Our Campaign Policy.

THE HERALD has been asked who it would support for mayor at the coming election. The only reply THE HERALD has to make is this: We have no preference in candidates so long as they be men of recognized integrity and ability and will stand for certain principles or policies. THE HERALD cares not who the man is, the "policy" is what we stand for.

First the man must stand for the construction and maintenance by the city of an adequate sewerage system.

He must stand for permanent sidewalks and crossings. He must stand to lop off the heads of at least two officers now drawing pay from the city, and for which salary the city does not get returns on the money. To be specific, the duties of the water commissioner, street commissioner and one of the marshals can all be done and done easily and well by one man, by letting the police judge receipt for water rents as a part of his duties.

He must stand to suppress gambling and for high license, and prompt and efficient regulation of the saloon. He must agree to oppose granting of franchises to private concern of public utilities. He must favor the incorporation of all the outlying suburbs of the city into one solid corporation for mutual protection and economy, to the end that law breakers cannot step across the street and be immune from arrest by the city police. He must stand for the extension of the fire and water limits, and for the rigid enforcement of existing laws.

Such a man will receive the support of THE HERALD regardless of his religion or politics, as they should not enter into municipal affairs. If THE HERALD is satisfied that the candidate for mayor whoever he may be will adopt this platform and carry it out, he will have its support and we believe the support of the large majority of the citizens of Alliance who have the interests of the city at heart. Have you anything better to suggest?

When and where will the city primaries be held, and who calls them? It is only a little more than a month until election.

SENATOR BURKETT came to the sixth district to get material for his official staff for the next six years. Burkett knows where the best grows.

Let the various candidates for mayor outline their platform. THE HERALD columns are free to aspirants for that purpose. Let the people know just where you stand if you want to be mayor of Alliance.

HAVE you noticed any migration of tin horn gamblers since the mayor's order of last week was issued? Not yet! Very good evidence that Alliance has no "tin horns" nor citizens without "visible means of support."

WHEN the Elks lodge is once established here there will be more demand for hotel room over Sunday, as every elk within 100 miles will Sunday in Alliance and attend the weekly meeting. Better prepare for it now.

THREE colored Housebreakers have been trapped in the past month by the sheriff and police force, Good! Let them keep their traps set, there is more game in the land. The sooner that class of citizens are behind the bars the better.

The screen on top of the stand pipe put there by the city to keep out the birds, was broken last week by the electric light company who have the contract to pump the city water. The stand pipe was pumped full and the ice in the pipe broke the screen. The city should see that the repairs are made by the electric light company who did the damage.

GET ready to plant a big acreage of potatoes this year. Seed is cheap and the law of "fear or famine" will doubtless put the price of potatoes up this year. 50 bushels of potatoes at 50 cents per bushel, makes \$25 per acre. You can grow twice that amount on an acre and then look at your profit. If

The City of Alliance

ALLIANCE is a thriving city of more than 5000 population, prosperous and glowing prospects for the future. 400 miles west of Omaha, 236 miles north of Denver. It is the metropolis of western Nebraska. It has water works, electric lights, a three story city hall and fire engine house, first class fire company and apparatus. Two large school buildings; employs twenty teachers to educate its 1000 school children. Seven churches, U. S. land office, Court house, two National Banks, modern business blocks and handsome residences. Its railroad facilities are the best. It is on the main line of the Burlington from either Chicago or St. Louis to Portland and the Pacific coast. It is the Division headquarters for western Nebraska, Wyoming, South Dakota and Montana, the offices of General Superintendent Rhodes having been recently located here. The western division shops are located here and more than 600 railroad men are employed here. Its people are hospitable, enterprising, and intelligent. Its climate is healthful and invigorating. In short, no town in Nebraska presents superior inducements for men of capital enterprise and push, to locate within her borders. Letters of inquiry addressed to the Alliance HERALD will be answered promptly and in detail. Better write for a copy of our handsome twenty-four page illustrated Industrial edition, it will tell you more than we could write you in a month.

you have no other good job go out and plant 30 acres of potatoes and you will make more than you could working for a salary for the same time.

MAYOR BOWMAN deserves a chromo for taking a traveling palmist and clairvoyant \$5.00 per day license for playing his vocation in the city last week. He would have done still better had he refused a license to the faker and advised him to move on.

Cattle Men Ask Relief.

Some weeks ago the Cattlemen's association met here as exclusively reported in THE HERALD and asked for relief from the present quarantine regulations. The following Washington dispatch shows how well they are succeeding:

Senator Millard, at the request of W. G. Comstock of Ellsworth and E. M. Searl, Jr., of Ogallala saw Secretary Wilson of the Department of Agriculture today to induce him to modify the quarantine regulations regarding dipping of cattle off the ranges for feeding purposes. Under the present regulations cattle intended for slaughter need not be dipped, but cattle intended for feeders are compelled to go through this process, and as there are not enough inspectors to properly look after the large ranges of country it works a hardship. The quarantine is asked to be modified. Senator Millard believes that he will receive a favorable ruling on his application.

Northwest Nebraska Newspapers.

It looks as though within a short time the former hot-bed of populism, northwest Nebraska, will be without representation in the newspaper field. The Tribune started the ball rolling toward expurgating pop papers from this territory when it bought out Con Lindeman's Crawford Bulletin last fall. Then along came W. S. Raker, who purchased Tom O'Keefe's demo-pop Herald at Alliance and turned it into a red-hot republican paper. A few weeks ago Mr. Newlin of the Sun absorbed the Harrison hybrid, the Press-Journal. And last but not least, last week Mr. Mayes of the Rushville Standard, the stalwart populist organ of Sheridan county, bids farewell to politics and announces his intention of running a strictly independent paper hereafter, supporting for office anyone he may see fit to boost. El Heath having turned his Cody Cowboy into a republican paper, so that at this time there are only two opposition papers in the four northwest counties of Nebraska—the Alliance Grip and the Chadron Times. It will thus be seen that there is no legitimate kick coming against the work of the lord in the newspaper field up this way.—Crawford Tribune.

Since the foregoing was written, the Chadron Times has gone republican and the Grip has symptoms of getting right.

Experiment Station Report.

The Eighteenth Annual report of the Nebraska Experiment Station, just published, contains some striking results which should interest every farmer and lead him to send a request to the Experiment Station at Lincoln, asking for bulletins as published at this station. The station makes the following statements regarding a few of the results of experiments carried on at the station.

The winter wheat production of the state has increased 10,000,000 bushels per year, due largely to the work of the Experiment station.

Kherson oats, introduced from Russia by the station, outyielded the common varieties by ten bushels per acre in central Nebraska. Experiments with corn to secure better adapted varieties have increased the yield 10,000,000 to 20,000,000 bushels, and will result in still further increase.

Experiments at the Station prove that land which has been seeded to alfalfa will grow from 10 to 25 bushels more corn per acre than other lands.

Apple scab has been almost perfectly controlled by spraying with Bordeaux

mixture. Cedar rust on apple trees has been controlled with Bordeaux mixture. Straw mulches have greatly increased the yield of garden vegetables and improved the quality of cabbage, tomatoes, beans and cucumbers.

Milk fever has been treated with practically no loss, by inflating the udder of the cow with air when the first symptoms of the disease appeared.

Feeding experiments have shown that alfalfa hay and corn is the most economical ration for fattening steers. This ration gave a profit of \$8 per head more than where corn and prairie hay was fed.

Extensive experiments in feeding alfalfa hay with grain to hogs are now in progress which show the great economic value of alfalfa when fed in connection with a grain ration.

Eighteen thousand hand separators have been purchased by farmers in the last six years, and the number of cows used for dairy purposes has increased 200,000 in this time.

You can secure the bulletins of the Experiment Station free by writing to the Director of the Agricultural Experiment Station, Lincoln, Neb.

Announcement.

I take this means to announce myself a candidate for the office of Police Judge of Alliance, for the ensuing term. I have held the office for one term, and have tried on all occasions to act for the best interests of the city. Having been for thirty years engaged in law business, I think myself fitted for the position. If chosen to fill the position, I promise to give the office the same careful attention which I have given to it during the term about to close.

Passing of a Pioneer.

Jesse Wright, father of Val and Mose Wright, who was one of the pioneer settlers of this county, died at his home in Indian Territory last week and the remains arrived today on 41 and taken to the home of his son Val who lives some fourteen or fifteen miles west of town. The funeral will take place tomorrow and interment will occur at the Carpenter cemetery. The deceased was one of the most popular residents of the early settlers and was a member of the Masonic order for 53 years. His widow, three sons, and four daughters survive him. Mr. Wright removed to Indian Territory about four years ago, where he since resided. Deceased was 81 years old.

School Notice.

A class for beginners in the first primary will be organized next Monday March 6th. Parents will take notice to see that the children be at the school house on the above date.

Contest Notice.

U. S. Land Office, Alliance, Neb., Jan. 26, 1905. A sufficient contest affidavit having been filed in the office of the Receiver at Alliance, Neb., against Homestead entry No. 3528, made May 11, 1903, for lots 1 and 2 and east 1/2 north 1/2 section 25, township 26n, range 49w, by Verney D. Morris, contestant, in which it is alleged that said A. Verney D. Morris never resided on said tract and his wholly abandoned said tract for more than one year before and that said alleged absence from the said land was not due to his employment in the army, but to his service in the United States as a private soldier, officer seaman or marine during the war with Spain or during any other war in which the United States may be engaged, said entry is hereby notified to appear, respond and offer evidence touching said allegation at 10 o'clock a. m. on the 29th day of March, 1905, before the Receiver at the United States Land Office at Alliance, Nebraska.

The said contest having, in a proper affidavit, filed Jan. 25, 1905, set forth facts which show that after due diligence personal service of the notice can not be made, it is hereby ordered that the said entry be taken by due and proper publication.
