BARNES NAMED FOR LEADER.

Nominations by Nebraska Republicans in State Convention.

For Supreme Judge..... JOHN B. BARNES, Madison For University Regents— W. G. WHITMORE, Douglas. C. S. Allen, Lancaster. State Chairman..... HARRY C. LINDSAY, Pawnee

LINCOLN.—The republican state convention here Tuesday nominated this ticket with practical unanimity, adopted a declaration of principles, and by resolution launched the boom of John L. Webster of Omaha for vice presidential place on the presidential ticket.

The convention was marked by a spirit of harmony and absence of contentions struggles more pronounced than in any state convention of recent years. Considering the fact that there were no issues to be fought out, or conflicting candidacies to champion, the attendance was better than was expected. On the roll call 1,028 votes were recorded out of a total of 1,951, the eleven counties which were unrepresented being those most sparsely settled and remote while of the delegations present most of them were fairly represented.

PRESIDENT WILL NOT TALK.

Is Disappointed at the Action of Colombia.

OYSTER BAY N. Y.—Upon the return of the president to Sagamore Hill Monday evening from reviewing the fleet, he found awaiting him news of the rejection of the Colombian canal treaty. While he naturally was disappointed at the action of the congress, he does not desire at this time to make any comment upon it.

When it was learned recently that the Colombian congress intended to amend the treaty, it was understood that an intimation was conveyed to the Colombian government that such amendments as were proposed would be unsatisfactory to this government. The rejection of the treaty followed. It is quite certain that the action of Colombia will induce some consultations of importance in the near future and possibly some action by congress at the extraordinary session.

BERLIN.—The socialists are entitled to have appointed from their party one of the three vice presidents of the reichstag on account of their increased representation, and the other parties appear willing to concede this. FEATURES OF THE STATE FAIR.

Cresceus Day Expected to be a Record Breaker at the Show.

The coming of Cresceus to the state fair this year will be the event in the attraction line, and will make on the day that he trots against his record a day in attendance and interest and enthusiasm equal to the J. I. C. day at the fair some fifteen years ago.

Every big day at the fair each year since the time that J. I. C. trotted has been compared with that date, but nothing has ever equalled the attendance on the day when that widely advertised horse trotted. This year the record of attendance of the J. I. C. day will be broken, on the day that Cresceus goes against his record. He is the fastest trotter in the world, holding the world's record, and to secure him for a day at the Nebraska state fair this year was getting an attraction that thousands and thousands of people over the state will appreciate and approve by their attendance.

Lovers of the races should remember also that the state fair management this year has increased the purses for running, trotting and pacing to double the amount of a year ago. In other words this year \$8,000 is devoted to the speed ring, besides the additional thousand dollars it takes to bring Cresceus here. This large amount of money hung up in purses will bring the largest number of good horses to the fair that ever have been gathered at one time in the history of the exposition. It means that every one of the five days commencing with Monday and ending with Friday will have three strong races and occasionally an extra race thrown in for good measure. There will not be a day of the fair when the speed ring will not be especially attractive and interesting.

It was demonstrated a year ago by the attendance at the races that the people appreciated good horses and that they were ready to patronize that feature of the fair. This year the board of managers propose to give the public who enjoy this feature the best entertainment every day ever given in the state, and there need be no doubt but that the attendance at the fair this year will be the greatest in its history.

A Complete Automobile.

Dr. W. N. McVicar, bishop coadjutor of Rhode Island, tells a funny experience at a recent visit to Boston. He saw some boys trotting down Tremont street and keeping close together. One of them kept saying "Chug! Chug! Chug!" and another occasionally said "Toot!" The bishop asked what they were doing, and was informed they were playing "automobile." The one saying "chug" was the engine, the one saying "toot" was the chauffeur, and the one saying nothing was a friend taking a ride. The auto moved on, and the bishop noticed a fourth boy running along about fifty feet behind the others, and asked him what he represented. "Oh, I'm the smell," was the perfectly serious answer.

Loubet and Cambridge.

President Loubet, in calling on the Duke of Cambridge, held converse with a prince who remembers the days of Louis XVIII and Charles X, knew Louis Philippe and Napoleon III, and has twice seen a republic as the ruling factor in France. Moreover, the Duke of Cambridge fought alongside the French troops in the Crimea and is the only survivor of that campaign who held a brigade command. Napoleon Bonaparte died when the Duke of Cambridge was 2 years old, and the transference of the body of the emperor from St. Helena to the Invalides was undertaken when the duke had completed his majority. Four revolutions in France have occurred during the Duke's lifetime.

GOT TO

Have Sharp Brains Nowadays or Drop Back.

The man of to-day no matter what his calling, needs a sharp brain and to get this he needs food that not only gives muscle and strength but brain and nerve power as well.

A carpenter and builder of Marquette, Mich., who is energetic and wants to advance in his business, read an article about food in a religious paper and in speaking of his experience he said: "Up to three years ago I had not been able to study or use my thinking powers to any extent. There was something lacking and I know now that it was due to the fact that my food was not rebuilding my brain."

"About this time I began the use of the condensed food Grape-Nuts and the result has been I can think and plan with some success. It has not only rebuilt my brain until it is stronger and surer and more active, but my muscles are also harder and more firm where they used to be loose and soft and my stomach is now in perfect condition. I can endure more than twice the amount of fatigue and my nights' rest always completely restores me. In other words I am enjoying life, and I attribute it to the fact that I have found a perfect food." Name given by Postum Co., Battle Creek, Mich.
