Recommends Peru-na—Other Prominent Men Testify.

Commodore Somerville Nicholson, of the United States Navy, in a letter from 1837 R Street, N. W., Washington, D. C., says: "Your Peru-na has been and is now used by so many of my friends and acquaintances as a sure cure for catarrh that I am convinced of its curative qualities and I unhesitatingly recommend it to all persons suffering from that complaint."—S. Nicholson.

COMMODORE Nicholson

United States Minister to Guatemala Endorses Peru-na.  
Dr. W. Godfrey Hunter, U. S. Minister to Guatemala, ex-member of Congress from Kentucky, in a letter from Washington, D. C., writes: "I am fully satisfied that your Peru-na is an efficacious remedy for catarrh, as I and many of my friends have been benefited by its use."—W. G. Hunter, M. D. Member of Congress from Virginia Writes.

Hon. G. R. Brown, Martinville, Va., ex-member of Congress Fifth District, 50th Congress, writes: "I cheerfully give my endorsement to your Peru-na as a cure for catarrh. Its beneficial results have been so fully demonstrated that its use is essential to all persons suffering from that disease."—Hon. G. R. Brown.

The day was when men of prominence hesitated to give their testimonials to proprietary medicines for publication. This remains true to-day of most proprietary medicines. But Peru-na has become so justly famous, its merits are known to so many people of high and low stations, that no one hesitates to see his name in print recommending Peru-na.

The highest men in our nation have given Peru-na a strong endorsement. Men representing all classes and stations are equally represented.

If you do not derive prompt and satisfactory results from the use of Peru-na, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of the Hartman Sanitarium, Columbus, Ohio.

## General Nebraska News.

### SHORT ON SCHOOL TEACHERS.

Those Above Third Grade Could Find Jobs in Nebraska.

Eastern teachers could find good employment in Nebraska just about this time if they happened to be of that class that rates above the third grade. Reports received by the state superintendent show that the state is short about 150 teachers. This is not due to a scarcity of material from which instructors are made, but from the fact that the ready-made variety are all engaged, and that is the only kind the school boards of the state want. Reports show the number of teachers now lacking in these counties: Cherry, twenty; Custer, twenty; Dawes, ten; Red Willow, eight; Frontier, fifteen; Cheyenne, ten; Brown, ten; Boyd, ten, and Logan, four. This latter county employs only about twenty teachers in all.

In these counties no teacher holding a third grade certificate will be employed, none but the best being wanted. The school term on the average is six months, and the salary is from \$35 to \$50 a month. From the superintendent's office it is learned that the state has just as many third grade teachers as formerly and that it is the higher quality demanded that has caused the shortage.

### BONDS DECLARED ILLEGAL.

Saunders County People Must Vote a Second Time.

WAHOO—Great disappointment was felt by Saunders county people when the news was received from Lincoln of the refusal of the state auditor to accept the \$85,000 bonds recently voted by Saunders county for a new court house, owing to the illegality of the call for the special election, which lacks one day of the required twenty-eight that must intervene between the day of first publication and the day of election. The county commissioners acted upon what they considered good legal advice in drawing up the call and fixing the dates. During the past week the board has been listening to plans of architects and while it was not intended to commence work on the new structure this fall, efforts were being put forth to get everything in readiness for early spring. Another bond election will necessarily have to be held, but whether it will occur at the general election in November or another special be called, the county board has not yet determined.

### Requisitions by the Governor.

LINCOLN—Governor Mickey has issued a requisition upon the governor of New York for the return to Nebraska of "Count" Jules Diagneff, who is wanted in Omaha for forgery, having passed bogus checks upon Rome Miller, proprietor of the Her Grand and Millard hotels.

### Fined for Selling Diseased Hogs.

WEST POINT—Charles G. Doescher, a prominent farmer living west of the city, was arraigned in justice court, charged with selling diseased hogs to a local dealer for shipment. Doescher was found guilty and sentenced to pay a fine of \$25 and costs of prosecution.

### Stolen Cattle Recovered.

WOOD RIVER—The twenty-one cattle stolen from W. H. Farber's pasture near the Platte river were found on the Jacob Sherer farm, three miles north of town. The thieves had headed for the bluffs and abandoned the cattle.

### Farmer Commits Suicide.

MINDEN—Nels Swanson, a substantial and prominent Swedish farmer living about eight miles southwest of Minden, killed himself by cutting the veins and arteries of both wrists while under the influence of liquor.

### Blind Institute Opens.

NEBRASKA CITY—The Nebraska institute for the blind opened for the term with a full corps of teachers and an attendance that compares favorably with other years.

### Mrs. Samuel Chambers of Plattsmouth, 69 years of age, has been examined and pronounced insane by the board of insanity.

Wants Out of Jail.  
LINCOLN—William M. Campion, who is in jail at Seward, wants to go out under habeas corpus proceedings, and to that end a brief has been filed in the supreme court. Campion was convicted of being the father of the child of Nellie M. Lattimer, unmarried, and was assessed \$1,000 for the support and maintenance of the child. He failed to pay up and since the trial some months ago has been in jail at Seward.

### THE STATE AT LARGE.

Beatrice schools opened with an increased attendance. Senator Millard, has returned from his European trip.

A party of Gage county farmers have gone to Oklahoma to buy land. James L. Kennedy, alias Williams, on trial for complicity in the robbery of the bank of Rogers in Colfax county on the night of June 17, has been convicted.

A war is being waged in Nebraska City over telephone rates. The Nebraska Telephone company has announced a raise to \$3 for long-distance phones, and as a result the local grocers' association is trying to have business houses discontinue the service.

Every school in the rural districts of Cass county has been supplied with teachers. The county school authorities are well pleased over this condition of affairs, as it looked several months ago as though there would be a shortage of teachers this year.

As the northbound Union Pacific passenger train, No. 95, due to arrive in Beatrice from Manhattan, Kan., was pulling out of Stockdale, Kan., the rails spread, causing two coaches to roll into the ditch. The train was not running fast and consequently no one was injured.

H. W. Field, who claims Sioux City as his residence, was robbed of his watch and chain on a Northwestern train between Blair and Fremont. Field says a very plous, devout-looking stranger occupied the seat with him and he thinks the stranger relieved him of his watch while he was about half asleep.

Henry Macken and Guy Peyton, two young men, were hunting ducks at Sturgeon's lake, York county. Ducks flew up about fifty yards away from Macken, who became excited and did not think about Peyton being between him and the ducks, and in shooting at the ducks a number of shot struck Peyton in the head. He was painfully but not dangerously injured.

Ira Ketchum, the young man of Sarpy county implicated in the criminal assault case with Edward Snodgrass, and who has been confined in the Omaha jail for the last two months waiting for trial has been released. Judge Day, in district court, dismissed the case against both men, as young Snodgrass had married the complaining witness, Miss Glassman.

The time for the completion of one-half of the cells at the penitentiary, for which the board of public lands and buildings agreed to pay the Van Doren iron works of Cleveland \$69,000, elapsed a few days ago and no cells are done. In fact, not a turn has been made and no member of the board seems to know anything about when the work will be done.

Unless the corn crop turns out well in Nebraska, the crop yield of grain for the state will be decidedly poor, according to railway men. The latest estimates on wheat indicate that the average yield per acre is about twelve and one-half bushels, which is far below what was expected early in the summer. Moreover, the quality of the grain is poor. A bushel of this year's wheat rarely weighs more than fifty-three pounds and is generally as light as fifty or fifty-one pounds.

The fine new elevator of the Harvard Farmers' Co-operative Grain and Live Stock company is now completed and ready for business. The building will be formally dedicated soon, each of the stockholders bringing in a load of wheat and with their families and friends partaking of a picnic dinner at the school house grove, followed by a short program and a social time.

The injunction filed by Boyd county settlers against Commissioner Follmer to restrain him from releasing lands until the matter could be settled in the supreme court came up before Judge Westover. Judge Ryan and Captain Murda appeared for Follmer and Attorney General Prout for the state, who objected to any other attorney appearing in the case except himself for the defense, stating that in reality it was a state case and that he was the proper representative of the state's interest. The objection of the attorney general was sustained. Immediate action on the part of the settlers will be instituted before the supreme court at Lincoln.

The supreme court has decided that a state normal school does not come under the head of internal improvements, as enumerated in the statute authorizing and precinct township city of the second class or village to issue bonds in support of these improvements. Theodore Bittenbender, aged 30, was arrested and brought before Justice Nelson on the charge of statutory assault on Lena Johnson, aged 13, whose mother is a resident of Sutton. He was held to the district court.

## FALL KIDNEY CHILLS.

With the chilling air of fall comes an extra tax on weak kidneys.—It's the time Doan's Kidney Pills are needed—now recognized the world over as the chief Kidney and Bladder remedy.

Aching backs ached. Hip, back, and loin pains overcome. Swelling of the limbs and dropsy signs vanish. They correct urine with brick dust sediment, high colored, pain in passing, dribbling, frequency, bed wetting. Doan's Kidney Pills remove calculi and gravel. Relieve heart palpitation, sleeplessness, headache, nervousness, dizziness.

Doan's Kidney Pills. PRICE 50 CENTS. A SPECIFIC FOR KIDNEY COMPLAINTS.

BAXTER SPRINGS, KANSAS. "I received the free sample of Doan's Kidney Pills. For five years I have had much pain in my back, which physicians said arose from my kidneys. Four boxes of Doan's Kidney Pills have entirely cured the trouble. I think I owe my life to these pills, and I want others to know it."—SARIE DAVIS, Baxter Springs, Kans.

FALMOUTH, VA.—"I suffered over twelve months with pain in the small of my back. Medicines and plasters gave only temporary relief. Doan's Kidney Pills cured me."—F. R. BROWN, Falmouth, Va.

Desirable Cure. "Perhaps your stomach trouble is due to over-eating, Maginnis. Why don't you try the fast cure?"

"The fast cure, is it?" Begorry, that's the cure O'm after wanting. The faster, the better."

Insist on getting it. Some grocers say they don't keep De-fiance Starch because they have a stock in hand of 12 oz. brands, which they know cannot be sold to a customer who has once used the 16 oz. pkg. De-fiance Starch for the same money.

Sand, dross and gold placed together in the fire each finds its own level.

A good housewife is like the ocean—very tidy.

Smokers find Lewis' "Single Binder" straight 50 cigar better quality than most 10c brands. Lewis' Factory, Peoria, Ill.

Fully half our earthly trouble is the result of calling things by another name.

Take care of the dimes and you won't have to break a dollar bill for car fare.

Allen's Foot-Ease, Wonderful Remedy. "Have tried ALLEN'S FOOT-EASE, and find it to be a certain cure, and gives comfort to one suffering with sore, tender and swollen feet. I will recommend ALLEN'S FOOT-EASE to my friends, as it is certainly a wonderful remedy."—Mrs. N. H. Guilford, New Orleans, La.

Make good use of other men's brains. An enterprising museum manager claims to have the lie that George Washington refused to tell.

More Flexible and Lasting, won't shake out or blow out; by using De-fiance Starch you obtain better results than possible with any other brand and one-third more for same money.

As the hod-carrier goes up, so goes the house.

An Odd Scrap Basket. Girls, do you want a scrap basket that will be picturesque and different from anything you have ever had before?

If you do, ask your brother to take you to see your fisherman—before your summer outing ends, and either buy or beg from him a genuine eel-pot. Not a brand, new, unused one, but an old and grayish brown affair that has really seen service. He will have plenty of them, and will surely be glad to let you have just what you are looking for. Take your prize home with you, tie your favorite ribbons through the two little handles at the sides, hang it by your writing desk and you have a treasure which will excite much admiration.

The Demand for "Change." There is over \$100,000,000 in half dollars, quarters, dimes, nickels and cents in circulation, about \$50,000,000 in silver dollars, \$75,000,000 in one dollar bills and \$45,000,000 in two dollar bills. And still the cry is for change.

In New York the street car companies instruct conductors to refuse anything larger than a \$2 bill for fare, owing to the impracticability of carrying enough change to break up the fives and tens that would be forced upon them. A majority of fares are paid in nickels, then come, in the order named—dimes, quarters, halves and pennies. There is an occasional dollar and now and then a \$2 bill. Women are responsible for most of the paper money that goes into the pockets of conductors.

### CUBS' FOOD.

They Thrive on Grape-Nuts. Healthy babies don't cry and the well nourished baby that is fed on Grape-Nuts is never a crying baby.

Many babies, who cannot take any other food relish the perfect food Grape-Nuts and get well. "My little baby was given up by three doctors who said that the condensed milk on which I had fed it had ruined the child's stomach. One of the doctors told me that the only thing to do would be to try Grape-Nuts, so I got some and prepared it as follows: I soaked 1 1/2 tablespoonfuls in one pint of cold water for half an hour then I strained off the liquid and mixed 12 teaspoonfuls of this strained Grape-Nuts juice with six teaspoonfuls of rich milk, put in a pinch of salt and a little sugar, warmed it and gave it to baby every two hours.

"In this simple, easy way I saved baby's life and have built her up to a strong healthy child rosy and laughing. The food must certainly be perfect to have such a wonderful effect as this. I can truthfully say I think it is the best food in the world to raise delicate babies on and is also a delicious healthful food for grown-ups as we have discovered in our family." Name given by Postum Co., Battle Creek, Mich.

Grape-Nuts is equally valuable to the strong, healthy man or woman. Grape-Nuts food stands for the true theory of health. Look in each package for a copy of the famous little book, "The Road to Wellville."

The most beautiful thing about a woman is herself.

Those Who Have Tried It will use no other. De-fiance Cold Water Starch has no equal in Quantity or Quality—16 oz. for 10 cents. Other brands contain only 12 oz.
