

DISGUISED CATARRH.

A Stealthy, Insidious, Weakening Enemy to Women—Many Thousand Women Suffer Needlessly From This Cause.

There are a multitude of women, especially housewives, and all other women obliged to be on their feet constantly, who are wretched because their strength, simply because their strength and vitality is sapped away by catarrhal discharges from the pelvic organs. These women get up in the morning tired, drag themselves through their daily duties tired, only to go to bed at night as tired as before.

Mrs. Eva Bartho, 133 East 19th Street, N. Y. City, N. Y., writes:—"I suffered for three years with what is generally known as leucorrhoea, in connection with ulceration of the womb. The doctors advocated an operation which I dreaded very much, and strongly objected to undergo. Reading of the value of Peruna, I thought I best to give this well-known remedy a trial. So I bought three bottles of it at once. Now I am a changed woman. Peruna cured me; it took nine bottles, but I felt so much improved I kept taking it, as I dreaded an operation so much. About a year ago I was run down that I had to take to my bed, and became weaker and weaker. A friend advised me to try Peruna, and I have great reason to be grateful, for in two weeks I was out of bed and in a month I was perfectly well, and I now find that my health is much more robust than formerly, so that I take Peruna once or twice a month and keep well."—Louise Mahon.

taken. I used it faithfully for two weeks and it completely cured me. I have not had any pains since, anywhere, but feel like a new woman. I am truly thankful for what Peruna has done for me."—Barbara Alberty.

Mrs. Kate Mann, 806 Bathurst Street, Toronto, Ont., Can., Vice President of the Ladies Aid Society, writes:—"I am pleased to give praise to Peruna for the blessed relief I found through its use. I suffered for years with backache and dragging down pains and often had to go to bed and stay there when I was so busy that I could ill be spared. It was therefore a simple godsend to me when Peruna was brought to my notice. Every drop seemed to give me new life, and every dose made me feel much better, and I promised myself that if I found that it cured me I would advocate it so that other suffering women should know of it. I have been in perfect health for one year. I enjoy work and pleasure because in such fine health, and no trouble seems too heavy to bear when you are in good health. Peruna has simply been a household blessing, and I never will be without it again."—Mrs. Kate Mann.

MRS. KATE MANN.

Mrs. Anna Martin, 47 Hoyt St., Brooklyn N. Y., writes:—"Peruna did so much for me that I feel it my duty to recommend it to others who may be similarly afflicted. About a year ago my health was completely broken down, had backache, dizziness and irregularities, and life seemed dark indeed. We had used Peruna in our home as a tonic, and for colds and catarrh, and I decided to try it for my trouble. In less than three months I became regular, my pains had entirely disappeared, and I am now perfectly well."—Mrs. Anna Martin.

Mrs. Wm. Hetrick, Kennard, Washington County, Neb., writes:—"I am fifty-six years old and have not felt well since the Change of Life began ten years ago. I was in misery somewhere most of the time. My back was very weak, and my flesh so tender it hurt me to lean against the back of a chair. I had pain under my shoulder-blades, in the small of back and hips. I sometimes wished myself out of this world. Had hot and cold spells, dizziness and trembling of the limbs, and was losing flesh all the time. After following your directions and taking Peruna I now feel like a different person."—Mrs. Wm. Hetrick.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis. Peruna can be purchased for \$1 per bottle at all first class drug stores.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

Mrs. Louise Mahon, 3 Glen Hallie Street, Toronto, Ont., Can., Secretary of the King's Daughters and Secretary of Lady Macneil's writes:—"If all women knew of the benefits to be derived from taking Peruna we would have many happier and more beautiful women. My health has never been so robust, and I am easily fatigued and can not stand much. About a year ago I was run down that I had to take to my bed, and became weaker and weaker. A friend advised me to try Peruna, and I have great reason to be grateful, for in two weeks I was out of bed and in a month I was perfectly well, and I now find that my health is much more robust than formerly, so that I take Peruna once or twice a month and keep well."—Louise Mahon.

Bituminous Coal.
It will perhaps surprise some people to know that the production of bituminous coal was eight times as great as the production of anthracite during the year 1902; for, in that year, owing to idleness at the mines, the hard coal position fell to where it was in the year 1885. While there is a great deal said and heard of the anthracite industry because it is concentrated in the hands of a few persons and worked as a rule at a profit, there is a vast extent of the country which takes the soft or bituminous coal—takes it to the extent of 250,000,000 net tons.

MRS. RATH'S BABY
Tired Mother's Touching Story of Anxiety and Suffering.

Cuticura Brings Blessed Cure to Skin Tortured Baby and Peace and Rest to Its Worn Out Mother.

It is no wonder that Mrs. Helena Rath was taken sick. Single-handed, she did all the housework and washed, cooked and mended for her husband, Hans, and their six children. After a pucky fight to keep on her feet, Mrs. Rath had to yield, and early in 1902 she took to her bed. What followed she told to a visitor, who called at her tidy home, No. 824 Tenth Ave., New York City.

"I hired a girl to mind the children and to do whatever else she could. I couldn't stay in bed long. Sick as I was, it was easier for me to crawl around than to lie and worry about my little ones. So I got up after a few days, and let the girl go. I had noticed that she had sores on her face, hands and arms, but I paid no attention to that until Charlie, my youngest, began to pick and scratch himself. He was then ten months old, and the girl had paid more attention to him than to any of the others. Charlie was fretful and cross, but as he was cutting teeth, I didn't think much of that. Even when a rash broke out on his face I wasn't frightened, because everybody knows that that is quite common with teething babies. Several of my others had it when little, and I thought nothing about it.

"But the rash on Charlie's poor little face spread to his neck, chest and back. I had never seen anything quite like it before. The skin rose in little lumps, and matter came out. My baby's skin was hot, and how he did suffer! He wouldn't eat, and night after night I walked the floor with him, weak as I was. Often I had to stop because I felt faint and my back throbbled with pain. But the worst pain of all was to see my poor little boy burning with those nasty sores.

"I believed he had caught some disease from the girl, but some of the neighbors said he had eczema, and that is not catching, they told me. Yes, I gave him medicine, and put salves and things on him. I don't think they were all useless. Once in a while the itching seemed to let up a bit, but there was not much change for the better until a lady across the street asked me why I didn't try the Cuticura Remedies. I told her I had no faith in those things you read about in the papers. She said she didn't want me to go on faith nor even to spend any money at first. She gave me some Cuticura Ointment—I think the box was about half full—and a piece of Cuticura Soap. I followed

the directions, bathing Charlie and putting that nice Ointment on the sores.

"I wouldn't have believed that my baby would have been cured by a little thing like that. Not all of a sudden, mind you. Little by little, but so surely. Charlie and I both got more peace by day, and more sleep by night. The sores sort of dried up and went away. I shall never forget one blessed night when I went to bed with Charlie beside me, as soon as I got the supper dishes out of the way and the older children undressed; when I woke up the sun was streaming in. For the first time in six months I had slept through the night without a break.

"Yes, that fat little boy by the window is Charlie, and his skin is as white as a snow flake, thanks to the Cuticura Remedies. I think everybody should know about the Soap and also the Ointment, and if it is going to help other mothers with sick babies, go ahead and publish what I have told you."
