

CAUGHT BY THE GRIP. RELEASED BY PE-RU-NA.

**Congressman Geo. H. White's Case.
A Noted Sculptress Cured.**

The world of medicine recognizes Grip as epidemic catarrh.-- Medical Talk.

LA GRIPPE is epidemic catarrh. It spares no class or nationality. The cultured and the ignorant, the aristocrat and the pauper, the masses and the classes are alike subject to a grippe. None are exempt—all are liable. Have you the grip? Or, rather, has the grip got you? Grip is well named. The original French term, la grippe, has been shortened by the busy Ameri-

writes the following letter from 3417 Wabash avenue, Chicago, Ill.:

"I suffered this winter with a severe attack of the grippe. After using three bottles of Peruna I found the grip had disappeared."—Mrs. T. Schmidt.

Mrs. Celeste Jewell writes from 219 N. avenue, Aurora, Ill.:

"Only those who have suffered with the grippe and been cured can appreciate how grateful I feel that such a splendid medicine as Peruna has been placed at the door of every suffering person."—Mrs. C. Covell.

Noted Sculptress Cured of Grip.

Mrs. M. C. Cooper, of the Royal Academy of Arts, of London, England, now residing in Washington, D. C., is one of the greatest living sculptors and painters of the world. She says:

"I take pleasure in recommending Peruna for catarrh and la grippe. I have suffered for months, and after the use of one bottle of Peruna I am entirely well."—Mrs. M. C. Cooper.

D. L. Wallace, a charter member of the International Barber's Union, writes from 15 Western avenue, Minneapolis, Minn.:

"Following a severe attack of the grippe I seemed to be affected badly all over. "One of my customers who was greatly helped by Peruna advised me to try it, and I procured a bottle the same day. Now my head is clear, my nerves are steady, I enjoy food and rest well. Peruna has been worth a dollar a dose to me."—D. L. Wallace.

Lieutenant Clarice Hunt, of the Salt Lake City Barracks of the Salvation Army, writes from Ogden, Utah:

"Two months ago I was suffering with so severe a cold that I could hardly speak. "Our captain advised me to try Peruna and procured a bottle for me, and truly it worked wonders. Within two weeks I was entirely well."—Clarice Hunt.

Congressman White's Letter.

Tarboro, N. C.
Gentlemen—I am more than satisfied with Peruna and find it to be an excellent remedy for the grip and catarrh. I have used it in my family and they all join me in recommending it as an excellent remedy.—George H. White, Member of Congress.

Mrs. T. W. Collins, Treasurer Independent Order of Good Templars, of Everett, Wash., writes:

"After having a severe attack of the grippe I continued in a feeble condition even after the doctors called me cured. My blood seemed poisoned. Peruna cured me."—Mrs. T. W. Collins.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will please to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

PISO'S CURE FOR CONSUMPTION

THE LIVE STOCK MARKET.

Latest Quotations from South Omaha and Kansas City.

SOUTH OMAHA.

CATTLE—There was a liberal run of cattle and buyers took advantage of the opportunity to pound the market a little. The beef steer market was slow in getting started and could safely be quoted a dime lower than yesterday. The quality of the cattle was just fair, which, perhaps, had something to do with the lack of activity. The cow market suffered a little worse than the steers. The morning was well advanced before much trading was done, and as a general thing the decline amounted to 10¢. The bull market did not show much change, as buyers have been taking off all the week on that class of cattle. Veal calves also held about steady. There were only a few bunches of stockers and feeders in the yards, so that although the close of the week is at hand prices held about steady. As high as \$4.45 was paid for some cattle, but they were much better than anything that has arrived here in some little time. The common stuff was slow, the same as usual.

HOGS—There was only a moderate run of hogs and under the influence of a good local demand the market opened strong to a nickel higher. The bulk of the medium weight hogs sold from \$5.55 to \$6.65, and the prime heavy hogs sold from \$6.55 down. As a general thing the better weight hogs were a nickel higher, while the lighter hogs were strong to be higher. Trading was fairly active on the more desirable loads, and the bulk of them was disposed of in good season. As is generally the case, though, the lighter weights were neglected, and were largely left until the last.

VENEZUELAN ARE INDIGNANT.

Excitement Against German Arms High at La Guayra.

LA GUAYRA—The former Venezuelan gunboat Restaurador, now in the possession of the Germans, arrived here Friday from Puerto Cabello and anchored near the shore. Her presence caused great popular indignation. At 3 o'clock several rifle shots were heard in the distance. Shortly afterward the Restaurador left her anchorage and moved to a position outside the harbor and under the protection of the guns of the British cruiser Tribune.

The Restaurador had been armed, equipped and manned by the Germans since her capture. Her anchoring close into the shore was taken by the populace, in view of the Maracaibo occurrences, as a direct provocation to retaliation. It is not known where the rifle shots of Friday afternoon were fired, but it is believed that the precaution of the Restaurador in moving from the shore was timely, as the hungry unemployed populace of La Guayra, excited by recent events and driven to desperation by their condition, had applied to the local authorities for arms and proposed making a night attack on the gunboat. The excitement against the Germans is running high here.

FAMINE MAKES CANNIBALS.

New Guinea Black Kill and Eat White Men on the Island.

VICTORIA, B. C.—The steamer Miowara, which arrived Saturday, brings news of the murder of several white men by the natives of New Guinea. A drought has been experienced for some time and it is thought that on account of shortage of food the natives have resorted to cannibalism.

Reports of murders have been received from many places. One tells of the killing of two European prospectors who were eaten by the blacks, and a Dutch constable is also reported killed and eaten. Several blacks were also murdered. Many of the natives have no food and are subsisting on roots and herbs.

A Curious Old Document.

A rare tract by Sir William Scaguir, Norroy king-at-arms, printed in 1602, describes the Earl of Cumberland's induction into the office of "Peculiar Champion to Queen Elizabeth." This took place at the annual "feet of arms" held on the queen's birthday. Sir Henry Lea, who was the originator of the celebration, removed his armor and presented the Earl of Cumberland to her majesty, praying her to accept him as her knight. On her signifying her acceptance the old champion armed the new, and put a cap and coat of velvet upon himself, while one of her majesty's servants sang a song of which one stanza runs: "My helmet now shall make a hive for bees, And lovers' songs shall be my holy psalms; A man at arms must now sit on his knees. And feed on prayers which are old age's alms. And so from court to cottage I depart; My saint is sure of mine unspotted heart."
