HOW CLARK BUYS A BOND

Which Guarantees His Family an Estate, if He Dies, and Himself a Home, if He Lives.

Mr. Clark, aged thirty-five, is manager of the elevator in the town of Salem. The position pays him a good salary, enabling him to support his family and lay aside about \$200 per year. Though he is now living comfortably, he realizes that he must devise some way of providing an income for his declining years.

His idea is to buy a farm. During a period of meditation as to whether or not he shall purchase a certain quarter section of land which is for sale at \$5,000, he is interviewed by a representative of the Old Line Bankers Life Insurance company of Lincoln, Nebraska, who endeavors to interest him in Life Insurance.

Hardly does the agent get well started, when he is interrupted by Mr. Clark who tells him of his intention to buy a farm. He states that he is about to make a small payment on the purchase price and will, if the agent can offer anything better be an interested listener.

"Well," said the agent, "suppose you buy a farm worth \$5,000 by paying the small sum of \$175.25 annually without interest, for twenty years, the contract for same containing a clause specifying that, should you die at any time, the party from whom you buy the land will cancel all deferred payments, and give your estate a clear title; or if you live to the maturity of the contract, give you not only the deed to the land, but pay you as large a percentage of profit as you could reasonably expect to make from the property. Would you buy a farm on those terms?"

Of course Mr. Clark was interested, and since the Company secures each and every contract issued with a deposit of approved securities with the State of Nebraska, he expressed a willingness to become a party to such an agreement.

"Well," continued the agent, "if you will pay annually to the Old Line Bankers Life Insurance Company of Nebraska the sum of \$175.25 they will, if you die at any time, pay to whom you may name the sum of \$5,000. If you live twenty years, they will give you a cash settlement consisting of the guaranteed reserve and an estimated surplus amounting to \$5,491.25. You will readily see that you receive \$1,986.25 more than you pay in, which is better than four per cent compound interest. Then, too, having the assurance that, should you die, you would leave a comfortable estate, Mr. Clark bought the insurance, and what Mr. Clark did you can do.

Permit our agent to explain a contract to you. If you do not own all the land you care to farm, ask for circular No. 1 which shows "How Jones Bought and Paid for a \$6,000 farm." If you have a mortgaged farm, call for Circular No. 2, which shows "How Banquets Paid a \$2,000 Mortgage." For further information address the OLD LINE BANKERS LIFE INSURANCE COMPANY, at Lincoln, Nebraska.
