### A Request.

It will be only a fitting tribute of regard for the old soldiers now at rest in our cemetery to strew flowers over their graves on Memorial day. Each child who can will feel a thrill of pleasure in making his gift of flowers for that occasion. But we believe that all honor should be shown the few veterans who are still with us. It has been suggested that there are a large number of friends of veterans who would gladly furnish one or more places in their carriages for the use of men whom we are honoring for the march from the church to the cemetery. In this way the "Boys of '61" who otherwise could not participate in the exercises will be given a practical demonstration of our regard for them and for the cause that they so valiantly supported. Do you think there will be carriage enough offered without yours? If there are any seats to spare they can be offered the friends who desire to assist in the decoration of the graves. A friend of the Veterans.  
A. T. HEMMINGWAY.

### An Excellent Entertainment.

Major Hendershot, the world famed drummer boy of the Rappahannock, appeared at the opera house Tuesday night and interested a large audience with his wonderful skill and dexterity in beating a snare drum. While the insignificant little affair has no claim for music, the major has the power of producing wonderfully interesting time and expression that seems to carry with it the musical expression of every selection executed. Old time war songs and marches brought back the long past days of the rebellion and the grand army boys present lived the days of the army over again during the entertainment. Major Hendershot is accompanied in his entertainments by his son who also possesses musical ability of a high degree. The local talent which assisted in the entertainment is entitled to complimentary congratulations for it is not overdrawing the statement when we say that it was a complete success throughout. We feel like making particular mention of each number but this is out of the question; the program was of such length as to make it impossible.

### Closing of the Mission.

The week's mission closed at the Catholic church last Sunday after a season of religious devotions that were attended daily by large numbers of people. The sincerity of the attendants was visibly manifest and the desire to receive the supernatural benefits and blessings by making the mission conscientiously and thoroughly appeared to be the aim every one who attended the masses and other devotional exercises. There is no contradicting the fact that a life, such as outlined by the instructor of the mission, is conducive to peace and happiness. It requires no philosopher or saint to realize this fact. Sunday morning the children who have been preparing for the reception of their first holy communion approached the altar during the holy sacrifice of the mass at eight o'clock and for the first time received the Blessed Host. The scene was a most touching one, beautiful to behold. The mothers and fathers who witnessed the blessing conferred on their children through this great sacrament were overcome with emotion and the spirit of happiness prevailed in the little church, which was crowded with worshippers. At the high mass confirmation services took place, his grace, Bishop Keane officiating, assisted by Fathers Galvin and Flannigan, the latter offering up the mass. A large class of men, women and children were the recipients of this sacrament of the Holy Ghost, which has the meaning of "Soldiers of Christ." This ceremony concluded the week's religious doings and the same will be remembered as a mission that has been blessed beyond expectation and a great benefit to the community at large.

## COMMENCEMENT

High School Graduates Entertain a Large Audience.

One of the happiest events in school life for the young man and lady comes with the day of graduation. It is the beginning of a new life, so to speak, and the young heart throbs with delight in anticipation of the joy it brings to them and the good feeling which inspires the hearts of relatives and friends. It means the mental rounding out of qualified American citizenship, in which our nation rests secure. From the crude material of the tottling youngster of but a few summers ago we have the finished student, prepared to take their places in the walks of life with competency and knowledge, which is instilled in the young mind through the grandest public school system the world has ever known.

### Important Manufacturing Plant.

The manufacturing department of C. A. Newberry's establishment is a busy place these days. A large force of skilled labor is employed in the construction of mammoth steel dipping tanks, which are being shipped to all parts of the west. In fact, Mr. Newberry has been unable to secure sufficient help to fill the orders as readily as he would like to. The merit of the Newberry tank is recognized by all extensive cattle growers. On a recent trip to the live stock department of North Dakota at Fargo, Mr. Newberry secured orders for 10 such tanks and six more from two counties in the same state. This means more than 1,000 feet of tank. Two tanks were completed and shipped to Sturgis, S. D., last week. They are each 60 feet long and 7 feet deep, their being so constructed as to afford the most convenience and dispatch for dipping stock, which is being universally practiced among all ranchmen who have come to learn that it means a great saving of money in their industry.

### Band Concert.

The Alliance brass band will give its first open air concert of the summer season next Sunday afternoon at 5 o'clock, north of the Charters hotel. The program, which follows, includes some of the finest selections of the composers and the concert will be a source of great pleasure to all.

PROGRAM.

### Death of a Little Boy.

Last Thursday, May 19, occurred the death of Glen, eldest son of Mr. and Mrs. G. P. Jones, after suffering for three weeks with pneumonia. He bore his suffering patiently and with Christian fortitude, passing away peacefully. He was nine years of age, exceptionally bright in his studies and a devout member of the M. E. Sunday school and Junior League. The flowers were belovely by all who knew him and his bereaved parents have the sympathy of many warm friends in their loss.

### Notice.

The children in the schools have been invited to take part in the Memorial day observances by bringing flowers of any kind to the Methodist church on Monday, May 30, at 10 a. m. Any others who can do so are urged to take a practical interest in this matter and make a contribution, however slight, to this cause. The flowers will be received and arranged by the committee of ladies and will be used in the decoration of the seventeen graves of veterans in the cemetery, after the exercises in the Methodist church Monday afternoon. Committee of ladies by  
MRS. J. A. MALLERY.

Mrs. Mike Elmore, accompanied by her daughter, Mrs. D. A. Foley and little Katherine, arrived on 41 Sunday from the east. Mrs. Elmore came all the way from far off Maryland, where she resides with her husband at Cumberland. Mr. Elmore has an extensive contract in railway construction and grading in that state which requires an immense amount of machinery and a great many laborers. Steam shovels are required in the work of excavation and other appliances for railway construction are in use. This layout means a large amount of money, but Mike has everything in operation and the work is progressing without interruption. It will take another year to complete the contract, and Mr. Elmore expects to realize \$100,000 on the deal. But this is not all the railway construction this contractor has under way. Down in Missouri he has another job of a like nature, which is under the supervision of J. P. Elmore. This is near the town of Troy. So it is to be seen that Alliance's old-time citizen is one of the busiest men in the United States. Mrs. Elmore will remain here for some time visiting relatives and friends. Mrs. Foley and daughter will return to Troy shortly.

Card are out announcing the forthcoming nuptial of Grace Celeste Edmiston to Dr. Lee Wilson Edwards of this city. The wedding is announced to take place at the home of Mr. and Mrs. Reuben Holben, at 124 G street, Lincoln, Neb., on Thursday evening, June 2, at nine o'clock. This information will come as a surprise to the host of friends of the genial doctor, whom it was not known had an idol of his heart for several years. Apparently, Cupid had a great task on his hands in convincing the doctor that he saw too good looking and good natured a man to remain outside the circles of the Benedicts. But laying all jokes aside, we are all pleased to learn of Dr. Edward's prospective matrimonial proceedings and will only be too glad to welcome the worthy couple to the social circles of Alliance.  
Born to Mr. and Mrs. Fred Scribner, a girl, Tuesday morning.

The opera house, where the commencement exercises began last night and conclude tonight, is transformed into a bower of exquisite beauty. The stage is artistically arranged with curtains of lace, and the colors of the class—purple and gold—enrich the surroundings. Above the stage on a shield of purple are the initial letters, A. H. S., which signify, "Alliance High School." About the stage is a profusion of flowers in many colors. The order of the spring blossoms fill the atmosphere and the scene is of an enchanting nature. Promptly at 8 o'clock last evening Superintendent Bartz appeared on the rostrum and announced the order of the program. The first number was a selection by the orchestra, which enlivened the large audience and toned it to a degree of appreciation for the well prepared program that was to follow.

It may be said without exaggeration, that this class of graduates have shown unusual interest in preparing for this occasion. Of the graduates, every one displayed a spirit of serious aspiration to prove that their years of study resulted in much progress, and this effort did not go amiss. It is our desire to make special mention of the subject each scholar treated on but this is impossible. It is only possible to repeat that all did well, and we hope the young people who now go forth in life's duties, will continue in the spirit of progress taught by their painstaking teachers. If they do this, life will prove a success and their names be an honor not only to their parents and instructors but also to the public schools of Alliance. Miss Minnie Bohn returned to her home at York Wednesday morning, where she will take lessons in vocal culture. Miss Bohn possesses an unusually sweet voice, which, with greater training, will bring her to the front ranks of the musical world ere long. In fact we look for the day when her reputation as a vocalist will be wide spread. Her short residence in Alliance has won for her many friends, who are of this opinion, and especially those who attended the church of Holy Rosary, where Miss Bohn led the choir and took such interest in assisting in the services with the ability which God so manifestly favored her with.  
A letter from J. A. Thompson, to THE HERALD, from Liasville, Iowa, does not speak very encouragingly of the weather conditions of the Hawkeye state for this season of the year, and would advise those who get the fever to hasten back to the old home of corn and hogs to just read what our correspondent has to say before they

## BANKERS CONVENTION

"Group 8" Hold a Very Interesting Session Wednesday.

Group 8 of the Nebraska Bankers Association held their fourth annual convention in this city Wednesday. President Welpton of Ogallala called the meeting to order and delivered his annual address which was well received.

### First Grand Engineer Dead.

S. G. Tillett, delegate from Alliance Div. No. 622 B. of L. E. wires today that First Grand Engineer T. S. Ingraham died suddenly this forenoon in Convention Hall, Los Angeles, where the National convention is in session. Mr. Ingraham was a candidate for the office of Ass't Grand Chief to which he would have been elected had he lived.

Wm. Mitchell returned home from his sad mission to Newport, Pa., last Saturday afternoon. Three weeks ago he received a telegram from the old home that his mother was dangerously ill and he at once hurried east, but arrived too late to see her alive. The disappointment was indeed keen and the absence of mother from the home of his boyhood days made the place seem deserted and strange. Mr. Mitchell left there in 1887 and this was his first trip back. Like the story of Rip Van Winkle, he found most of his old comrades gone, some moved away and others dead. And the little ones who were but prattling babes when he lived there, have grown to man's estate, and he knew them not.

A. D. Rodgers has the agency for the Mystic washing machine and has a sample machine at his store that every housekeeper should inspect. The principle of the washer does away with the hard labor which usually burdens the operator of a washing machine that makes life a burden. The Mystic on the other hand is of simple mechanism, light running, noiseless and does the quickest washing of any machine on the market. And with all its advantages, the Mystic is the cheapest washer on the market. Call in and inspect the machine.

Miss Fanny and Alice McCoy came in from their ranch home south west of this city Wednesday morning to depart for the west and east on extended visits. Miss Fanny left for Gretna, this state, where she will visit an uncle for six weeks and Miss Alice was a passenger on 41 Wednesday, going to Newcastle, where she will visit a sister, Mrs. Cusick, for a month.

John Hague moved his family in from the ranch this week. Mr. Hague will devote his time looking after the manufacture of the Ferris Wheel hay stacker, which he invented and is constructing. This stacker is recognized as the most practical on the market and is coming in general use throughout the west.

The young lady teachers of the schools have been entertained by many friends in the past month. Saturday Mrs. Stoner invited them to her hospital home to spend the evening and enjoy "Flinch." Dainty refreshments were served. Monday Mrs. McIntyre entertained the girls at a 6 o'clock dinner.

Memorial day services will take place at the M. E. church next Monday afternoon. By referring to the announcements of the committees in this issue will be learned the order of the services. Everyone should take an interest in the day's doings and if possible be present at the ceremonies both at the church and cemetery.

Rev. C. H. Burleigh, wife and daughter returned from Los Angeles, Calif., last Saturday, where Mr. Burleigh attended the M. E. church convention. They spent a delightful time on the Pacific coast and returned to their home at Hemingford much benefited by the trip.

The dance given at the Phelan opera house last Friday evening for the benefit of the Episcopal church was not only a social feature of much eclat, but a success financially, \$50 being realized with which to defray the expense of painting the church.

Misses Post and Combs entertained their teacher friends of the schools last Saturday afternoon at the home of Mrs. Rowen. The afternoon was very pleasantly passed all present enjoying entertainment provided by the hostesses.

Byron Fosket of Canton has been in town this week undergoing the unpleasant task of dental work, for if there is anything the average man has no desire for it is a siege of this kind.

Among those who went from Alliance to attend the Einker-Church wedding Wednesday were Mrs. Rustin, Miss Inez McCorkle and Mr. Muirhead. All returned the same night on 42.

Geo. Fendrick and John Kinsella drove down from Hemingford last Saturday, remaining till Sunday in order to participate in the closing of the mission.

The Misses Mamie and Philbert Tierney arrived from Broken Bow last Saturday, being the guests of the Misses Bohn and Mr. Tully until Wednesday morning.

Rev. Scamhorn will deliver a memorial sermon at the M. E. church next Sunday morning at 11 o'clock. All old soldiers are especially invited to attend and the general public is also invited to be present.

Miss Inez McCorkle entertained several friends at her home at dinner last Sunday in honor of Mrs. Lulu Duncan who leaves Sunday night for her home in Fort Morgan, Colo.

The Ladies' auxiliary to the B. of R. T., Hardstruggle Helpers No. 397, will hold a Kensington next Tuesday afternoon at the home of Mrs. Deitlein and Mrs. Grothe at 3 o'clock.

Miss Della Reed returned home Sunday having completed her year's school work in Hemingford on the preceding Friday.  
Ferris Wheel stackers can't be beat. See them before buying elsewhere.

## BANKERS CONVENTION

"Group 8" Hold a Very Interesting Session Wednesday.

The following program was presented, each speaker showing a spirit of interest in his subject and the audience demonstrated its appreciation with applause.

Exchange—City Banker's View—Frank Parks, Asst. Cashier First National, Lincoln Bank Book-Keeping—S. K. Warrick, Cashier First National, Alliance.

At the close of the program other subjects were discussed.

In the evening a banquet was given by bankers of this city to which a few business men were invited. The banquet, like the business session, was lively from beginning to end and when ample justice had been done to the many good things provided by mine host Nye of the Charters, the fragrant Havanas stimulated the participants to stirring toasts and much speech making. The evening was pleasantly spent and the visitors expressed their appreciation of the hospitality shown them by the citizens of Alliance.

Those in attendance from a distance were: J. W. Welpton, Ogallala; C. A. Minnick, Crawford; W. B. McQueen, Hay Springs; W. H. Nickels, Hyannis; Dr. F. L. Hall, Frank Parks and F. Whitmore, Lincoln; Chas. E. Waite, Omaha; K. L. Pierce, Hemingford and J. J. McIntosh, Sidney.

The officers reelected are: President—J. W. Welpton. Vice-President—C. A. Minnick. Secretary-Treasurer—W. B. McQueen. It was voted that the next meeting be held at Alliance on call of the President.

### Rev. Ray at the Old Home.

Rev. Chas. Wayne Ray, writes THE HERALD from Riley, Ind., May 12, as follows:

"Home at last! Came last evening from Buffalo, where attended the International Y. M. C. A. convention. Was elected from our university (Depauw, Greencastle, Ind.) when I reached here so went right on. There were over 2,000 delegates at the convention and we had a glorious meeting. Was sidetracked in Buffalo to preach in St. Paul's church. Am meeting hundreds of old friends and many urge me to stay here. Was at the world's fair on my way out here and go back in a week or two and then on to Lincoln, to our commencement of the Nebraska Wesleyan university. Hope to be home June 20. Trust you are well and happy. People here admire your Illustrated Edition and say it is fine. Kindest regards to all."
