THE LIVE STOCK MARKET.

Latest Quotations from South Omaha and Kansas City.

SOUTH OMAHA.
CATTLE—There was a fair run of cattle here, and the market as a whole was in very satisfactory condition. Packers seemed to be quite anxious for supplies, so that a fairly early clearance was made. The beef steer market, though, was not quite as brisk as it was the day before on the good cattle. The heavy weights in particular did not sell very well, and on that class salesmen were calling the market a little lower. The cow market was active and stronger on cutters and the better grades of cornfeds. For the week the market on that class of cattle is fully the higher and in some places more. Canners, however, have been rather neglected all the week and have not shown any improvement. Bulls were not any more than steady, with the demand indifferent. Veal calves sold freely at steady prices. Supplies of stock cattle were limited, and as is generally the case toward the close of the week, the market was, if anything, a shade lower, as speculators were afraid to get many cattle on hand for fear of being obliged to carry them over.

HOGS—There was not an excessive run of hogs at any point, and as a result prices improved a little under the influence of a good demand. At this point the market was rather slow. Sellers held for a little advance, and that was the way the bulk of the hogs sold. The big end of the receipts sold from \$7.85 to \$7.65. The heavier weights sold mostly from \$7.99 to \$7.65, and as high as \$7.15 was paid for prime heavyweights. The medium hogs sold largely from \$6.95 to \$7.05, while the light hogs sold from \$6.50 down.

HOGS—Market opened strong to be higher, closed weak; top, \$7.20; bulk of sales, \$7.00@7.15; heavy, \$7.10@7.20; mixed packers, \$6.50@7.15; light, \$6.70@7.05; yorkers, \$6.50@7.05; pigs, \$5.80@6.70.
SHEEP AND LAMBS—Market steady; native lambs, \$4.00@6.65; western lambs, \$3.85@6.50; fed ewes, \$3.15@6.00; native wethers, \$3.50@5.55; western wethers, \$3.40@5.70; stockers and feeders, \$2.50@3.65.

PEACE POWERS' PROTOCOL.

Agreements Between Other Claimants and Venezuela.

WASHINGTON, D. C.—Among the callers on Herbert W. Bowen, Venezuela's representative, Friday, was Ferdinand Van Derheide, formerly charge d'affaires of Belgium to Venezuela, who came with the Belgian minister, Baron Moncheur. Mr. Van Derheide has been designated as charge d'affaires to Chile, but has stopped in Washington to give what assistance he can to Baron Moncheur in drawing up the Belgian protocol with Mr. Bowen.

The representatives of the various peace powers are having cable exchanges with their governments to guide them in the drafting of the protocols for the settlement of the claims of citizens of their countries against Venezuela. None of those protocols are yet in shape for signature.

Minister Bowen, accompanied by Mrs. Bowen, made a formal call on the various diplomatic officials with whom he has been conducting negotiations.

Affecting Pension Laws.

WASHINGTON, D. C.—Representative Sulloway on Friday introduced a bill reciting "that in the administration of the pension laws and enlisted men in the military service of the United States during the rebellion shall be held to be entitled to a pension for any disability contracted by him during any and all enlistments recognized by the war department as valid, provided his disability or disabilities were contracted during the performance of military duty, within the meaning of the pension laws, any ruling or decision of the secretary of the interior to the contrary notwithstanding."

Says Sun is Inhabited.

LA PORTE, Ind.—Alexander Young of La Porte makes the announcement that from observations made by him he is confident that the sun is inhabited. He claims to have seen on the sun's surface mountain sides with great and precipitous rocks, which glow with prismatic colors, blended with the greenness of a perennial vegetation and with a floral radiance more beautiful than that of the earth.

Hot Stuff for the French.

A member of the staff of Figaro, a sprightly Paris newspaper, was sent to the United States to make "psychological and analytical" studies of America and Americans. The Gallic journalist has published his observations on our economic, social and political institutions. A day or two ago he gave the readers of Figaro his views about our great national sport, "Le foot ball." He saw the game between Harvard and Yale and describes it with a realism and a minuteness of detail which are said to be very impressive. The Gallic observer appears to have been startled by the ferocious cries of "Kill him! Kill him!" from excited partisans of the rival teams. He explains that those who incite to murder are not really assassins at heart. "It may well be asked," he adds, "whether a pastime which elicits such brutal frenzy can be good for civilization."

It would be interesting to have a record of the Figar man's impressions of what in sporting parlance is described as a "hot base ball game." "Le foot ball," it is conceded, is not child's play. But if the Paris journalist were to hear some of the blood-curdling demands for vengeance upon the umpire of a base ball contest, if he were to see that unfortunate person attacked by a mob of bloodthirsty "rooters," he would possibly conclude that "Le foot ball" is not such a savage pastime after all.—Baltimore Sun.

Just in Time.

Broadland, So. Dak., Feb. 23d.—Broadland county has never been so worked up as during the last few weeks. Every one is talking of the wonderful case of G. W. Gray of Broadland, the particulars of which are best told in the following statement which Mr. Gray has just published:

"I was dying. I had given up all hope. I was prostrate and as helpless as a little babe. I had been ailing with Kidney Trouble for many years, and it finally turned to Bright's Disease. All medicine had failed and I was in despair.

"I ordered one box of Dodd's Kidney Pills and this first box helped me out of bed. I continued the treatment till now I am a strong, well man. I praise God for the day when I decided to use Dodd's Kidney Pills.

Everybody expected that Mr. Gray would die and his remarkable recovery is regarded as little short of a miracle by all who know how very low he was. Dodd's Kidney Pills are certainly a wonderful remedy.

SALEM, IND., Feb. 5, 1903.—"I received the trial package of Doan's Kidney Pills and I must confess they did me wonderful good. It seems strange to say that I had tried several kinds of kidney medicines without doing me any good. I had back-ache, pain in my bladder and scalding urine, and the sample package sent me stopped it all in a few days, and with the package I am now using from our drug store I expect to be cured permanently. It is wonderful, but sure and certain the medicine does its work. I was in constant misery until I commenced the use of Doan's Kidney Pills."—CHAS. R. COOK, P. O. Box 90, Salem, Washington Co., Ill.

SOUTH BARTONVILLE, ILL., Feb. 3, 1906.—"I received the trial package of Doan's Kidney Pills and have bought several boxes of my druggist. They have done me much good. I was hardly able to do any work until I began taking them; now I can work all day and my back does not get the least bit tired."—BIRD GRAY.

LADY ON EDITORIAL STAFF OF LEADING RELIGIOUS WEEKLY

Sends the Following Grand Testimonial to the Merits of Cuticura Remedies in the Treatment of Humours of the Blood, Skin and Scalp.

"I wish to give my testimony to the efficiency of the Cuticura Remedies in what seems to me two somewhat remarkable cases. I had a number of skin tumours—small ones—on my arms which had never given me serious trouble; but about two years ago one came on my throat. At first it was only about as large as a pinhead, but, as it was in a position where my collar, if not just right, would irritate it, it soon became very sensitive and began to grow rapidly. Last spring it was as large, if not larger, than a bean. A little unusual irritation of my collar started it to swelling, and in a day or two it was as large as half an orange. I was very much alarmed, and was at a loss to determine whether it was a carbuncle or a malignant tumor.

"My friends tried to persuade me to consult my physician; but, dreading that he would insist on using the knife, I would not consent to go. Instead I got a small bottle of Cuticura Resolvent and a box of Cuticura Ointment. I took the former according to directions, and spread a thick layer of the Ointment on a linen cloth and placed it on the swelling. On renewing it I would bathe my neck in very warm water and Cuticura Soap. In a few days the Cuticura Ointment had drawn the swelling to a head, when it broke. Every morning it was opened with a large sterilized needle, squeezed and bathed, and fresh Ointment put on. Pus and blood, and a yellow, cheesy, tumorous matter came out. In about three or four weeks' time this treatment completely eliminated boil and tumor. The soreness that had ex-

tended down into my chest was all gone, and my neck now seems to be perfectly well.

"About five or six years ago my sister had a similar experience. She had two large lumps come under her right arm, the result of a sprain. They grew rapidly, and our physician wanted to cut them out. I would not listen to it, and she tried the Cuticura Remedies (as I did a few months ago) with magical effect. In six weeks' time the lumps had entirely disappeared, and have never returned.

"I have great faith in the Cuticura Remedies, and I believe they might be as efficacious in similar cases with other people, and thus save much suffering, and perhaps life. I have derived so much benefit from the use of them myself that I am constantly advising others to use them. Recently I recommended them to an office boy for his father, who was disabled with salt rheum. The man's feet were swollen to an enormous size, and he had not worked for six weeks. Two bottles of Cuticura Resolvent and two boxes of Cuticura Ointment worked a perfect cure. You never saw a more grateful man in your life.

"I am very much interested in another case where I have recommended Cuticura. Just now, my housemaid's mother has a goitre which has reached a very dangerous point. The doctors told her that nothing could be done; that she could live only two or three weeks, and that she would die of strangulation. She was confined to her bed, and was unable to speak, when her daughter, at my suggestion, tried the effect of the Cuticura Remedies and Cuticura Resolvent. Strange to say, she was very shortly relieved of the most distressing symptoms. The swelling seemed to be exteriorized, and she is now able to be around her house, and can talk as well as ever.

"It seems to me that I have pretty good grounds for believing that Cuticura Remedies will prove successful in the most distressing forms of blood and skin humours, and if you wish to use my testimonial as herein indicated, I am willing that you should do so, with the further privilege of revealing my name and address to such persons as may wish to substantiate the above statements by personal letter to me."
