Box Butte Democrats Organize.

Hardly had the sound of the great democratic convention, held at St. Louis last week, died away when it is re-echoed with the praises of the American people throughout the length and breadth of the land, and that the result of the noted gathering has met the approval of the voters is demonstrated in the organization of Democratic clubs in all parts of the country.

At a well attended meeting held last night for the purpose of organizing for the campaign, a Parker and Davis club was formed, which includes every precinct in Box Butte county and at the head of which have been elected men who have carried the standard of democracy through the hottest of many fiercely fought battles, and who never flinched or shirked their duties in the hours that tried men's souls.

Following is a list of the officers elected at the initiative meeting held last night: President—Wm. Mitchell, Vice President—Dr. L. W. Edwards, Treasurer—C. W. Brennan, Secretary—Robt. Graham.

The Connelly Murder Trial On.

The trial of James Connelly for the murder of Henry H. Miller of this city is in progress at Harrison and a number of witnesses from here went to that place last Monday and Tuesday. The crime for which Connelly is being tried is well known and needs little if any reviewing.

V. Wright, Wm. Sherlock, John Cusick, John Duskinn, John Hill and John Lore were among those who had teams hauling material for the new school building in district No. 9, Tuesday.

The fire bell has been placed in the tower of the city hall and the youngsters of the town have less excuse than ever in evading the curfew ordinance, for the sound of the bell is now distinctly heard in all parts of the city.

S. W. Davis, of Cass county arrived in Alliance last week and filed on land near Scottsbluffs. Mr. Davis accompanied by his niece Miss Jennie Katen, went to Dunlap Sunday where they visited at the Katen home until Tuesday.

The Platte Valley News of Bridgeport has the following to say of the ball game played at that place the Fourth in which several Alliance players were included in the local team pitted against the North Platte club: The prettiest and fastest game of ball ever played in Bridgeport was called promptly at 3 o'clock with Alliance at the bat and North Platte on the defensive with Pendergraft in the box, and with good support he managed to shut Alliance out until the seventh inning when two scores were taken and two more in the ninth. Donabue was the pitcher for Alliance and pitched excellent ball, allowing North Platte no scores until the sixth inning when two scores were run in, also one in the seventh and three in the eighth, making the score 6 to 4 in favor of the Platte boys. The game was interesting from start to finish and the management feels highly honored in securing the game.

John Frazier has again been the victim of adverse circumstances and he no doubt has had his share of troubles in the past. Last Monday night the box cars that have served as his home on the ranch in the sand hills, caught fire and with most of the household effects burned to the ground.

Charles Brinkman secured the contract for the erection of a new \$500 school building in Wright precinct No. 9. This shows the good results secured by combining some of the smaller districts, and if followed by others would soon eliminate all the sod houses from western Nebraska.

There will be a game of base ball on the grounds west of town next Sunday afternoon at 3 o'clock between the Alliance Junior team and the Nonpariel team. The visitors have the reputation of being handy with the leather and no doubt will make active juniors scratch gravel to win.

The rainstorm which passed over the county Sunday afternoon was accompanied by hail and it is reported that in the northern part of Box Butte considerable damage resulted. There was also a heavy fall of this crop destroying element in the western part of the county, as chronicled by our Hemingford correspondent.

Mr. and Mrs. H. O. Zbinden of Sweetwater returned from their western trip last Monday and stopped off to visit Jules Zbinden for a short time. They were accompanied by Chas. Zbinden of Seattle, who will spend the summer at Sweetwater. The party came by way of Salt Lake and Denver, and they enjoyed the varied scenery of the roundabout journey very much.

Gregory Zurn was at Crawford over the Fourth and visited his brother who lives a few miles from that place. They had not met for many years, tho, living such close distance. If they did such a thing in the old home at Breda, Iowa, they would never get their names in the Watchman, "Pay your subscription." Herman Bruning went to Carroll today. "Now's the time to pay your subscription."

The semi-annual clearance sale at the Horace Bogue store will begin next Monday and continue the week. Mr. Bogue is a business man and up to date in keeping abreast of the seasons. He will dispose of his summer goods of all kinds and many other articles to make room for fall and winter goods. In this way he has a stock of the latest and best goods always on hand. If you want a bargain in anything Mr. Bogue is advertising now's your time.

We're going to have a circus the 29th of this month and the small boy will be in his glory. The bill boards are already adorned with bright pictures of performing horses, wild animals and cages of monkeys of every size and variety. There are life-size illustrations of snakes that can swallow the average size boy at one swallow and we'd like to see the color of the booze dispensed in Alliance that can produce bigger or more fierce species. Of all things you do, Johnny, don't feed the elephant tobacco, for he'll sweat you if you do.

A Blackburn has concluded to remove to Illinois with his family this week and has rented his house. He will go to the town of Normal located on the Illinois Central and Alton-railways. We always regret to chronicle the departure of old friends and residents from our midst but it is the way of the world and the only thing left, to smooth over such parting, is the wish that Mr. and Mrs. Blackburn may be pleased with their new home, and that's saying a good deal in a change to that atmosphere which can't be compared with western Nebraska.

The democratic national convention, held in St. Louis last week was the most sensational political gathering in the history of the American people. The nomination of Judge Parker and his message to that body declaring his views on the financial question were the talk of the nation for days that followed. A large portrait of the democratic nominee together with the full proceedings of the convention will be found on another page. A biographical sketch of Henry C. Davis, the nominee for vice president, is also printed on the same page, thus giving a complete and interesting review of the convention.

A. T. Hemingway of the Forest Lumber company left Tuesday for Harrison, Idaho, where he will transact business connected with the firm he so ably represents. Mrs. H. and the little one are still in the east and will be gone for some little time. This reminds us of fact that there are any number of grass widowers in Alliance this summer. The world's fair and eastern relatives must be visited by the better-halves while the old men remain at home to look after the old horse and milk the cow and keep the weeds out of the garden.

There's Billy Mounts, he has some of the finest sweet corn we have seen since we left Iowa and Mrs. Mounts has been gone long enough to have Bill forget it half a dozen times, but that shows how faithful he is in looking after family affairs. He ought to be voted a leather medal. What a difference there is in husbands. We have another man in mind who generously volunteered to let his wife go home to her parents in Missouri and stay until she was contented to return. When Mrs. R. got home she found the canary bird dead in the cage and the pug dog which was put in the cellar for safe keeping had been entirely forgotten and now all that remains of the dog is a tan-colored hide stretched on the back-yard fence. If there wasn't something doing when the boss got home in the evening is strange. But that's the difference between men. No use of organizing a woman's protection society against such critters, just grin and bear it or don't leave the house to their care.

The remains of Lou Allen, an inmate of one of Alliance's resorts, arrived from Grand Island last Wednesday noon and were interred in Greenwood cemetery the same afternoon. Deceased was taken to the Island a short time ago to undergo surgical treatment at the hospital, but her condition was beyond repair. This unfortunate creature, whose life was worse than thrown away in that hell on earth, left little or nothing to identify her relationship and she succeeded in carrying her secret to the grave. The fact that she refused to divulge her family affairs was sufficient evidence of the consciousness of her guilt. Her only mourners were numbered by her sisters in sin and the only grief and sorrow for the departed soul came from the semi-rational element who jeer at morality and curse their own souls to the bottomless pit of hell. From within the walls of that resort, where midnight is made to re-echo with the curses of the drunkard and the spirit of the infernal region mocks back at the Man of Sorrows, who, nailed to a cross, begged, even with His last breath, for the sinner no repeat, Lou Allen passed perhaps from one hell into another. Hardly had the echo of the babble of the house of shame, with its devilish taunt, died from her senses, when there came that woeful, despairing wail of the damned who too, had once lived in this world and in the flesh. The picture is indeed awful to behold, but evade it as we would, death will draw the curtain and to every lost soul that crosses the river Styx this panorama will cast its shadow on the never-ending despairing existence of those who are damned.

Church Dedication.

The dedicatory service of the First Presbyterian church is announced to take place next Sunday morning at 10:30. The sermon will be preached by the Rev. B. M. Long, D. D., of Lincoln this state. A cordial invitation has been sent out to our citizens by the pastor, Rev. Horace P. V. Bogue to be present at this important event. The elders and trustees are also included in the reception committee. The handsome little house of God is indeed a beautiful place in which to worship, and one cannot but feel that the order and pleasant interior surroundings that exist therein tend to elevate the soul and mind to the better things and those that live eternal. The music on this noteworthy occasion will be a special feature and the choir will add greatly to the dedication of the sacred doings. In regard to the dedication, Rev. Bogue makes the following announcement:

The dedication of the First Presbyterian church takes place next Sunday at 10:30 a. m. Everybody is cordially invited. To everyone who is known to have contributed in any way to the building of the church, cards of invitation have been sent, which include the families, but this special invitation does not preclude as hearty an invitation to the general public. It is hoped that as far as possible, all will be present and enjoy the services.

A second service will be held at 5 p. m. with a sermon by Rev. Dr. Sexton. This will not interfere with the evening services of the other churches.

H. P. V. Bogue, M. E. Church Notes.

Prayer meeting will be held at the church Thursday, 8 p. m. There will be no preaching service next Sunday morning. Evening subject, "What must I do to be saved."

Services will be held at the church next Sunday as follows: Sunday school at 10 a. m. Preaching at 11 a. m. and 8 p. m. Junior League at 2:30 p. m. Epworth League at 7 p. m. Prayer meeting Thursday evening 8 p. m. All are cordially invited to attend.

Another Evidence of Prosperity.

The strikes in the packing houses at South Omaha, Kansas City, Sioux City and Chicago are serious propositions. A general advance in the price of fresh meats was announced yesterday.

Richard Young, the 10-year-old son of Edward Young, the dairy man living west of the city, met with an accident yesterday afternoon in which he lost the sight of his right eye. While watching the workmen at Newberry's shop constructing dipping tanks a sharp piece of tin flew into the optic penetrating the pupil and destroying the sight instantly. The lad was taken to Dr. Collins' office and an examination at once told the extreme nature of the accident. He is getting along satisfactorily but the unfortunate lad will never regain sight in the injured member.

FERRIS WHEEL HAY STACKER

I can furnish you with the best stacker on the market. My machine has the most improvements, surest in its working, simplest but superior in construction, and will give you the best satisfaction.

IT IS BUILT ON New Principles, New Features, New Ideas. The quickest acting, The strongest built, The shortest rope, The only rebounding fork head, The only stacker with but one pulley. It is pronounced the best hay stacker made by all who witnessed it in operation on the Hague ranch in the fall of 1903, where the test machine handled about 900 tons of hay without a break, and since that time some valuable improvements have been added.

I ask you to come and judge for yourself the merits of my machine as compared with others. Call at Forest Lumber Co.'s yards and examine stacker. I wish to put my machine in the field against any other stacker made. Send for circular. JOHN HAGUE, Alliance, Neb.
