THE COUNTY ATTORNEYSHIP.

The voters of Box Butte county will, at the coming election, vote to elect a county attorney for the ensuing two years. This is recognized by all to be one of the most important offices of trust within the gift of the people. He who accepts this position is in conscience bound to protect the peace and honor of the state so far as the jurisdiction of his office extends.

With this end in view, THE HERALD again presents the name of William Mitchell, the present incumbent, for the voters' consideration.

At the conventions held last summer Mr. Mitchell was renominated by acclamation as an endorsement of his competency and the faithful discharge of his duties during his first term as county attorney. The record of the candidate in question has been an honor to our citizenship; due enforcement of law and impartial guardianship of every interest within the duty of his official obligation. The criminal record is an open book and on its pages are written the verdicts of convictions of those who would attempt to evade the penalty of their transgressions. Nothing has been left undone to protect the law and order of Box Butte county. In every case where evidence proved guilt the parties have been convicted. William Mitchell is likewise classed among the wide-awake, progressive citizens of the county. Genial, frank and accommodating, he possesses the confidence and respect of a wide acquaintance. His large majority at the polls in the past is sufficient evidence of this fact.

Hence, THE HERALD wishes again to reiterate its endorsement of the candidacy of Wm. Mitchell for the office of county attorney.

THEY ARE RELIABLE MEN.

Hon. Charles F. Coffey of Chadron, candidate for state senator in the 14th district, was an Alliance visitor last Saturday. Mr. Coffey met quite a number of business men and ranchers while here and after discussing questions of public importance, in which western Nebraska is vitally interested, he was given a great deal of encouragement irrespective of party affiliations. Mr. Coffey frankly expressed his ideas and what course he would pursue in the event of his election. If his position met the approval of those with whom he spoke he would solicit their assistance at the polls, but in no instance did he cater for a vote through misrepresentation. Mr. Coffey

is too open and honest a man for that. He is an old-time stockman and like Mr. Robert Graham who is a candidate for representative on the same ticket, has a thorough understanding of legislation that would prove beneficial to this large class of heavy taxpayers. Mr. Coffey came to Nebraska 'way back in '71 and has developed into one of the biggest stockmen in the state. The Chadron Journal in its attempt to find fault with this candidate insinuates that he has money. This may be true, but we can assure the critic that Mr. Coffey's pecuniary success was achieved through legitimate channels, and should he be elected there is no danger of his being influenced by financial tips, as may be the result in other instances, as has been in the past. Elect Charles F. Coffey and Robert Graham and they will be found working in harmony for the best interests of all in western Nebraska.

BRYAN IN INDIANA.
News comes from Indiana of tremendous meetings being held all over the state, in which the central figure has been Wm. J. Bryan. It is evident that the Nebraska statesman has lost none of his magnetism in the east. At Peru, the 13th inst. Mr. Bryan spoke to the largest political gathering that ever assembled in that section. Bryan was jammed through the crowd to the stand and spoke for an hour. After the speech he said his audience was one of the most responsive he had talked to this year. The keynote of the Peru speech, as of all the other speeches Bryan has made was his sincerity in his advocacy of the election of Parker and Davis.

Hon. Geo. W. Berge is making a strong campaign throughout the state, and his explanations in regard to the enormous increase in taxes and expense during the Mickey administration has made a decided change in favor of the people's independent and democratic candidate.

The admirers of Senator Fairbanks have become so enthusiastic over the object of their admiration that they have already started his boom as the presidential standard bearer in 1908. It would seem more appropriate to wait until the present campaign is over and see how the republican candidate for second place fares.

In speaking of the Pathfinder canal meeting, held at Scottsbluff recently, the Gering Courier says: "An impromptu meeting was held at Scottsbluff early in the week, at which the agents and engineers of the government explained something of the Pathfinder scheme. Nothing very different from what has been told from time to time in the Courier was given out, but all elements of doubt were removed as to the consummation of the project and the construction of big canals on each side of the North Platte. The cost per acre was placed between \$25 and \$40 per acre, and it was stated that the land owners would be expected later on to organize themselves so as to make contracts with Uncle Sam, as has been the custom in previous schemes of this kind. An agent of the government will be here later on to take up this phase of the matter."
