Finds It Very Satisfactory.

Lincoln, Neb., June 21, 1902.

Mr. Landy Clark Agent:

Dear Sir—In reply to your inquiry as to how I regard Sheridan coal, I will say after having tried it during the past winter in furnace, kitchen range and in fire place, I have found it satisfactory in all three.

Being almost smokeless and having the property of holding fire for a long time—in fact, until every vestige of coal is consumed, I have found it very satisfactory for use in a furnace designed for hard coal. Its cleanliness together with its property of holding fire makes it desirable for use in kitchen range and in grate.

Respectfully,  
E. T. HARTLEY.

A meeting of the business men of Alliance and stockmen of this vicinity was held in the Business Men's club rooms last evening to discuss the fence question and lease bill. It was the unanimous opinion that the removal of the fences would be detrimental to the interests of not only the stockmen but all lines of business dependent on the stock interests for support. Another meeting will be held in the near future to further discuss the question.

**A High Compliment.**

Edgar Howard says in the Columbus Telegram: "A clean newspaper, typographically, is very prone to be clean in its editorial utterances and local paragraphs, and this fact is clearly illustrated in the McCook Tribune and Alliance Herald, the press of the state placing those two sheets very near the van in the matter of personal appearance." The Tribune is considered one of leading republican papers of the state. The Herald appreciates this compliment, for Edgar Howard is himself competent to judge. He is a newspaper man himself, and all he has said of the Tribune and The Herald applies with even more force to the Columbus Telegram. Praise from Judge Edgar Howard is praise indeed.

And we have no time for tears,  
In Nebraska.  
Miles and miles of well-cribbed corn  
In Nebraska,  
Chuck up full is plenty's horn,  
In Nebraska,  
We can feed the world all right  
With the stuff we have in sight,  
And our hearts are gay and light,  
In Nebraska.  
Yes, we're doing mighty well  
In Nebraska,  
So stand up and loudly yell  
For Nebraska.  
Everybody up and root,  
Grab a horn and loudly toot  
Forth the praises of Box Butte  
In Nebraska.

**COL. MOSBY IN ALLIANCE AGAIN.**

His Presence, in an Official Way, is Obnoxious to Our Stockmen.

Colonel John S. Mosby arrived in the city yesterday from Omaha and has taken up his abode at the Hila Grand. Mr. Mosby is not inclined to talk of his business here or elsewhere, and when asked by a Herald representative as to how long he expected to remain in Alliance, replied "You'll have to ask President Roosevelt about that." It seems that the President should take the Colonel with him on some of his bear hunting expeditions instead of sending him out here to annoy our stockmen and injure one of the state's greatest industries, or better yet, let Mr. Roosevelt forego the pleasure of a bear hunt and take the time to come out here and investigate the "outrages" those "cattle barons" are committing. It's up to you, Mr. Roosevelt.

**Successful Social at Cleman.**

EDITOR THE HERALD: The entertainment and box social given by the Anti-Slag society of Cleman at the home of E. S. Owen, Thanksgiving evening, was considered a complete success by those in attendance. Autumnal stage decorations enhanced the effect of a well-rendered program.

Following the entertainment, some three score and ten persons testified to the culinary ability of the fair sex of Cleman and vicinity. The boxes were auctioned off by Jack Bignoll and netted \$23.75. This sum will be used in the purchase of a dictionary and maps for the Cleman school, of which Miss Flossie Hickman is teacher.

The Hemingford flour mill and all property belonging to the firm of Miller & Wildy was sold by the receiver at the court house last Saturday. The mill was bid in by A. M. Miller at \$3,950. E. S. Wildy bought the dwelling in Hemingford, the store building in Alliance and the book accounts. Mr. Miller expects to operate the mill soon. The business has been in litigation for the last year and a half and the final settlement is a source of gratification to the owners as well as to the people, who desire to see the mill started up again.

A very pretty wedding took place at the home of Mr. Robert May in Simonson's addition on Monday evening at 7 o'clock, when Mr. Robert Bowman of this place and Miss Maggie Hoagly of Nebo, Ill., were joined in holy wedlock. Mr. Bowman has resided here since in June last, working in the shops. Miss Hoagly arrived on No. 41 from Illinois Monday morning. The wedding took place at Mr. May's as stated, only his family being present. Rev. Jeffers tied the knot. The newly wedded couple will stop at Mr. May's until a suitable home can be found, when they will establish a home for themselves. The Herald extends congratulations.

J. W. Broshar and W. C. Phillips, The Herald's enterprising correspondent at Canton, were in the city Monday transacting business. This was Mr. Broshar's first visit to Alliance in two years.

Robert Pansse, jr., representing the Pabst Brewing Co., was in the city Monday attending to business matters with H. C. Armstrong, the company's agent here. Mr. Pansse is a pleasant gentleman to meet.

Dr. H. B. Miller who arrived a few weeks ago from Cumberland, Maryland, has decided to remain permanently and practice his profession here. He has moved his family into the Anderson residence on Big Horn avenue. Dr. Miller resided at Nonpareil for three years prior to 1889 and is well known to many of the early settlers who are pleased to see him return. He still owns a large amount of real estate in this county. His professional card appears in this issue.

Father Rebach, of Crawford, met with a serious accident last Saturday night, while on his way to the depot to take a train for Hemingford, where he was to have held services the following day. The railroad company was making some change in the yards necessitating the digging of a ditch in the yards, which was left unprotected by a danger signal, and he fell into it, breaking his leg. Father Galvia went up to see him Monday and reports him to be resting as comfortably as can be expected.

Colonel John S. Mosby, who is in Omaha on business of the general land office, of which he is a special agent, has just received from Senator Henry Cabot Lodge of Massachusetts, a letter enclosing an invitation to be present on "Grant night" next April. The Middlesex is one of the most exclusive of all the New England clubs, and its "nights" are events of more than ordinary import. President Champ-ly of the club writes to Colonel Mosby: "We would like to add your name to the roll of distinguished guests. The members of the club, the republicans of Massachusetts, and the people of Boston would be glad to see and welcome you. I beg to assure you that this invitation is not perfunctory and formal. We earnestly desire that you may be able to accept it." Colonel Mosby is at present of the opinion that communications may safely be addressed to him in care of the Middlesex club, Boston, Mass., on the night of April 27, 1903, for he certainly expects to be present on that night.—Omaha Bee.

Col. W. H. McCann, former register of the United States land office at Chadron, was in the city yesterday on his return from a trip to the sand hills. While at one of the small towns east of Alliance, Mr. McCann met an acquaintance who greeted him as "Colonel." Bystanders mistook the Chadron man for Col. Mosby and the news spread quickly that the distinguished "government fence destroyer" was there. The citizens became excited and were eager to get sight of the supposed Mosby while the ranchmen who had government land fenced shrugged their shoulders and volunteered to take down their fences. Things were becoming pretty warm about the time McCann established his identity. Col. McCann and Col. Mosby resemble each other somewhat in appearance.
