Chancellor Andrews is the man who was dismissed from Brown university because he advocated the double standard in 1896. He is a man of forceful character, a good speaker and an authority on educational matters. Next Wednesday evening, May 20, is the evening on which he will deliver his lecture, "Self Culture."

Interest in the fall campaign for county offices is beginning to be manifested. The republican nomination for county superintendent seems to be the one around which the interest centers at present. Mrs. Ford and Mrs. Rustin are candidates for the nomination. The fusionists will probably nominate a lady for this office and it looks as if the canvass may be exciting. A great many bees in the bonnet will develop soon and the candidates become thick and vociferous. It is well that this is always so. By a process of elimination the best man or woman is usually selected, though of course this process is a little hard on those eliminated.

An intellectual treat has been prepared for the patrons of the Hemingford schools in the lecture to be given on the evening of May 20. It is to be hoped that the people of Hemingford, Marsland, Canton, Dunlap, Lawn, Box Butte and Alliance will be here and give the distinguished New England educator, E. Benjamin Andrews, a crowded house.

The fellows who burglarized the stores here were arrested at Newcastle and the razors stolen from H. R. Green's store, or a part of them recovered. The marshal kept the booty but for some reason inexplicable to the people here, turned them loose Saturday evening. That night they robbed a store at Newcastle, getting eleven revolvers. It is thought they went on west from Newcastle and may be re-arrested.

Bert and Susie Hopkins were in from the ranch Tuesday.

Almeda and Earl Fosket went to Alliance Saturday evening, returning Tuesday morning.

To delay expenses and get necessary articles for the school an admission of twenty-five cents will be charged, or a season ticket at thirty-five cents which will entitle the holder to a seat at the lecture and two entertainments given by the school. The lecture alone is worth the price of the season ticket. Tickets may be purchased from members of the class or at the drug store at Hemingford. Miss Dickey deserves much credit for the able manner in which she has conducted the school and we will say that she is much loved by her pupils and highly esteemed by the patrons. The members of the school board are a unit in their desire to have her return another year.
