NUMBER 7

IF

you are in need of house furnishings Lockwood's store is the place to go. Prices are right and so is their stock. No matter what you want they have it.

YOU

Have No Doubt About It—Is Simpkins sure his wife's poodle is dead? "He must be. I see he is offering \$50 reward for it."

WANT

those pieces of furniture repaired or upholstered to look like new? Bring them to Lockwood's; we have an expert upholsterer and repair man.

CREDIT

Nothing in Comparison—Ada (At Jennie's wedding) She had to wait thirty minutes for the bridegroom. Wasn't that perfectly awful!

Lilly Languslinging—That's nothing to waiting thirty years.

COME

SEE US. No Remnant sale at Lockwood's, our Christmas trade cleaned us out. In all departments you will see at once on entering our store, a bright, new stock, just received. We have no old relics or eye-sores left. Everything just the latest designs, unpacked and waiting for your inspection.

TO

US. We have no tag sale, but everything tagged at prices that will make competitors weep.

LOCKWOOD'S

BLANKETS. Our blankets are so cheap that it doesn't pay to buy coal. Keep warm with a pair of our blankets.

AND

Honeymoon Cookery—"And so my little wife cooked this all herself? What does she call it?" "Well, I started it for bread, but after it came out of the oven I concluded I'd better put some sauce on it and call it pudding."

GET

a piece of our new Bird's Egg blue enameled ware and you will use no other. Hand-some and durable. Look in our window and see 'em.

IT

"Bronson is very ill; he's got to have his teeth extracted." "What are you talking about? Bronson's teeth are all false." "I know it. He's swallowed 'em."

Dick Watkins Weds.

The announcement of the marriage of Richard Watkins, the well known cattle man of this city, comes as a surprise to his host of friends here, but all unite in wishing him a happy time. The bride is a Mrs. Hill, formerly of Missouri. The nuptials were celebrated at Long Branch, California, January 27. Dick left here less than a month ago to spend the winter in California and his warmest friends never suspected him of forsaking his bachelorhood.

However, since we come to think of it, it was just a year ago when Dick took advantage of the weather to give a lady friend a sleigh ride. It was such an unusual occurrence for him, that Simon Spry, Billy King and others hired a bunch of streeturchins to catch the sleigh and get in if possible; for which each arab succeeded in getting into the sleigh was to receive ten cents. The fact that it cost Spry and King about \$10 each to pay the kids, tells how well they succeeded. The whole town turned out to see the fun. For a time Dick was mad but seeing it was no use, decided to take it as a joke. That cured him of being bashful in the presence of ladies, which no doubt accounts for his actions last Friday.

Talbot Will Speak.

To the citizens of Alliance, greetings: In behalf of Box Butte Camp No. 733 Modern Woodmen of America, we extend to you an urgent invitation to hear Hon. A. R. Talbot, head consul of the order, who will address the citizens of Alliance and vicinity in Zbinden hall, Tuesday, Feb. 7th, at 3:30 p. m. If you want a treat friends, come out and fill up the hall.

By Order of Committee.

Cheap Rates to Denver and Return.
A rate of one fare plus \$2. to Denver and return will be in effect Thursday Feb. 9, good to return Sunday, Feb. 12, on account of the Alliance-Denver bowling match, providing ten persons go. If you want to go leave word with Ridgell at the Bowling Alley.

Henry Knipple, age 19, and Miss Katie Sider, age 16, were married Sunday, January 29th. The Rev. Otto Roehrig, pastor of the German Lutheran church, performed the ceremony.

For Sale—The Pearson residence property, opposite High school building.—T. J. O'Keefe.

ARTICLES OF INCORPORATION.

For New Railroad in Wyoming. New Homestead Bill by Kinkaid.

Press dispatches of yesterday contained the following interesting information:

Articles of incorporation of the Big Horn Railway company have been filed in Wyoming, the incorporators being General Manager George W. Holdrege of the Burlington; G. W. Loomis, his assistant; W. P. Durkee, auditor; A. D. Allee, assistant auditor; and J. E. Kelby, solicitor. The capital stock will be \$5,000,000.

The Big Horn Railway is the branch of the Burlington planned to run through Big Horn and Fremont counties, Wyoming. This branch will extend south from the Burlington's lines in Northern Wyoming, and will be a rival of the branch to be built by the Northwestern from its main line at Casper to the Shoshone reservation.

The opening of this reservation will probably take place next summer, and both the Burlington and Northwestern will begin building as soon as the bill providing for the segregation and sale of the northeastern section of the reservation has been passed by congress.

New Homestead Bill.

Congressman Kinkaid today introduced a bill giving preferential right to a certain class of entrymen under the 640-acre act, commonly known as the Kinkaid act, to those settlers who were deprived of their settlement by reason of lands being withdrawn under the irrigation act and now turned back to settlement.

He also introduced a bill giving entrymen under the Pathfinder irrigation project in Nebraska until May, 1907, to commence residence. This bill is in effect amendatory to the national irrigation act wherein entrymen have only six months to commence residence. As the Pathfinder project is not expected to be completed for several years, Judge Kinkaid believes it will work a hardship upon those persons locating along the canal to take up their residence when there is no water in the stream. His bill extends the time of commencing residence and if passed will give those who have already located on the land the right to obtain leave of absence from the local land office until May, 1907.

During the past year there has been a decided effort made to start school libraries in Nebraska. Richardson leads as the banner county, have invested over \$1,700.00 in the past year. Box Butte has made a beginning, there being several good libraries in the county schools, and many teachers are interesting themselves in the good work this winter. The first entertainment this winter for that purpose was given last Friday night at the home of Mr. Brower in district No. 1 same being a box social, at which a very pleasant evening was spent by those present, every one enjoying the entertainment offered by the teacher Miss Fanny McCoy and pupils. Ten dollars were received which will at once be invested in good library books for the school.

The Lotspeich brothers near Hyannis who have been hunting a couple of gray wolves for the past week, have at last killed one of them. It is the largest ever heard of in that vicinity, weighing a hundred and twenty-five pounds. The two wolves had been in the neighborhood for the past three months killing calves, cows and horses to the value of \$500 or \$600 for the boys. On one occasion they even killed one of their dogs. There is a large bounty on wolves in that county and especially on these two. A number of men are still on the trail of the second wolf.

Fred Mollring has succeeded to the business of Mollring Bros., and will conduct the business on his own account in the future. He has recently purchased a complete new stock that is on the road now. He proposes to conduct a modern up-to-date business.

Miss Mary Basse came down from Hemingford Thursday evening and visited her many friends, returning on 41 Sunday.

New Bottling Works.

Alliance is to have a new industry. Boyer & Harrison will be the style of the new firm. E. Boyer and Fred Harrison have formed a co-partnership for the manufacture and sale of carbonated bottled goods as well as ice cream for the wholesale trade. They will commence business as soon as their machinery and material arrives, which will be sometime in March.

The new firm will manufacture every known kind of temperance drinks: Pop, ginger ale, soda water, birch beer, seltzer and all kinds of carbonated drinks in quantities sufficient to supply not only the home demand, but also the demands of dealers in that class of goods throughout the entire west. Only distilled water will be used, which insures the purity of their product. Mr. Harrison is past master in the art of making high grade ice cream. The firm will be prepared to supply all the local caterers as well as church, lodge, and other societies with ice cream in any quantities on short notice.

Dealers who desire to serve their customers with the highest grade of goods will do well to reserve orders for the new firm.

Entertaining Opera.

Alliance theatre-goers were afforded an opportunity to see one of the best opera companies last Monday and Tuesday nights that has visited Alliance for a long time. The P. & S. Prince company is certainly one of the best that visits cities of the smaller class and the large and respectable houses both nights in Alliance to the company feel that it will require a great deal of persuasion to convince them that Alliance should be "passed up" during their next trip west. Manager Broome is certainly to be congratulated on his success in securing such a strong company.

Sold His Dairy Business.

Enoch Boyer has sold his dairy business to N. A. and D. L. Sturgeon who will assume the management thereof March 1st. Besides all the dairy fixtures, seventy head of cows were included in the sale and a three years' lease of the ranch. The new proprietors are known as men of integrity and will aim to maintain the reputation of the Boyer dairy for reliability and high class service. The Sturgeon dairy will retain the Boyer phone number—262 and Mr. Boyer will conduct the business till the first of March, when he will move to town.

George Darling, the furniture man, leaves Saturday night for Chicago and Grand Rapids to buy a new stock. T. J. Threlkeld, a licensed embalmer, will have charge of his undertaking department, so there will be no excuse to put off dying until George returns.

St. Matthew's Episcopal church Sunday, Feb. 5th, fifth Sunday after Epiphany. The Litany and Holy Eucharist at 11 a. m. Sunday school at 10 a. m. Sunday evening prayer and song service 7:30 p. m. All are cordially invited to attend. Chas. B. Coerr, rector.

GOSPEL MEETINGS BRING RESULTS

Remorse of Conscience Saves Washer Woman \$7.50—Conscience Hurts Thief

Some two weeks ago J. B. Gray sent a valuable suit of underwear to his washer woman together with his grist of laundry. When she came to get the wash from the line, some miscreant had stolen the underwear valued at \$7.50. The poor woman bemoaned her sad fate and prepared to repay her patron today. Imagine her amazement this morning, when she found the missing garments at her door, with the following note pinned to them written in a legible hand, but with no name signed. "I have concluded to return these goods and ask forgiveness. I believe it better to work harder and enjoy less bodily comforts than to endure compunction of conscience, to say nothing of what else might follow. You may wonder if the Preaching at the Baptist Church had anything to do with it, and it is but justice to say IT HAD!"

If any one doubts the efficacy of prayer, or the good results of revival meetings, let him forever hold his peace. And yet Mr. Gray, his landlord and the washer-woman are sceptical, preferring to believe that the thief's "what might follow" to be fear of capture, rather than repentance. Another sceptic said he believed the suit was returned because the thief was not large enough to fill it. But Gray and the landress are happy, just the same.

Destroying Prairie Dogs.

The Nebraska Experiment Station has just issued Bulletin No. 86. It contains a report of experiments previously conducted in the use of poisons for destroying prairie dogs, and the results obtained recently in fumigating with some very cheap substances. The bulletin may be obtained free of cost by residents of Nebraska upon writing to the Agricultural Experiment Station, Lincoln, Nebr.

THE HERALD appears one day earlier this week as promised in our last issue, and should reach subscribers one day earlier. This will enable all our readers to get their papers not later than Saturday in the future, no matter where they reside. If your paper is not promptly delivered and correctly addressed we will be pleased to have you advise us.

Iules Zbinden returned from Sweet-water Tuesday after an absence of ten days looking after his elevator and store interests there, at the same time visiting his aged parents who reside there. He reports more snow there than here and says farmers are having difficulty in marketing their crops on account of it.

The milk wagon team belonging to Ed Young ran away Monday but had not gone far when they run into O'Connor's delivery wagon and bread and milk puddles filled the air and street. Aside from the loss of some good grub no serious damage was done.

Eight Alliance Boys Enlist.

The Naval recruiting officers here, report that so far they have eight applicants for enlistment. Four seamen apprentices, two coal handlers apprentices and two wireless telegraphy apprentices. The names of the applicants are not yet ready for publication, as the final medical examination will not be held until Saturday of this week.

The recruiting officers are well pleased with Alliance, having come here direct from Cheyenne and Douglas, Wyo. At the former place they secured two recruits, at the latter place only one.

Under a recent ruling of the Navy department, naval recruits are permitted twice each year to take examination for commissioned officers. These officers now being recruited from the ranks of the enlisted men, by competitive examination.

The office closes here Saturday night, going from here to Boulder, Colo.

At 3:30 p. m. Head Consul A. R. Talbot speaks at Zbinden hall. From 6 to 8 p. m. Ladies of Royal Neighbors will serve Banquet to Royal Neighbors and Woodmen and candidates at City Hall.
8:15—Lodge work at hall.

Messrs. Martin Solberg, John Barnstead and John Kinsella, all substantial and well known citizens from the north part of the county, transacted business in Alliance Saturday and made this office a pleasant visit. The two first named gentlemen, who are ardent republicans, took occasion to remark that they hoped THE HERALD under the new management would retain the friendship of as many democrats as it has always enjoyed from republicans and this is the desire of the publisher.

Mr. and Mrs. Ed Mollring will leave this week for Kearney, their future home. Last Friday night they were entertained by the Cheese and Cracker club at the home of Mrs. Koons and were the recipients of a handsome cut glass berry bowl tendered by the club as a memento of the high esteem in which they are held. Universal regret was expressed on account of the club losing such prominent members.

C. J. Wilby, of Hemingford is preparing to ship six car loads of Box Butte potatoes this week that will go on the eastern market as Greely potatoes, which command the highest price of any tuber on the market. We might add that these potatoes were grown at a good profit to the farmer and are now being sold at a good profit to the shipper, and were grown without irrigation.

The Alliance Herald reaches our desk now under the new control, Bro. T. J. O'Keefe having sold out to W. S. Raker. We regret to lose Bro. O'Keefe who has many friends among those who differ with him politically. The Herald again passes into the hands of an able printer and editor, who will conduct the same as a republican paper. Shake Bro. Raker. The name sounds familiar.—Rushville Recorder.

Saturday morning word reached here that the Weston University at Quindaro, Kansas, had burned, together with all the effects of the two daughters of Mr. and Mrs. W. N. Corneal who are attending school there. Mrs. Corneal left on the first train for that place with a new wardrobe for the girls.

Mrs. Richardson who recently sold her restaurant property to W. M. Wilson who is occupying it with his stock of second hand goods, has bought a stock of second hand goods at Mitchell and will make that her future home.
