

Rev. John Calhoun Sloan.

We regret exceedingly to chronicle the death of Rev. John C. Sloan, whose serious illness at Mitchell was mentioned in these columns last week, then with the hope of his recovery. He grew no better there and was brought to his home in this city Saturday where the following morning about 7:30 o'clock he peacefully breathed his last. Rev. Sloan was well known throughout this section and was quite as generally esteemed and loved. His kind heart and generous spirit considered all mankind his friends and brethren, and they in turn recognized in him that relationship.

John Calhoun Sloan was born in New York state August 25, 1841, but most of his boyhood days were spent in Missouri, his parents being southerners and, before the war, slave holders. He served as a scout during the war of the rebellion and at its close began freighting on the wagon route from Omaha to Denver and Salt Lake City. During those eight or ten years he was twice sent to Washington as commissioner for the Indians at times when lands were apportioned there. He was converted in 1873 and united with the Presbyterian church and in the spring of 1874 was ordained a minister of that church since which time he has cheerfully and ceaselessly labored in its service, his efforts being chiefly to home missionary work. Through him twenty-three churches have been built in western Nebraska and it is stated that he has preached in every home mission church from Decatur, where he first settled in this state, to the Black Hills. Increasing ill health, however, forced him to decide to relinquish his active labors in the work he loved and about a month ago he was retired from the ministry. A church building at Mitchell that had been his charge was not yet completed and he went down there about two weeks ago to superintend the remainder of the construction and was there seized with his fatal illness. He had been a delegate to the Presbyterian general assembly several times and in 1896 was chosen moderator of the synod. Rev. Sloan had made his residence in this city for the last eight years. Seven years ago he married Mrs. Jane Hills of this city who survives him, he having been married twice before. He leaves six children, Mrs. E. M. Young and Mrs. J. J. Daley of this city; John Sloan of La Mar, Colo.; William Sloan of Wheatland, Wyoming; George Sloan, now a student at Bellvue college, and Mabel Sloan of Tekamah, Neb.

The funeral services were held in the Methodist church Tuesday morning at 10 o'clock. Rev. H. P. V. Bogue of the First Presbyterian church having charge of them and being assisted by the other ministers of the city, while the sermon was preached by Rev. Dr. Robert L. Wheeler, pastor of the First Presbyterian church of South Omaha. Dr. Wheeler and Rev. Sloan had been fast friends for more than twenty-eight years and it had been agreed between them years ago that the one of them who survived the other should preach the funeral sermon for the deceased. The sermon was one of tender and loving tribute to the life of him whom all were assembled there to honor.

Rev. Sloan was a member of the Masonic fraternity and also of the A. O. U. W., the M. W. A. and I. O. O. F. The funeral services were conducted with the rites of the first named order and many members attended in a body. The funeral was attended by many people from various places in this part of the state where he has labored and a very large number of friends followed the remains to their last resting place in Greenwood cemetery.

Last Thursday evening the pupils of the high school gave their entertainment consisting of a play entitled "Hans Von Smash," several tableaux, songs and pantomimes. The play was a comedy and well acted, each part being thoroughly committed and naturally rendered. There was not a poor number on the program. The past year has been an excellent one in the schools. The teachers all deserve especial credit for their hard, painstaking work.

C. J. Wildy's barns burned Thursday evening about 10:30 o'clock. For some time it looked like the stores would have to go, but heroic work on the part of the citizens saved them. The crowd who had attended the entertainment had not all gone home, so there were plenty to carry water. It is thought that the fire originated from a match or cigar carelessly thrown down by some one who attended the entertainment and who had a saddle horse hitched to the south of the barn.

The fifteenth annual meeting of the Northwestern Association of Congregational Churches was held in Hemingford during the past week and from the spirit of the meeting those who attended were doubtless wonderfully helped, as the meeting was characterized by a spirit of Christian fellowship and devotion to religious work. The program was prepared with reference to the special needs of this field. The sermon Tuesday evening by Rev. J. H. Address of Chadron was upon the power of the love of God in contrast to the love of man, a fitting theme to precede the sacramental service which followed. The paper by Rev. J. B. Brown of Reno upon "Pulpit Power" showed much thought and deep reverence for the presentation of the Word of God from the sacred desk. The normal lesson conducted by Rev. J. D. Stewart of Aurora and address upon "Our Greatest need were both instructive and helpful. In all, the convention was a decided success.

Announcement

TO THE TEACHERS OF BOX BUTTE COUNTY, NEBRASKA:

The term of the Alliance Junior Normal for 1903 begins June 8, continuing in session ten weeks. The establishment of this school provides an unusual opportunity in this part of Nebraska for teachers and those contemplating that work to make special preparation.

We are confident that the ten weeks' normal training which is thus placed within reach of our teachers will justify you all in bearing the expenditure of the necessary time and money with profit to yourselves and improvement in the education of our boys and girls.

A Primary School conducted in connection with the normal will afford an occasion to observe methods applied in actual instruction.

Course of Study.

Courses of study will be arranged largely from those regularly prescribed for students at the State Normal at Peru and will include both the Elementary and Advanced courses with Principles of Agriculture, and those doing the work and completing the studies in a satisfactory manner will receive a certificate to that effect signed by the Principal and countersigned by the State Superintendent which will entitle the holders to the same credit at the State Normal as though they attended at Peru.

The Alliance School Board has tendered the free use of its building and apparatus and such text-books as may be on hand, but those having texts on subjects they wish to study are requested to bring them.

The school will be absolutely free so far as matriculation or institute fees are concerned.

A course of lectures and evening entertainments will be given which will also be free for those enrolled at the normal. These will be instructive as well as entertaining and the different numbers will be announced later. The expense for these lectures as well as the other incidental expenses of the normal will be paid out of the institute funds of the various counties represented in the attendance.

However the usual certificate and examination fee of \$1.00 will be charged. Examinations will be held at the close of the normal.

Entrance requirements are the same as for applicants for admission at the State Normal. TEACHERS and others who are fourteen years of age, of good moral character, of good physical health, and who have a fair knowledge of the common branches such as can be gained in the common schools and the Eighth grade of city schools.

To simplify the organization of classes it is desired that all who contemplate attending will write and give list of studies they are most desirous of pursuing. Instructors for each of the subjects will be announced at the opening session.

The school will be under the management and supervision of the State Superintendent who with the county superintendents of counties tributary have united for a union teachers' institute which will be held during the latter part of the term and will comprise the institute for these counties none being held in any of the counties united for the Alliance Junior Normal. The Institute will be professional consisting of methods and instructive and inspiring lectures the best that the State Superintendent can furnish with the funds at his command.

The last two weeks, from August 3 to August 14, will constitute the time for the Box Butte County Teachers' Institute when all teachers and those intending to teach in this county the coming year, not already in attendance, must attend in accordance with Section 6, Subdivision 10, of the School Laws of Nebraska. \* \* \* The county superintendent may, at his discretion, revoke the certificate, or refuse to grant a certificate to any teacher who refuses to attend the county institute. \* \* \*

We urge ALL teachers, but especially young teachers and those who intend to teach, to attend the full ten weeks and as an inducement for you to do so, we will grant the following privileges: All teachers who hold complete first or second grade certificates in this county, who attend the full ten weeks and work satisfactorily may, if you desire, be relieved of writing an examination for a certificate for next year, except in "Principles of Agriculture." Those who have not received two third grade certificates, who comply with above conditions may have grades above 85 per cent. transferred without examination on these subjects. Those who attend for a less period than ten weeks will be required to write on subjects in which their grade is 90 or less. Those teaching at time of opening will be considered as attending normal if entrance is made immediately upon the close of their school. Those who have not taught will be given due credit for the work they do during the normal; all others who teach in this county next year are required to take full examination.

Board and Room.

There will be a dining hall conducted here during the normal at which board may be secured for \$2.75 per week. Well furnished rooms may be had at from 50 cents to 75 cents a week for each teacher, two or more occupying the room together, making total cost for board and room per student \$3.00 to \$3.50 per week. Board and lodging may be had in private families for \$3.50 to \$4.00 per week.

Rooms for light housekeeping can be secured for from two to eight clubbing together at 30 cents to 50 cents per week for each person. Also places are offered where teachers, either lady or gentleman, may work for their board while attending the normal.

All who intend to come to the normal should secure accommodations as soon as possible and get the best you can with the funds at your command. Please report immediately as to your plans and I will do my best to carry out your wishes so that you may obtain the greatest profit and highest possible good from your attendance.

While I believe you have all done your best in the past, we cannot do our best in the future if we let such opportunities slip, for the OPPORTUNITY itself requires better work in our schools next year.

Respectfully,

J. W. BAUMGARDNER,

County Superintendent.
