For Assessor,
A. S. REED.
For Surveyor,
JOHN P. HAZARD.
For Coroner,
C. HUMPHREYS.
For Commissioner 1st District,
FRANK CARA.

The report that Captain Hobson of Merrimac fame and Miss Ruth Bryan, daughter of W. J. Bryan, are engaged has been authentically denied by Mr. and Mrs. Bryan.

It is with the utmost confidence of approval on part of the voters and taxpayers that we present the candidates of the fusion ticket as published in this column. THE HERALD is fully aware of the earnest intention of the citizens of Box Butte county to cast their ballots for those best qualified to have charge of our state, judicial and county affairs. Hence we feel confident that on investigation of the above ticket each and every candidate will be found to be well qualified for the office he is nominated for.

A. S. REED.

The above is a good likeness of the fusion candidate for the office of county assessor. Mr. Reed needs no other introduction to the people of this county of which he has been a resident for sixteen years. He served one term as county treasurer and conducted the business of the office with credit to himself and his constituents. Mr. Reed is especially well qualified for the office of county assessor. His sound business judgment and knowledge of property values in Alliance, over which there has been much contention in the past, will be valuable to the taxpayers and as Mr. Reed stated after his nomination "if elected, he would fill the office to the best of his ability and see that all property was equitably assessed." A. S. Reed is the ideal man for the important office of county assessor.

The City Council in Session.

The city council met in session Saturday night for the transaction of such business as required its attention. The two ordinances—the curfew and house numbering—were passed as published in THE HERALD, and the report of the city treasurer approved. Our financial condition is in excellent condition, the amount of money on hand being \$2,097, and all outstanding warrants have been liquidated. Let the good work go on.

The ordinance relative to the numbering of places of business and residence has long been a necessity and now that the council has taken the proper steps to inaugurate the new order of things, the matter will soon be perfected. In addition to this THE HERALD has in course of publication an official directory which will give the names of occupants, together with name of streets and telephone and property numbers, thus making the directory a valuable and handy reference for business men and others seeking information of this nature. The document will be in book form and will be prepared in the best possible manner.

Judge J. J. Harrington.

From the O'Neill Independent.

As the years drift along the people are getting to understand better that a railroad pass is a bribe to a public official. The Independent is not one of those thick and thin sheets that asserts that the pass evil is confined entirely to any one political crowd. Unfortunately some fusionists in the state administration dip ride on passes, and those who did to that extent weakened the organization. The Omaha Bee recently published a most excellent editorial against the entire pass system. The argument of Editor Rosewater seems to us unanswerable. It ought to be read by everybody. The Lincoln News recently commented on the sworn statements of expenses filed by the candidates for district judges, and it pleased the Independent to notice that it commended Judge Harrington for being one of the few district judges in the state who had the honesty and manhood to pay his railroad fare and be under no obligations to the corporations. Coming from a hide bound republican newspaper this commendation means something. A judge should be absolutely above suspicion. He ought to receive no favors from any corporation. The man who is injured on the railroad, the widow and the children whose husband is killed, the stockman whose cattle are injured through shipment, the merchant whose goods are damaged in the course of transportation, the farmer whose property is burned by fire from the railroad ought to feel and know that when he goes into court the judge is under no obligation to the railroad company. But when a judge receives passes from these railroads, which saves him large sums of money in railroad fare, he can hardly be expected to hold the scales of justice evenly balanced and even though he tries to do so, the litigant is bound to feel the chances are against him. Through his term as district judge J. J. Harrington has never accepted a pass from a railroad company; he has always paid his fare; he has paid to the railroads of this district for railroad tickets in the last four years more than \$1,000. By doing this he is able to do equal and exact justice in any case between the citizen and the railroad company. No one has any strings on him; having received no favors he need not grant any; he simply does justice as he sees it. We believe that every man in the district, regardless of politics, believes that Judge Harrington has done right, and we feel quite sure that a very large number of republicans are going to show by their vote that they appreciate the independence of our worthy young judge.

Dr. Barnes, the Eye and Sight specialist will be at the Hill Grand Saturday the 19th. At Hemingford Monday 21, office with Dr. Eikner.
