We doubt not his choice was an equally happy one. Mr. and Mrs. Miller arrived in the city this morning and will begin housekeeping at once. The Herald extends congratulations.

AROUND THE WORLD.

Rev. Dr. E. C. Horn Soon to Start Upon His Tour of the Earth.

Residents of the city of Alliance are pretty generally familiar with the proposed tour around the world of Rev. Dr. E. C. Horn, pastor of the M. E. church of this city. It has been in contemplation and freely talked of for the past three or four months. The reverend gentleman has conceived the idea of writing a weekly letter during his ramblings, in order that his friends may keep step with him from the day of his departure until the hour of his return. That these letters will prove of intense interest there is no room to doubt, and that the HERALD has been chosen as the medium through which these letters will be disseminated will be gratifying intelligence to its readers.

Rev. Dr. Horn is among the most able and polished writers in the state, and as his around the world tour will embrace the most noteworthy points of interest on record, those who are fortunate enough to read his articles will receive an introduction to the world's history, geography and customs approaching a liberal education in value and interest. Having been an instructor in two universities and having graduated from three, securing the Ph. D. degree only a year ago, it will be seen at a glance that Rev. Dr. Horn is abundantly equipped to write entertainingly. His descriptive powers are of the very keenest.

Following is a brief outline of the itinerary as planned, subject to slight changes, however, on account of the possible imposition of quarantine at certain points in the Orient. The journey will be ever westward toward the land of the setting sun:

Boarding one of the new, twin screw, steel ocean liners of the Japan-American Royal Mail Line, the broad Pacific will be traversed, reaching Yokohama, Japan, from which a side trip to the empire's capital, Tokio, will be made; also to Kobe and Nagasaki, the latter having one of the best harbors in the world.

Leaving this land of chrysantheums, Shanghai, Hong Kong, Manila, Singapore, Ceylon and India will be visited enroute to Egypt and Palestine. A thirty-day tour through the Holy Land is scheduled, including Jerusalem, Bethlehem, Jericho, Hebron, Bethany, Dead Sea, Jordan, Bethel, Samaria, Sea of Galilee, Nazareth, Damascus, Baalbec, etc., together with Cairo, Alexandria, Athens, Corinth, Naples, Rome, Florence, Venice, Milan, Como, St. Gathard, Lucerne, Paris, Heidelberg, Mayence, steamers on Rhine to Cologne, thence to Brussels, Antwerp, London, Edinburgh, Glasgow and Liverpool, where the Atlantic voyage will begin via the White Star line.

It is needless to say that the HERALD has not secured the exclusive right to publish the letters of Dr. Horn without an outlay of a considerable sum—the largest ever paid by a county seat weekly newspaper in the west for a similar service. There were others working every wire—using every influence that could be brought to bear—to secure them. But the HERALD, as is its custom, appreciating the worth of such a globe-encircling correspondent—especially one of such unimpeachable integrity of character and ability as a descriptive writer—secured the prize by paying the highest price for it. And now, then, let us see how many of the citizens of Alliance and surrounding country appreciate an enterprising newspaper. If you want to keep pace with this distinguished citizen of Box Butte in his sight-seeing around the earth, it behooves you to subscribe for the HERALD. Dr. Horn is to take his departure from Alliance Monday, October 8, barring accidents.

At the Methodist Episcopal church, Sunday, September 28, the Sunday school and League services will be held in the basement. No preaching service. The church edifice will be completed within five days so that the dedicatory services can be held in the auditorium, Sunday, October 5. No one will be permitted to rent any pews as the pastor announces that no pews will be rented at any price. Everyone is invited to every service.

Robt. Graham will move his family from the ranch about November 1st, so that his children may have advantage of the excellent schools of this city. Mr. Graham has purchased of Miss Bell her large house on Box Butte avenue to which he will add some improvements and make it a comfortable and attractive home.

Rev. Jeffers and Rev. Howie attended county Sunday school convention at Hemingford this week. The former reports it to have been very good and the work reported to be very encouraging, seven schools being represented. The program printed was carried out except the concluding number, a lecture by World Superintendent Tyler, who was prevailed from coming by the death of one of his deacons.

The report of the First State Bank of Hemingford appears in this issue. Before the change of ownership of this bank a year ago its business had dwindled down to almost nothing simply because the people had lost faith in its head. But when it was bought out and reorganized by the present management confidence in the concern was restored and its business has increased so steadily that it now makes a very creditable showing.

Attorneys Berry and Tuttle are not fugitives from justice, nevertheless a complaint has been filed against them by W. E. Ashbaugh for shooting ducks on his premises. The disciples of Blackstone allege that the complainant had extended an invitation to them to come out to his place to hunt and they are at a loss to know why Mr. Ashbaugh has become so wrathful about it.

A WRECK IN THE YARDS.

Rear End of Uncoupled Train Crashes Into Front End, Smashing Two Cars.

A wreck occurred early Tuesday morning near the west end of the yard limits. The train was the second section of No. 46, in charge of Conductor Dailey, with Engineer Joe Lynch at the throttle. Shortly before reaching Alliance the train had broken in two, and, it not yet being daylight, the engineer was unaware of the fact and when he checked up his speed the rear section crashed into the front one, smashing two box cars into kindling wood. These cars were loaded with coal and in the front car two young men were stealing a ride; they, along with the loads of coal and broken car timbers, were thrown several feet from the track, their narrow escape from death seems almost a miracle, yet neither was dangerously injured. One of them, Joe Hartman of Denver, received some scratches about the head and face; the other one, Henry O. Paul of Clear Lake, Iowa, got his right leg broken above the knee and several bad cuts and bruises about his head and face. This is the third accident on this branch of the Burlington within about two weeks.

Lieutenant Dorrington Honored.

Hon. F. M. Dorrington of this city has received copies of the Manila, (P. I.) papers which give accounts of the organization of the Veteran Army of the Philippines. Lieut. Dorrington was elected Commander of the Post and the following taken from the American shows the interest manifested in the organization. Lieut. Dorrington's Nebraska friends are pleased with the record he is making for himself since entering the employ of Uncle Sam.

"Permanent organization of General Lawton Post, No. 1, Veteran Army of Philippines, which includes the Veterans of the Eighth Army Corps, Navy and Marine Corps, which operated in the Philippines, was effected last night at the Apache lodge rooms of the I. O. R. M. on Calle Palacio.

"Every chair in the rooms was occupied and a large number of eligibles were standing in the doors and beneath the arches. Every mention of the hero from whom the post takes its name was cheered to the echo.

"Lawton Post is the strongest in the city in point of numbers, and it may well boast a reasonable share of the intelligence belonging to the others. The roll of the post show a membership of over four hundred men who carried a Krug or Springfield in defense of the flag, in the Philippines, and many of them did a like patriotic duty at San Juan Hill, El Caney and Santiago in Cuba.

"The best of spirit prevailed throughout the meeting. It may be said that the spirit of patriotism manifested proclaim the idea that in due time the vets of the Philippines will take the place of the Grand Army of the Republic, and the sons of the Confederacy to which so much attention is given in the states from year to year.

"Minutes of the preliminary meeting were read and all committees reported progress. Temporary Chairman Lawrence presided. He evidenced thorough knowledge of parliamentary law.

"An interesting battle occurred over the election of the commander of the post. Major J. C. Miner, Lieut. L. A. Dorrington and Capt. Albert E. MacCabe were competitors for the honor.

"After the second ballot the fight narrowed to Miner and Dorrington, and the latter won, to the great delight of his promoters. The election of the lieutenant was made unanimous, as were all subsequent elections.

"Capt. J. E. Harding was chosen vice commander; H. E. Metcalf, Adjutant; James B. Cooley, Quartermaster; W. J. Fisher, Commissary of Subsistence; C. Farway, Chaplain; C. J. Cocknell, Officer of the Day, and Mark Scott officer of the Guard."

Their Tenth Anniversary.

The Ladies of the Maccabees of the World now have a membership of over 105,000. This greatest women's fraternal organization in existence will celebrate the tenth anniversary of its organization October 10, 1902, with a grand rally in which every live and every member will participate. On that evening at 8 o'clock meetings will be held simultaneously in every town and city in which a hive is organized. Every member of the organization, wherever she may be located, will wear on that day a souvenir button setting forth the fact that the order has reached its tenth birthday, is 105,000 strong and is established in forty-six states and territories. The ladies of Alliance Hive No. 34 will celebrate October 1 at 8 o'clock at Eagle Hall. The committee is hard at work and a good program will be rendered. The entertainment will be free to all. A cordial invitation is extended to all K. O. T. M. and L. O. T. M. members and their friends. Dancing will follow the program.
