"I began to use it about seven months ago for weakness and nervousness, caused from overwork and sleeplessness, and found that in a few days I began to grow strong, my appetite increased and I began to sleep better, consequently my nervousness passed away and the weakness in the pelvic organs soon disappeared and I have been well and strong ever since."

NEWS IN NEBRASKA

STRANGER KILLED BY A TRAIN.

Body of Unidentified Man is Found Near Firth.

ADAMS—The body of an unidentified man was found on the tracks of the Burlington road one and one-half miles east of Firth. The face had been so badly mangled that it is impossible to give a description of the features. He was of medium size and the fragments of clothing indicated that he had been well dressed. One of his arms had been torn off and the body was otherwise bruised and lacerated.

It is thought that he was struck by the Burlington "Flyer" No. 4, about midnight. The coroner was called from Beatrice and may be able to identify the body by papers which may be found in the torn garments.

An inspection of the tattered clothing worn by the stranger later showed that he had no papers and a card bearing the name of J. C. Dawson, Lincoln, Neb., was the only clue to his identity.

Some doubt is now expressed as to the cause of his death. The finding of his hat half a mile west of the place where the body was found leads many to believe that the man was thrown or fell from Burlington train No. 120.

INDIANS ARE THE OWNERS.

Unentered Land in Richardson County Not Subject to Homestead Law.

HUMBOLDT—The dreams of sudden wealth which have been indulged in by Dr. Wells of Falls City were rudely shattered last week by the appearance on the scene of Special Agent O. C. Edwards of Horton, Kas., representing the department of the interior. The latter had been sent by the government to investigate the filing by Dr. Wells of homestead entry papers upon a piece of land found without an owner near Preston, in the east part of the county. The land was adjoining the Nemaha river, of irregular dimensions and contained about twenty acres, valued at nearly \$100 an acre, and the doctor was considered quite fortunate by his friends in striking the "flud." Now, however, comes the government agent with the information that the land belongs to the government, but was not of the strip opened years ago for settlement and therefore not opened for entry. Whatever funds are derived from the sale of the land is to go to the Fox and Sac Indians now on the reservation near Reserve, Kas.

He also gave a wonderful exhibition of fancy shooting with rifle, shotgun and revolver, doing all manner of stunts. He exhibits any man with a gun who has ever before visited Cortland.

Two severe cases of Ovarian Trouble and two terrible operations avoided. Mrs. Emmons and Mrs. Coleman each tell how they were saved by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I am so pleased with the results obtained from Lydia E. Pinkham's Vegetable Compound that I feel it a duty and a privilege to write you about it. "I suffered for more than five years with ovarian troubles, causing an unpleasant discharge, a great weakness, and at times a faintness would come over me which no amount of medicine, diet, or exercise seemed to correct. Your Vegetable Compound found the weak spot, however, within a few weeks—and saved me from an operation—all my troubles had disappeared, and I found myself once more healthy and well. Words fail to describe the real, true, grateful feeling that is in my heart, and I want to tell every sick and suffering sister. Don't dally with medicines you know nothing about, but take Lydia E. Pinkham's Vegetable Compound, and take my word for it, you will be a different woman in a short time."—MRS. LAURA EMMONS, Walkerville, Ont.

Another Case of Ovarian Trouble Cured Without an Operation.

"DEAR MRS. PINKHAM:—For several years I was troubled with ovarian trouble and a painful and inflamed condition, which kept me in bed part of the time. I did so dread a surgical operation. "I tried different remedies hoping to get better, but nothing seemed to bring relief until a friend who had been cured of ovarian trouble, through the use of your compound, induced me to try it. I took it faithfully for three months, and at the end of that time was glad to find that I was a well woman. Health is nature's best gift to woman, and if you lose it and can have it restored through Lydia E. Pinkham's Vegetable Compound I feel that all suffering women should know of this."—MRS. LAURA BELLE COLEMAN, Commercial Hotel, Nashville, Tenn.
