

BE WARNED!

Heed Nature's warnings! Pain tells of lurking disease. Backache is kidney pain—a warning of kidney ills. Urinary troubles, too, come to tell you the kidneys are sick. Constant weariness, head aches, dizzy spells, days of pain, nights of unrest are danger signals warning you to cure the kidneys. Use Doan's Kidney Pills, which have made thousands of permanent cures.

Frank D. Overbaugh, cattle-buyer and farmer, Catskill, N. Y., says: "Doctors told me ten years ago that I had Bright's Disease, and said they could do nothing to save me. My back ached so I could not stand it to even drive about, and passages of the kidney secretions were so frequent as to annoy me greatly. I was growing worse all the time, but Doan's Kidney Pills cured me, and I have been well ever since."

A FREE TRIAL of this great kidney medicine which cured Mr. Overbaugh will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. For sale by all dealers; price 50 cents per box.

State Captures Highest Awards for Agriculture at World's Fair.

OMAHA—"At the preliminary judging of exhibits at St. Louis, Nebraska received the highest award in agriculture. The exposition required a judging on the opening day on two points—the material exhibited and the excellence and completeness of the installation. In the agricultural building Nebraska received 100 on each of these points and in the horticultural building 100 on the material and 95 on the installation."

This is the report made by G. W. Wattles of the Nebraska commission, who returned from the St. Louis exposition, where he, with other members of the commission, had been to attend the opening.

"The exercises were held in the Plaza de St. Louis," he said. "We were excellently seated and could hear and see everything. There was a very large crowd and it was well handled. The program included speeches and music. I fear that to complete the exposition in every detail six weeks will be needed, or in case of bad weather, even two months."

"Nebraska is the farthest along of any in the agricultural buildings and is pretty well complete, although there is considerable work yet to be done in the placing. We have an excellent location with a special allotment of space for corn exhibit directly across from our main exhibit. We have there 1,000 bushels of as fine corn as any state ever produced any year. We were paid the very highest compliment by all the members of the commission."

\$50,000 FOR A BIG FARM.

Thomas E. Parmele Purchases the Holdrege Ranch.

LOUISVILLE—The big Holdrege ranch of 800 acres, one mile east of here, changed hands Saturday, the purchaser being Thomas E. Parmele of Plattsmouth. The consideration is said to have been \$50,000. The sale includes the old Stout house, or castle, built years ago by "Boss" Stout for housing convict laborers who worked in the stone quarries along the Platte river.

It is said that Mr. Parmele will sell the house, with about five acres of land, to the National Swedish Mission association for \$10,000, to be used as a training school for clergymen. To help out the mission in the purchase the town of Louisville will donate \$2,000 to the association.

The Holdrege ranch has been improved by Mr. Holdrege, general manager of the Burlington railroad, until it is one of the finest ranches in Nebraska. Enormous hog and cattle barns have been built regardless of expense and everything that is required for an up-to-date ranch has been put on the place. Whether Mr. Parmele will preserve the big ranch intact or sell it is not now known.

A Splendid Business Chance.

By investing a small sum of money there is now offered to any citizen in any county of Iowa or Nebraska a most excellent opportunity to make money. A new invention in the shape of a folding poultry coop for shipping poultry, which, when returned by the express companies, costs less than one-half of what is charged now for returning the ordinary shipping coop. Every farmer or shipper of poultry cannot fail to recognize the advantage in this respect alone. For an illustrated circular and full particulars write A. W. Clark, room 421, Bee building, Omaha, Neb., who is a thoroughly reliable and responsible man.

Investing in Nebraska Land.

TERRY, S. D.—A number of prominent Terry citizens have recently been investing heavily in farm lands in Nebraska. Most of them are locating in the vicinity of Basset, where several thousand acres of land have been purchased during the last few months by Terry men. Among the most recent to acquire land in that vicinity are, Miner Blow, W. A. Pelham and William Trent. These gentlemen have retired from business in Terry and will begin ranching and stock raising on the land.

Two Women Take the Veil.

The ceremonies were conducted by Rt. Rev. Bishop Bonaeum at Nazareth convent, the mother house in York. Miss Kitt has taken the name of Sister Mary Cecilia and Miss Sullivan will be known as Sister Mary Teresa.

Arrested for Forgery.

BLAIR—George Wyatt, a young man about 28 years of age, who has been working around Washington in this county for several years, was arrested and brought from Omaha the other day by Sheriff Mencke on a charge of passing forged notes in Blair. There were two notes of \$12 each, drawn in favor of Howard Crink of Washington and with the name of Hans Hanse, of the same place, signed to them. They were passed upon M. M. Martin and John Peterson, both hardware merchants of Blair.

"PE-RU-NA. A VALUABLE PREPARATION," WRITES DR. KEMBALL.

Most of the ailments peculiar to the Female Sex are due to Catarrh of the Pelvic Organs.

Rachael J. Kemball, M. D., 334 Virginia St., Buffalo, N. Y., is a graduate of the University of Buffalo, class 1884, and has been in the practice of medicine in that city since then. She writes as follows:

"My conviction, supported by experience, is that Peruna is a valuable preparation for all catarrhal affections. I have taken one bottle of Peruna myself and just feel fine. I shall continue to take it."—Rachael J. Kemball, M. D.

Peruna has cured thousands of cases of female weakness. As a rule, however, before Peruna is resorted to several other remedies have been tried in vain. A great many of the patients have taken local treatment, submitted themselves to surgical operations, and taken all sorts of doctor's stuff, without any result.

The reason of so many failures is the fact that diseases peculiar to the female sex are not commonly recognized as being caused by catarrh. These organs are lined by mucous membranes. Any mucous membrane is subject to catarrh.

Catarrh of one organ is exactly the same as catarrh of any other organ. What will cure catarrh of the head will also cure catarrh of the pelvic organs. Peruna cures these cases simply because it cures the catarrh.

Most of the women afflicted with pelvic diseases have no idea that their trouble is due to catarrh. The majority of the people think that catarrh is a disease confined to the head alone.

This is not true. Catarrh is liable to attack any organ of the body; throat, bronchial tubes, lungs, stomach, kidneys and especially the pelvic organs.

Many a woman has made this discovery after a long siege of useless treatment. She has made the discovery that her disease is catarrh, and that Peruna can be relied upon to cure catarrh wherever located.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.
