A prize baby show is one of the social features of Gering this week. It is said the crop is both prolific and beautiful.
 That sub-committee of the senate finance committee appointed to devise an elastic currency should call upon experts Beavers and Mahen to testify before them.
 According to Turkish dispatches the wicked Bulgarians are burning their own villages, cutting their own throats and assaulting their own women just for the sake of spoiling the reputation of the poor Turks.

The residence of Dr. R. W. E. Casterline, editor of the *Grafo Echo*, was entered by thieves recently who secured \$210 in cash.
 Here's encouragement to Alliance poultry enthusiasts: The American hen lays \$300,000,000 worth of eggs a year, her product being the most valuable crop of the United States, with the exception of wheat, corn and hay.
 Senator Beveridge says he "got drunk on nature" while staying in the Maine woods. The susceptible senator should spend a week in the glorious atmosphere of western Nebraska and he would certainly be filled too full for utterance.
 During Judge Westover's two terms on the district bench he has made a most enviable record, gaining the respect of the entire bar throughout the district regardless of politics, both on account of his integrity and ability as judge as well as his uniformly just and unprejudiced decisions. — Rushville Standard.
 The fusionists of the eleventh judicial district Friday evening at Grand Island placed in nomination Judge J. R. Thompson of Grand Island and Judge J. S. Armstrong of Boone county. One ballot was taken in each convention, both candidates receiving all but five and one-half votes, which were cast in the populist convention for Hon. W. H. Thompson of Grand Island and County Attorney Taylor of St. Paul.

Nathan Swift, son of the well known packer, Louis F. Swift, was accidentally struck on the head by a ball while playing polo at Chicago last Monday. Blinded by the glare of the sun, Swift was unable to follow the course of a polo ball driven by the mallet of his friend, Sidney Love, and it struck him on the temple, causing an injury which caused his death. Mr. Swift at first laughed at the apparently slight injury. He finally consented to leave the field and dismounted from his horse but walked away unaided. Arriving home he complained of dizziness and later went into a delirium which ended in death. A blood vessel was ruptured by the blow and a surgical operation, performed to relieve the pressure, was not sufficient to save his life.

A Prominent Republican Speaks.

(Holt County Independent)
 The republicans in the fifteenth judicial district have placed in nomination for judges Allen G. Fisher of Chadron and W. T. Wills of Butte. It seems to have been a scheme of Fisher's to get a weak man on the ticket in order that he might be traded off to advantage. Fisher is a politician and will leave no stone unturned to secure his own election. The only hope for a continuance of judicial fairness in that district is that the people are well enough acquainted with Mr. Fisher and his methods to bury him so deep he will not know what hit him. Personally Mr. Fisher is a pleasant gentleman to meet and is a personal friend of the writer, but we cannot support him although a voter in that district. — Niobrara Tribune (Rep.) Sept. 3.
 The foregoing article is copied from the Niobrara Tribune, a strong republican newspaper published at Niobrara. Editor Kendall is a legal voter and resident of Boyd county. He is a life long republican, but he knows, as the Independent has known for some time, that Mr. Fisher was nominated in the railroad interest, and Mrs. Wills was nominated only for the purpose of trying to trade him off in Fisher's interest. Long before the Republican convention the Independent had inside information but of a confidential character that Mr. Dickson did not intend to be a candidate for the reason that he well knew he could not be elected; but in the interest of the railroad he is attorney for he would try to get the Holt county delegation made up of his friends on the claim that he might be a candidate and then he would deliver them to Fisher. It was well known to Mr. Dickson that Fisher could not get the delegation from Holt county on his own merits; Mr. Fisher very well understood this likewise. There are some republicans in Holt county who personally know Mr. Fisher and there are others who well knew that he has knifed Judge Kinkaid at every opportunity for the last fifteen years. These men would have made short work of Fisher's candidacy in the republican county convention if it was ever admitted that the delegation should be delivered to him. Mr. Dickson picked the committee that selected the delegates and he selected the delegates and he selected only those that he could deliver to Fisher. An examination of the list of delegates so selected show that they were people who were either under railroad control or under control of Mr. Dickson. Some of them are persons who had stuck the knife into Judge Kinkaid just as industriously as Fisher has done.

J. W. BAUMGARDNER.
 Few people of this county would fail to recognize the above picture as that of J. W. Baumgardner, Box Butte county's efficient superintendent of schools and who is a candidate for re-election. During Mr. Baumgardner's long residence in the county he has enjoyed the respect and esteem of those with whom he has come in contact for his integrity and lofty aims. In his official capacity he has proven himself to be a most capable educator and a friend of the teacher. Voters who believe in "letting well enough alone" should see that an X appears after the name of J. W. Baumgardner on their ballots Nov. 3.
 One of the offices to be filled this fall which has little revenue attached to it but which is more important than many suppose is that of county surveyor. The present incumbent, J. P. Hazard has had many years experience in this line of work and during his present term has purchased some valuable instruments at his own expense, to better equip himself for the work and these facts are worthy of consideration of the tax payers of the county.
 Council Bluffs citizens are agitating the question of holding a sauer kraut festival on account of the unusually fine cabbage raised in its vicinity this season. Now if Omaha will only offset her neighbor's project with a limburger cheese carnival, South Omaha's packing aroma will fade into insignificance.
 Colonel J. M. Underwood, a well-known frontiersman and railroad contractor, died recently at Portland, Ore. He laid the Northern Pacific track through the Sioux country, with the United States troops as a guard. At one time he took Sitting Bull a prisoner

Road Notice to Land Owners.

Road No. 45, Notice to Land Owners.
 To WHOM IT MAY CONCERN:
 The Commissioner appointed to lay out a road commencing at the southwest corner of the SE 1/4 Sec. 25, Township 25, north, range 50 west, in Wright precinct, Box Butte county, Nebraska, running thence north easterly to a point 12 rods south of the northeast corner of the SE 1/4 SE 1/4 of said section 25, thence north 13 rods and thence east on the line between the N. 1/4 of S. 1/4 and the S. 1/4 of S. 1/4 of section 26 in said township and range, terminating at the east line of said section 26, has reported in favor of the opening thereof, and all objections thereto or claims for damages must be filed in the county clerk's office on or before noon of the 30 day of November, A. D. 1903 or said road will be opened without reference thereto.
 S. M. SMYER, County Clerk.

Bridge Proposal.

Sealed bids will be received at the county clerk's office up to noon Oct. 4, 1903, for the construction of the work hereinafter specified, contractor to furnish all materials:
 At a point about four miles north of Hemingford, at the south branch of Sand canon and at the north bank of said canon where a short ravine cuts across the road, a three-board culvert, 22 1/2 inches and 10 feet in length, is to be placed slightly diagonal across the road, and from the hill just north there is to be removed the earth, clay and stone an average depth of 3 feet for a distance of 100 feet and an average width of 12 feet, this being along the east side of the road as now exists, and said earth to be brought down over said culvert and onto the bottom of the canon.
 Also, at a point about one-half mile farther north at the north branch of sand canon, there is to be constructed a bridge 10 feet long and 16 feet wide with good and sufficient stone abutments laid in cement. Said abutments to be at least 20 feet at base to protect the grade. The floor of said bridge shall be of 2 inch lumber with 7 stringers. Earth from the hill on the south shall be brought down and placed on the north side of the bridge, the same requiring about 175 cubic yards, and from the hill on the north side the earth, stone, etc. is to be removed from the east side of the old road and thrown into the gully on the west and against the north side of bridge. Said excavation should extend up the hill about 20 feet, and the line of post holes now dug about 4 feet into the roadway, and the quantity to be removed from this hill is about 250 cubic yards. The whole as above described shall be let to lowest responsible bidder on the 6th day of October, 1903.
 The board of county commissioners reserves the right to reject any or all bids.
 S. M. SMYER, County Clerk.
 Those desiring to look over the ground with a view of making bids for the work on the above proposal can call on Isaac Rockey.

BARRY HOUSE

 Opposite Depot, Alliance, Neb.
 Protect Your Home!
 Everybody fears fire and every effort should be made to prevent them starting, even more than to extinguish them after they have started. As long as our homes are built of lumber there is a certain amount of danger from fire, both from within and without. Therefore, any chemical preparation that render lumber fire-proof is a thing very much to be desired.
 Such a preparation is now on the market and the public is invited to test its merits. It is called PLUTANICA. It renders all wood work fire-proof and at the same time acts on the pores of the wood in such a manner as to preserve it indefinitely. It costs very little and is easily applied to any wood work.
 B. V. Reeves has the agency for PLUTANICA in this district. See him and have a practical demonstration of the merits of this preparation and get his figures for applying it to your home.
 Notice.
 Joseph F. McManis will take notice that on the 11th day of August, 1903, Isaac Rockey, Butte county, Nebraska, issued an order of attachment for the sum of \$75.00 in an action pending before him wherein John F. Newland is plaintiff and Joseph F. McManis is defendant. That property of defendant, consisting of said sum was continued to the 15th day of October, 1903, at 1 o'clock p. m.
 JOHN F. NEULAND, Plaintiff.
 Hemingford, Nebraska, September 15, 1903.
