NUMBER 14

A SALE ON
PRESS CUT GLASS
Saturday, March 25
at Lockwoods' Opening

We have just received over 2000 pieces of Press Cut Glass. The imitation is so perfect that it takes an expert to tell the difference between it and the genuine cut. The prices on these goods are going to be cut right in two. For instance:

A 4-piece Table Set that competition sells for \$2.00, LOCKWOODS' sale price **\$1.00**

A beautiful 8-inch Berry Dish, competitors' price 70c., LOCKWOODS' price **35c**

Of course we realize the more we sell of these goods at these prices the more money we lose, and we are losing it as an advertising medium, but they go just the same at the above prices. You will not have a week for a day in which to shop. The hours are between 2 and 5 o'clock.

Saturday Afternoon AT LOCKWOODS' OPENING

Remember, we give each person who registers at our store Saturday afternoon a Beautiful Picture. We have engaged the High School Orchestra for the entire afternoon, so all come and see if we are not doing things right.

BURGLARS SENTENCED

John Payne and Sanford Get Three Years, Johnson Gets Two—Holloway Granted Divorce.

Sanford Smith and John Payne were sentenced to three years each, at hard labor in the penitentiary, by Judge Westover, Tuesday morning at a special term of the district court.

William Johnson was sent up for two years for robbing the Eph Cornish saloon of six quarts of whiskey.

All three of them are colored men and each pled guilty as charged in the information, and all three asked for the leniency of the court. Payne had on one of the shirts, stolen, when he was sentenced. All three took their sentences without grumbling. At the time the sheriff went to the jail to bring the trio into court, they were all engaged in a game of cards, and all laid down their hands and followed the sheriff to the court room. In less than thirty minutes all had been sentenced and returned to the jail where they picked up their respective hands and resumed their card game where they left off, all apparently in the best of humor.

Henry C. Holloway was granted a divorce from Lucretia Holloway on the grounds of cruelty. She was given the custody of the child, an eight year old daughter, Holloway to pay the costs.

In the case of C. S. Morgan against Jas H. Skinner, a foreclosure case, the sale was confirmed.

Firemen's Ball.

One of the most delightful social events of the season was the B. of L. E. ball last Friday night at Zbinden's hall. The hall was beautifully decorated in honor of the occasion and St. Patrick. Music for the occasion was furnished by Spacht's orchestra, and Harry Sage, the Omaha prompter, added much to the pleasure of the occasion. A delightful lurchon was served on the ground floor of the building by the ladies of the order.

The credit for the success of the occasion was largely due to the following members of the order who had charge of the arrangements: C. B. Gibson, A. J. Cole, W. L. Austin, C. W. Tillet and J. Pendergast. The chairman of the floor committee was John Wiker. The reception committee was in charge of R. E. McCool.

The nominees of the caucus will now petition to go on the ticket as there is no provision in law to provide for a citizen or non partisan caucus. As practically all the candidates had pledged themselves to the same platform in advance. The result of the caucus showed preferences for men for each position.

Funeral of Mrs. Richards.

The death of Mrs. J. F. Richards, of this city last Sunday afternoon was not entirely unexpected and yet it came as a shock to her friends. She had been sick since last fall with a complication of lagrippe and pneumonia. She leaves a husband and six children to mourn her loss. The funeral was conducted from the Baptist church of which she was a consistent and devout member, Tuesday afternoon, Rev. Jeffers conducting the ceremony. Interment in Greenwood cemetery.

New Train to Guernsey.

Beginning April 9 the Burlington will put on a new train to Guernsey, on Tuesday, Thursday and Saturday, alternating with the accommodation. This will give the people on the Guernsey line daily service for which they have clamored for some time. With the development of the Pathfinder Irrigation project in course of development there will be still better train service on that line, as the development of the country will demand it.

Thank Offering Service.

RUSTLERS CONVICTED

Anderson and Duncan Found Guilty at Sidney and Sentenced to Penitentiary for Three Years.

The cases of the state against Herbert A. Anderson and Kirk Duncan, charged with cattle stealing, were tried at Sidney last week and both parties were found guilty and sentenced to three years in the penitentiary. Several witnesses from Alliance were at Sidney last Friday to testify in the case against Anderson.

In speaking of the trials, the Sidney Telegraph says:

"The case of the state vs Anderson was taken up Wednesday afternoon. This is the case wherein defendant H. M. Anderson, living over in Box Butte county north of Alliance, is charged with having come down into Cheyenne county on last December, and driven off several head of cattle belonging to Mrs. Ellen Dodge who lives at Grand Island but who has a ranch in the north part of Cheyenne county in charge of her brother, Mr. Abbott. The jury was given the case just before noon, Friday, and after being out but a few minutes, returned with a verdict of guilty, fixing the value of the seven cattle taken at \$150."

The case of the state of Nebraska vs Kirk Duncan was called Thursday morning. This is the case in which defendant was charged with stealing a steer from Miller Robison of Bridgeport. The case was given to the jury on Wednesday afternoon and after remaining out all night, they brought in a verdict of guilty, and found the value of the animal taken to be twenty dollars. This is considered quite a victory for the state as the jury at last term of court could not agree, although over half of the jurors favored acquittal and it is generally thought disagreement is almost equal to an acquittal. The verdict seems to give general satisfaction."

School Report.

To the Board of Education and patrons of the Alliance City schools:
Find herewith appended a partial list for the month ending March 31, 1905.

Total enrolled to date.....	827
Number of tardies.....	19
Percent of punctuality.....	89.02
Neither absent nor tardy for the month.....	265
Neither absent nor tardy to date.....	77
Number present every day.....	374
Number of visitors.....	119
Teachers absent from school without substitute (half days).....	2
Teachers tardy at school.....	1
Teachers absent with substitute.....	27
Teachers absent from teachers' meeting.....	4
Teachers' visits to patrons.....	29
Teachers tardy at Teacher's Meeting.....	3

The High school retains the flag for another month. Can not one of the grade rooms wrest the flag from the High school next month? The following rooms were perfect in punctuality: High school, seventh grade, sixth grade, fifth grade, fourth grade, second primary, all in the Central building, and first and second primary room, and third and fourth primary, room in the Emerson building. It is due to the fifth grade in Central building to state that in that room there has not been one tardy mark this year, though the irregularity of attendance of a few of the pupils has prevented the room from holding the flag.

The many expressions of satisfaction made by the patrons of the school with reference to the school exhibit was a source of gratification to the teachers, and went far toward compensating for the extra work entailed in the preparation of the matter for the exhibit.

Should our contestant in the state contest come off victorious—who doubts it—the Alliance schools and city shall have every reason for felicitations for the year's work in the schools. Respectfully submitted,
W. H. BARTZ, Supt.

Hill Home on Fire.

A fire started at the home of E. C. Hill, caused by a home patent incubator, was the event of quite a little excitement in this city last Sunday. While the family was at church one of their neighbors noticed smoke coming from the roof, and promptly gave the alarm. The department arrived at the scene just as the fire was extinguished, and found that one corner of the room, where the incubator was located, had been afire and burnt through the second floor, but luckily had been put out before much damage had been done.

Soil Culture Special.

Friday night at 6:50 the Burlington soil culture special train will be in Alliance with representatives of the State University who will lecture on "Arid Land Soil Culture" to all who are interested in the subject. The train will be provided with special coaches to accommodate the crowd. You simply go to the station at 6:50 and get on the car and listen to the latest, best and most approved methods

of producing crops in this territory. If you expect to farm in this country it will pay you to attend this meeting. It is free, it costs nothing to hear what the most advanced farmers in the country have learned. Then apply it if it suits your case. There will be plenty of room on the train for you.

The state is paying good money every year to learn the best methods of farming in every part of the state and the railroad company is helping the good work along. They know that if you grow more and better crops they will have more to haul and yourself, the railroad and the state will profit by it. By all means go and hear it.
