The Marsland Dramatic club will present a bright and interesting temperance play entitled "Out in the Street," accompanied by songs and recitations, at the school house Saturday evening, May 7. Admission will be charged for the benefit of the school library; 15 cents for all ten years old and over, under ten, free. The club

has been rehearsing for some time under the direction of Miss Harris, their president, and the program will deserve a good hearing. All are invited to come and have a good time.

There are now but about five weeks of school yet remaining this term and Miss Harris especially request the patrons to co-operate with her in keeping up the attendance to the close of the year. Very thorough work has been done so far but much of the good desired will be lacking if the reviews and final examinations are not prepared for as they should be and pupils will be handicapped next year if they do not fully complete this year's work. Much will be forgotten in the three months' vacation, anyway, so a faithful attendance till the end is very desirable. The last half hour or so of every other Friday afternoon at school is devoted to special exercises. A committee of two pupils are selected each time to arrange the program, under the guidance of the teacher. Scarcely any of the parents have visited the school this year.

ADDITIONAL LOCAL.

Who's a Liar?

Scottsbluff Herald.

The new N. W. & W. time table declares in bold, black-face type that the west bound trains will arrive at this station at 6:15 p. m., but Monday's train was over two hours behind the schedule time. A Burlington time table with the road under the management of Jim Hill becomes a most horrible liar.

"Stand Up for Nebraska."

Bayard Transcript.

Last week we made a roar regarding the inefficiency of mail service for the mail service for the North Platte Valley and her people. And now a radical change has been made in the running time on the Burlington of all trains which, as we understand it, will leave our people worse stranded than ever so far as mails are concerned. Mail over the Alliance-Denver line will not reach Bridgeport in the morning until the stage for Mitchell has left and of course we can get no mail from Omaha or the east. This will bring all the important mails up the valley each other day or three times a week. Are we living in Nebraska or China?

Mrs. Hoskins is an experienced lady and will no doubt continue in the same line as her predecessor in keeping this place up to the high standard it has attained.
