Mr. M. Cole, of Boyne City, Mich., and Mrs. Eugene Kendrick of Marsland, Neb., husband and niece of Mrs. Mary S. Cole, desire to express their sincere thanks to the kind neighbors of Marsland and vicinity for their faithfulness in caring for the dear wife and aunt, in her illness and death, and particularly to the skilled nurse, Mrs. James Hollenlake who stood by her bedside so faithful during her illness.

Mrs. Cole, aged 60 years, died at the home of her niece, Mrs. Eugene Kendrick, four miles east of this place on Monday morning, at 3 a. m. Mrs. Cole came here from Michigan some months ago expecting to remain with her niece until spring, but a little more than a week ago she was taken sick which seemed to be fatal from the start. All that a good physician and nurse could do was done, but their efforts were in vain, and what seemed to be an unusually bright intellect was soon dethroned, and a healthy, robust body soon racked by pain and suffering.

Mr. Cole, her husband, was telegraphed regarding her illness and came immediately. The shock is great to the grief stricken friends, particularly so to Mrs. Kendrick, who in losing an aunt, loses a mother as well. While yet in tender years—almost too young to realize the loss, she was left motherless, the aunt at once became mother as well, and opened her home and heart to the little girl who now so sincerely mourns her loss. A short funeral service was held at the Kendrick home on Wednesday afternoon, and at midnight Mr. Cole returned east on 42, accompanying the remains to Detroit, Mich., where interment will take place in the old family burying ground. The sympathy of the entire community goes with him.

OUR MAMMOTH EDITION

Will Contain a General Summary of the County's Industrial Pursuits, Historical Events, Biographical Sketches, Etc.—Many Half-tone Views to Appear, with Columns of Interesting Reading.

FIVE THOUSAND COPIES is the number decided on by the management of THE HERALD as a special souvenir edition, to be issued from this office during the month of February next. The purpose of this mammoth issue is to promulgate the many industrial advantages so numerous in this section of Northwestern Nebraska, and yet not generally known to the outside world.

An effort will also be made to induce homeseekers to locate in our midst and assist in developing one of the richest, most fertile and productive sections in all of Nebraska.

Located at a most advantageous point, with railroad facilities leading in all directions, especially tapping the great northwest sections of South Dakota, Montana and Wyoming, with Alliance, by reason of her location, as the natural distributing point, is there any excuse why the metropolis of Northwestern Nebraska should not strain a point in inducing manufacturing industries to seek Alliance as the logical point for such enterprises?

With the county's immense potato crops—the largest and best in the known world—it would seem to a visionary mind that a starch factory should be among the early probabilities, thus furnishing a home market for this one product.

In the early spring thousands of migrators are daily passing our doors, seeking a future place of residence and hunting desirable localities to invest their surplus wealth. Alliance, seemingly dormant or in a state of lethargy, has calmly watched this great mass of homeseekers pass on without even a hint at our own possibilities. All this it will be our aim in the future to remedy.
