MONTHLY SCHOOL REPORT. December Attendance Is Cut Down By Prevalence of Contagious Disease, but Condition Is Improved.

To the Board of Education and patrons of Alliance city schools: Find herewith appended a partial report of the city schools for month ending December 19, 1902.

Total enrollment this month..... 560. Boys enrolled..... 267. Girls enrolled..... 293. Total enrollment to date..... 732. Average daily attendance..... 435.51. Average number belonging..... 498.90. Per cent. of daily attendance..... 86.77. Per cent. of punctuality..... 99.80. Neither absent nor tardy..... 111. Neither absent nor tardy to date..... 41. Number present every day..... 183.

The following rooms reported perfect punctuality: Second grade, third grade, fourth grade. The other rooms report tardies as follows: High school, 7; eighth grade, 3; seventh grade, 5; sixth grade, 2; fifth grade, 2; lower fourth, 3; fourth primary, 4; third primary, 5; second primary, 1; first primary, 1. Total number of tardies 34.

We very much deplore the great irregularity in attendance, most of which we believe to be due to epidemic diseases and other sickness, and hence to a certain extent unavoidable, but nevertheless it is obvious that school work is very much retarded thereby; and not only is the effort of each room affected adversely, but alas, it entails much greater labor and worry on the part of the teacher. We hope however that the different diseases have about run their course, and that we may look for better attendance during the remainder of this year. Respectfully submitted,

W. H. BARTZ, Supr.

A Fun-Producer. A crowded house greeted the production of the Missouri Girl at the opera house last Friday evening and they were well entertained. It was laughter almost from start to finish in spite of two harrowing deaths. As a fun-producer it is hard to excel and that is what it is played for principally, as it is on the farce comedy order. The parts give opportunity for character work and most of it was overdone. In fact, it is seldom that the country bumpkin, the old maid and the child's part in a play are not so overdone that nobody ever saw anything in life like them, although farce comedy is not expected to be produced without great exaggeration. All in all, everyone got his money's worth and we recommend any one in need of good laugh to go to see the Missouri Girl.

A Washington dispatch to the Omaha Bee yesterday says: "A conference lasting over two hours was held tonight in the office of Secretary Hitchcock for discussion on the proposed bill to permit the cattlemen of Nebraska to lease from the government certain lands for grazing purposes. Those present were: Secretary Hitchcock, Judge Vandeventer, assistant attorney general, Senators Dietrich and Warren, Representative Lacey, chairman of the committee on public lands and Representatives Burkett, Shallenberger, Jones, Miller, Shaforth, Griffin, Gibson and Moody, members of the public lands committee. "During the session every phase of the situation was presented and discussed thoroughly. At the conclusion of the conference it was agreed that the Nebraska delegation be permitted to draft a bill and submit it to Secretary Hitchcock and Chairman Lacey. It is now thought that since a full conference has been had a bill can be drawn by the Nebraska embodying points that would be acceptable to all concerned.
