DOCTOR'S COFFEE

And His Daughter Matched Him. Coffee drinking troubled the family of a physician of Grafton, W. Va., who describes the situation briefly:

"Having suffered quite a while from vertigo, palpitation of the heart and many other derangements of the nervous system and finding no relief from usual methods of treatment, I thought to see how much there was in the Postum argument ag_inst coffee.

"So I resorted to Postum, cutting off the coffee and to my surprise and satisfaction have found entire relief from all my sufferings, proving conclusively the baneful effect of coffee and the way to be rid of it.

"I have found Postum completely takes the place of coffee both in flavor and in taste. It is becoming more popular every day with many of our people and is having great demand here.

"My daughter, Mrs. Long, has been a sufferer for a long time from attacks of acute indigestion. By the dismissal of coffee and using Postum in its place she has obtained complete relief. "I have also heard from many oth-

ers who have used your Postum very favorable accounts of its good effects. "I prescribe Postum in place of coffee in a great many cases and I be-Heve that upon its merits Postum will
