a large part of the semi-arid west. Irrigating a part will doubtless increase the rainfall for the whole and the saying that "The rain follows the man" may receive another vindication.

—The school board employed H. H. Funk and Mrs. Lora Rustin as principal and primary teachers respectively Monday. This is a deserved compliment to these teachers for their faithful and efficient service last year. The people expect the Hemingford schools to attain a high standard during the ensuing year and they confidently look to these teachers to meet their expectations. While the third room was not definitely decided upon and no teacher employed to teach it we are informed that it is practically assured. We are informed that with exception of some few details remaining to be settled a contract has been made with the board of the Phillips district. If in doubt, come to Hemingford next year to school your children. Come anyway. And if there is some boy or girl in the country round about who thinks he cannot afford it, he might better make up his mind to come anyway and work his way through. We are sure that Alonzo Sherwood, Messrs. Gardner, Connell, Burlaw and a score of others will do all they can in the line of finding places or work for anyone who will write or ask them. We did not learn what the rate of tuition for individuals would be.

### Additional Local News.

The members of the Junior league of the M. E. church will give a lawn social at the home of Mrs. F. M. Phelps next Wednesday evening.

Rev. Father McNamara, of Chadron, arrived in the city Monday afternoon and visited a few hours with Father Galvin and other friends, leaving for Omaha on No. 42.

Mrs. D. A. Foley, nee Elmore, arrived yesterday from Red Oak, Iowa, and will visit relatives and friends till next Tuesday when she will join her husband at Ottumwa, Iowa.

The First Presbyterian church holds services in Bell's hall. There will be preaching next Sunday at 11 a. m. and 8 p. m. Evening topic: The Second Petition of the Lord's Prayer.

It has been decided to hold the Alliance races September 9, 10, 11, and 12, and everything possible will be done by the business men and citizens of Alliance to make them a success. There will be a meeting at the Hotel Charters next Monday evening to elect officers and perfect arrangements.

C. A. Newberry shipped a steel dipping tank to Merino, Colo., Thursday. It was purchased by H. M. Porter, a ranchman who lives in Denver, and was the largest tank Mr. Newberry has manufactured, being thirty feet in length. The Newberry dipping tank is rapidly taking rank as the most desirable article of its kind now in use. Its reputation is spreading outside the confines of the state.

Marion Peterson came in this morning from Kansas City to dispose of some property and visit friends. Mr. Peterson was a former resident of Nonpariel precinct but went south three years ago on account of the poor health of his wife. She is now enjoying the best of health and they are getting along nicely in the city on the Kaw.

Last Friday night the Maccabee lodge gave an interesting program at the opera house consisting of both musical and literary numbers. A bloomer drill was given by a number of the ladies which was very good. No bloomer costumes were worn, however. The entertainment was finished off with a social dance which was greatly enjoyed by all present. The tidy little sum of \$40 was the outcome of the entertainment.

### Two Great Attractions.

To all play goers it will be a source of great satisfaction and pleasure to learn that in the opera house, two nights, July 25 and 26, will be presented those two exciting dramas, "Jesse James" and "Under Two Flags," by the Louise McCallum Stock Co. This company with Louise McCallum played in Alliance last season to a big house and every one present was more than pleased with the performance. The same company will give the performances as above noted with special scenery and elegant costumes. On the first night, July 25, will be played "Jesse James," in which the exciting incidents of their remarkable career will be portrayed true to life. The play is filled with thrilling situations which include a realistic train hold-up, the rescue of a young girl from a railroad track and ending with the killing of Jesse James by Bob Ford. The second night, July 26, will be repeated the thrilling drama, "Under Two Flags," the play one never tires of seeing, no matter how often played. Professor Moore's orchestra will enliven the occasion between acts and a well filled house will no doubt show a hearty appreciation of the city's being favored by so large and excellent a company.

The price for reserved seats has been reduced to only 50 cents for each night, gallery seats 35 cents and children's tickets at 25 cents will be on sale at the door. Reserved seats will be placed on sale at Holsten's pharmacy beginning Monday morning.

### Dennis Carpenter.

Peacefully at the family home in Carpenter at 5 o'clock July 11, the soul of Dennis Carpenter took its flight to the realms of bliss. In January last, Mr. Carpenter was taken with Bright's disease and went down gradually to the end. He was born in Indiana, July 20, 1832. When but a child, he came with his parents to Iowa, where he grew to man's estate and married Miss Lucinda Porter. In March of 1886, he brought his family to Nebraska, and in 1888 to the neighborhood where he has since resided. To Mr. and Mrs. Carpenter, ten children were born, seven boys and three girls. Three sons and one daughter have died. The faithful and loving mother was laid to rest the 26th of last December. Mr. Carpenter's funeral was held from his late home last Sunday afternoon at 2 o'clock, and was very largely attended by sympathizing friends and neighbors. Rev. Jeffers of Alliance, officiated. Remains were placed beside his wife in Illinois Valley. For six years, Mr. Carpenter has been a consistent and devoted member of the Carpenter church. Six children survive to mourn the loss of a kind and indulgent father. Frank, of Spokane, Washington; Bert, who lives at the homestead; Mrs. Mary Willey, of Wyncote, Wyo.; John and Charles of Creighton, Neb.; and Jessie, who is now the Mistress of the old home and upon whom devolves the family responsibility.

### Employed on a Religious Journal.

The many friends in this city and county of Mrs. M. Ursula Ellis, formerly the wife of H. J. Ellis, proprietor of the Alliance Times, will read with unusual interest the following brief letter addressed to the editor of this paper under date of July 5, and written from Los Angeles, California:

DEAR SIR—Please find enclosed \$1.50 for which send the HERALD for one year to address given below. I have accepted a position with the California Independent, a religious paper of one thousand circulation and published by a man who was once a Methodist minister. Think I shall be pleased with the situation.

Most respectfully,  
MRS. M. URSULA ELLIS,  
2606 East Third St., Los Angeles, Cal.

The Misses Elmore entertained last Friday evening in honor of Misses Nellie Hillier, May McDermott and Marie Elmore, who had just returned from attending schools in the eastern part of the state, at a proposal party. Cozy corners were arranged on the lawn, the whole being brilliantly lighted up, and as the guests arrived each was presented with a heart and a number corresponding to one of the nooks. At a given signal the gentlemen "went a-wooing" and at the end of ten minutes the lady whose company a gentleman had sought gave him a heart or a mitten with which she had been provided for refusals. The game provoked much merriment and after a dainty repast was served the hearts were counted when it was learned that E. S. Jackson was the most successful "proposer" present.

### Tell the Truth and Shame the Devil.

T. J. O'Keefe, Alliance, Neb.—Dear Sir: We have missed the two last issues of the HERALD, can't find them either at Alliance or Box Butte. We wish them sent to Box Butte now. We cannot get along without the HERALD. Besides being one of the brightest, newest papers in the state, IT WILL TELL THE TRUTH. That is much in this day and age. Keep right on telling the truth and shaming the devil and the HERALD will stay where it belongs—at the topmost rung of the ladder. Respectfully,  
O. GILBERT,  
Box Butte, Neb., July 14, 1902.

### He Was Looking for Trouble.

An Arkansas gentleman started out the other day to dynamite a neighbor of whom he did not approve. The latter perceived his approach and, suspecting that his intentions might be of the strenuous variety, landed a rifle ball directly in the pocket in which the dynamite was located. In case they are able to prove the corpus delicti there may be some litigation over the matter.—Washington Post.

### The Passion Play.

A biograph reproduction of the "Passion Play" of Oberammergrau will be given in the opera house on the evening of July 30, under the auspices of the M. E. church. The Salina (Kan.) Daily Republican has this to say:

A large audience witnessed the biograph reproduction of the "Passion Play" of Oberammergrau given at the opera house last evening under the auspices of the First Methodist church. The exhibition was quite interesting and at times the audience was absorbed with the realistic rendition of the emotional parts. An additional effect was given during the different scenes by the singing of sacred songs and violin renditions by Prof. Rossignol and his students. The "Passion Play" is highly moral and beneficial wherever produced. The church realized about \$130.00 from the entertainment.

The many friends of F. M. Dorrington in this section of the country will be pleased to learn that he has again been appointed as Register of the United States Land Office at Alliance. For forty years Mr. Dorrington has worked for the interest of the republican party and has talked in almost every school house in northwest Nebraska. His knowledge of land laws has been of great benefit to the settlers of this land district and he is an honest man who has always performed his duty. The people of this district are well pleased with the appointment.—Harrison Sun.

### The Perfect Liver Medicine.

Mrs. M. A. Jolley, Noble, O. T., writes: "I have used Herbine for a number of years, and can cheerfully recommend it as the most perfect liver medicine and greatest blood purifier. It is a medicine of positive merit and fully accomplishes all that is claimed for it." Malaria can find no lodgement in the system while the liver is in perfect order, for one of its functions is to prevent the absorption of fever producing poisons. Herbine is a most efficient liver regulator. 50c at F. J. Brennan & Co.'s.

### Mother Always Keeps It Handy.

"My mother suffered a long time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better at once and now at the age of seventy-six, eats anything she wants, remarking that he fears no bad effects as she has her bottle of Kodol handy." Don't waste time doctoring symptoms but go after the cause. If your stomach is sound your health will be good. Kodol rests the stomach and strengthens the body by digesting your food. It is nature's own tonic. F. E. Holsten.
