a constantly increasing number of physicians prescribe Peruna in their practice. It has proven its merits so thoroughly that even the doctors have overcome their prejudice against so-called patent medicines and recommend it to their patients.

Perana occupies a unique position in medical science. It is the only in-ternal systemic catarrh remedy known to the medical profession today, Catarra, as everyone will admit, is the cause of one-half the diseases which afflict mankind. Catarrh and catarrhed diseases afflict one-half of the people of United States.

Robert R. Roberts, M. D., Wash-ington, D. C., writes:

"Through my own experience as well as that of many of my iriends and acquaintances who have been cured or relieved of caterrh by the use of Hartman's Peruna, I can confidently recom-mend it to those suffering from such disorders, and have no hesitation in prescribing it to my patients,". Robert R. Roberts.

Modern Surgical Methods. The use of the needle and thread in closing wounds has come to be a fine art. In former days the surgeons were mere bunglers, and most wounds left hideous scars. He tried to cure me, but after experimenting for several months, my husband became disgusted, and one night when we noticed a testimonial of a woman who had been cured of similar trouble through the use of Lydfa E. Pinkham's Vegetable Compound, he went out and bought a bottle for me. I used your medicine for three and one half months, improving steadily in health, and in twenty-two months a child came. I cannot fully express the joy and thankfulness that is in my heart. Our home is a different place now, as we have something to live for, and all the credit is due to Lydfa E.
