Was it a dream?

Just wait! We'll show you fellow our years hence,

And even good old Missouri wer wrong, What next?

The ceaseless clicking of the opera ors' keys sounded all alike to us election night.

Let's see? A safe and sane dem crat. What sort of a looking critter he anyway?

The only pebble on the political beach since Tuesday's tidal wave the the fusionists can see is Billy Mitchel

The political prophet, "I told ye so," lies buried just back of THE HER ALD office. The sweeping republica victory of Tuesday brought his useful life to an untimely end. No tombston marks his last resting place either.

As usual, Editor Rosewater of th Omaha Bee succeeded in having him self arrested for libel before the election passed off in Douglass county Most politicians prefer to be interviewed on such occasions, but Rosewater de sires something more exciting.

It will be unnecessary for our John Maher to send congratulations to Judge Parker on his large majority in Ne braska, John was an enthusiasti prophet, but a lack of Parker votes fails to confirm the Nebraskan's pre dictions while a guest at Esopus.

Even nature took a shot at the de feated forces last Tuesday by kickin up a row during the night and sendin the mercury down to zero. Not satis fied with this, the weather man sent good sized snow storm to tantalize u with the horrors of lost bets and empty coal bins. Oh, these republicans are cruel people,

AFTER THE BATTLE. Now that one of the greatest politica

battles of recent years has been fought and the smoke of a long campaign rolled away, leaving in its wake a defeated democracy which is simply apalling in its disaster, it is but natural to ask the question, "What was the cause of such an ignominious defeat?" Even the much ridiculed western leader, William J. Bryan, who was branded an unsafe, visionary candidate four years ago, won a signal victory in comparison to the strength shown by what was termed the safe and sane element of the democratic party, which this year had control of the organization and with a candidate who was termed a conservative, strong man who would by his personal standing and past record carry the party to victory. What has been the result? The sweeping republican explanation. The element that swore, as on a stack of bibles, that if it was given an opportunity to rule the party and name the presidential candidate to victory. This was the same element that declared Mr. Bryan in disfavor with eastern democrats. The returns from any eastern state fail to corroborate this boasted prediction. On the contrary, in every state and precinct Judge Parker ran far behind the Neproven himself the strongest leader in the democratic party, and the assertion that it was through his position on the silver issue the east was lost to him vention, declaring his unalterable stand for the gold standard, is sufficient proof of this fact. Hence another cause for the defeat of democracy must be found. The fact that the people have been and are at present in a state of partial prosperity may account for the defeat of 10,000. democracy. It is the general concession that the American people are the most patient among the nations of the earth and are not apt to make sudden changes in governmental affairs, but when they do act, it will be decisive and sweeping. So it may be said that the continued triumph of the republican party rests solely by continued prosperity and with good crops. Aside from these she has no claims. Her foreign policy is and will remain wrong. She is faulty on the tariff issue, and her position favoring trusts will yet be the

mill stone that will drawn her down to

the bottom of the political oblivion, just as the old whig party disappeared.

In the county election there were a number of republican votes, while his mended. opponent, L. F. Smith, who was elected, received a strong fusion support. It was a case of two good men pitted against each other. That Mr. Smith triumph of last Tuesday is sufficient will make a capable member of the board there is no doubt, for he posseses the qualities that make a good official.
